Title: AdsML™ Process Working Group Charter
Document name: AdsML-Pr-WG-Charter-v.1.0.doc
This version number: 1.0
Version history:
2003-04-03 Version 1.0 published
Status: Approved
Audience: Members of the AdsML Consortium and interested parties
Owner: AdsML Process Working Group (process.wg@adsml.org)
Abstract
This document is the Charter for the AdsML Process Working Group, completed in accordance with AdsML Process Document.

Name of Working Group:
AdsML Process Working Group

Chair of Working Group:
Mark Stone (RivCom)

Vice-Chair of Working Group:
David Jones (Vio Worldwide)

Participants (and roles, if appropriate):
John Iobst (NAA)
Christian Ratenburg (CCI Europe)

Mission:
The Mission of the Process Working Group is to develop and maintain the AdsML Charter and Process Document; to define and maintain the rules, processes and procedures that the Consortium follows; and to ensure, on behalf of the Consortium, that these rules, processes and procedures are followed.

Scope:

The Process Working Group works with the other bodies of the Consortium to ensure that they follow due process in their activities. These other bodies may request changes to the Process Document and Charter based on their experience. For this reason, it is recommended that the Process Working Group has representation on the other Working Groups.

The Process Working Group is responsible for resolving any disputes that cannot be resolved by the Chair of a Working Group. If the Process Working Group is unable to resolve a dispute satisfactorily, then the dispute is referred to the Steering Committee.

The Process Working Group reports to the Consortium and to the Steering Committee. Any appeal against the actions or decisions of the Process Working Group should be made to the Steering Committee.

Deliverables:
The AdsML Charter
The AdsML Process Document (including the AdsML Specifications Approval Process)

Milestones (with dates for completion):
