

Activity	<a href="#">ActivityType</a> <a href="#">extends SuperType</a>	Details about an activity or process that occurs. An activity may encompass a period of time and multiple events.
ActivityAbstracter.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or an organization that abstracted a particular set of information about an activity.
ActivityAbstracter.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or an organization that abstracted a particular set of information about an activity.
ActivityApprovalPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who reviewed, signed off, or otherwise approved the information as a whole.
ActivityAssistingPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person assisting with an activity function such as an arrest.
ActivityClearer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or an organization that cleared a particular activity.
ActivityClearer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or an organization that cleared a particular activity.
ActivityCollectedEvidence	<a href="#">EvidenceType</a> <a href="#">extends SuperType</a>	Evidence actually collected as part of an activity
ActivityCommentText	<a href="#">TextType</a>	A note or comment about an activity.
ActivityComplainantAttorney	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The complainant's attorney in a court case.
ActivityComplainantPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The complainant in a court case or activity.
ActivityCompletedIndicator	<a href="#">j-xsd:boolean</a>	True if an activity or process was completed; false otherwise.
ActivityCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	The court associated with an activity.
ActivityCrimeCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	A reference to the originating case agency number (OCA) or case file associated with an activity.
ActivityCrimePotentialCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	An association that is part of the justification for a field interview activity, e.g., the reason for talking with a person or a possible crime.
ActivityDate	<a href="#">j-xsd:date</a>	A date of an activity that occurs at a singular point in time or a start date of an activity that occurs over a period of time.
ActivityDefenseAttorney	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A defense attorney in a court case.

ActivityDescriptionText	<a href="#">TextType</a>	A description or narrative of the activity or process that occurred.
ActivityDetainedLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location at which a person was detained due to an activity, e.g., nonviolent protesters detained at RFK stadium or the location where detained for a booking.
ActivityDispatcher	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person assigning people or units to respond to an activity or location.
ActivityDispatchLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location in a call for service-type activity to which units are dispatched. This may differ from the reported Location for the activity, which is the origin of the call.
ActivityDisposition	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A hard-copy documenting the disposition of a case or a charge.
ActivityDistrictAttorney	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A district attorney (DA) associated with a case.
ActivityDocket	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A court number or docket number associated with an activity within a court case.
ActivityDocument	<a href="#">WarrantType</a> <a href="#">extends CourtOrderType</a>	A document relating to an activity, such as a warrant or a booking slip.
ActivityDocumentIssuerOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency issuing any legal document. This is typically associated with a warrant-type activity.
ActivityDocumentServer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization responsible for service of a legal document, e.g., a warrant or a restraining order.
ActivityDocumentServer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization responsible for service of a legal document, e.g., a warrant or a restraining order.
ActivityDocumentValidator.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization to contact to validate a document, such as a warrant.
ActivityDocumentValidator.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization to contact to validate a document, such as a warrant.
ActivityEndDate	<a href="#">j-xsd:date</a>	An end or completion date of an activity that occurs over a duration of time.
ActivityEndTime	<a href="#">j-xsd:time</a>	An end or completion time of an activity that occurs over a period of time.
ActivityEvidenceLedger	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A ledger containing the written record of evidence associated with an activity, e.g., narcotic, money, storage.
ActivityID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier that uniquely refers to an activity or process that occurred.

ActivityInformant	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person providing information associated with the activity.
ActivityInitiatingInstrument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A document that officially initiated a process or court case.
ActivityInvestigator	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person investigating an activity.
ActivityIssuingJudge	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A judge that issues the warrant or court order.
ActivityItemObtainer	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who obtained the item in question.
ActivityLabReceipt	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A written lab receipt for evidence associated with the activity.
ActivityNarrativeDocument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	Comments entered as a narrative for incident objects.
ActivityOfficial.Enforcement	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official associated with an activity
ActivityOfficial.Judicial	<a href="#">JudicialOfficialType</a>	An official associated with an activity
ActivityOriginatingDocument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A document that started or originated the activity.
ActivityOwner	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An owner of a property item such as a vehicle associated with the activity. Should not be used if multiple vehicles appear in the activity, with different owners.
ActivityPhoneOperator	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A telephone operator associated with an activity. Generally used for a CallForService-type activity.
ActivityPreviousActivity	<a href="#">ActivityType</a> <a href="#">extends SuperType</a>	A previous activity associated with the current activity.
ActivityPreviousCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	A previous case associated with the current activity.
ActivityPreviousCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	The court previously associated with an activity. This is associated with a court case activity.
ActivityPreviousIncident	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	A previous incident associated with the current activity.
ActivityPrimaryOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The organization primarily associated with the activity.
ActivityPrimaryWorker	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The primary worker supporting a juvenile.
ActivityReasonText	<a href="#">TextType</a>	A reason why an activity or process occurred.

ActivityRegistration	<a href="#">PropertyRegistrationType</a> <a href="#">extends SuperType</a>	A registration associated with an activity.
ActivityReleaser	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who released either information, property, or a person in an activity.
ActivityReporter	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who reported or observed an incident or an activity.
ActivityReportingOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The organization for which units responded to an incident.
ActivityRequestedEvidence	<a href="#">EvidenceType</a> <a href="#">extends SuperType</a>	Evidence that has been requested to be collected, as part of an activity.
ActivityResponsibleOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The public-safety agency responsible for the activity. For Parole, this is the parole agency. For Pawn, this is the agency monitoring pawnshops.
ActivityResultDate	<a href="#">j-xsd:date</a>	A date that a result of an activity or process occurred.
ActivityResultText	<a href="#">TextType</a>	A result or outcome of an activity.
ActivityResultTime	<a href="#">j-xsd:time</a>	A time that a result of an activity or process occurred.
ActivitySecondaryServiceAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A secondary agency serving a warrant or other legal document. Not listed by the court as the primary service agency.
ActivitySeizedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	Property or money that was seized in an associated activity.
ActivitySeverestInjury	<a href="#">InjuryType</a> <a href="#">extends SuperType</a>	The most severe injury involved in the activity.
ActivityStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	Details about a status of an activity or process.
ActivitySupervisingOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency or other organization supervising a person, e.g., an inmate, parolee, probationer, or juvenile.
ActivitySupplementalDocument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	Additional documents relating to an activity.
ActivitySuspect	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A suspect associated with an activity.
ActivityTime	<a href="#">j-xsd:time</a>	A time of an activity that occurs at a singular point in time or a start time of an activity that occurs over a period of time.
ActivityTypeText	<a href="#">TextType</a>	A type of activity or process that occurred.

ActivityUnknownAffiliate	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person attached in a Records Management System (RMS) to an activity whose involvement cannot be determined.
ActivityUpdateIndicator	<a href="#">j-xsd:boolean</a>	True if details about an activity is an update to previous activity details received.
ActivityUsedForce	<a href="#">ForceType</a> <a href="#">extends ActivityType</a>	The force, tool, or weapon used in an incident activity.
ActivityVehicleOperator	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person operating the vehicle associated with an activity. This context may also be used between Vehicle and Person for complex activities.
ActivityVictim	<a href="#">VictimType</a> <a href="#">extends SuperType</a>	The victim or person that was the target of an activity. Note that a Target object indicates the property or other non-person entity that is the target of an incident.
ActivityWitness	<a href="#">WitnessType</a> <a href="#">extends PersonType</a>	A person who saw something connected with the activity, or a person testifying in court.
Actor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A legal person in the court system. This is either a person, organization, or property item.
Actor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A legal person in the court system. This is either a person, organization, or property item.
Actor.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A legal person in the court system. This is either a person, organization, or property item.
Address	<a href="#">AddressType</a> <a href="#">extends SuperType</a>	A postal location to which paper mail can be directed.
AddressComponentDescriptionText	<a href="#">TextType</a>	A description of a miscellaneous address component.
AddressComponentText	<a href="#">TextType</a>	A value of the miscellaneous address component.
AddressFullText	<a href="#">TextType</a>	A complete address to be used when the address components cannot be broken down into the JXDD components.
AddressGrid	<a href="#">AddressGridType</a> <a href="#">extends SuperType</a>	Details about a specific geographic area of a law enforcement agency's jurisdiction.
AddressGridID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier of an address grid.
AddressGridText	<a href="#">TextType</a>	A relationship between an address and a law enforcement agency's grid.
AddressMailDeliveryUnitText	<a href="#">TextType</a>	A complete Post Office box number or other mail delivery point for a location, e.g., "PO BOX 12345"

AddressOther	<a href="#">AddressComponentType</a> <a href="#">extends SuperType</a>	An undefined address component to be labeled and tracked.
AddressPrivateMailboxText	<a href="#">TextType</a>	Identifies a private mailbox within a company. Sometimes referred to as a Mail stop Code.
AddressRecipientName	<a href="#">TextType</a>	A person, organization, or other recipient associated with an address to whom paper mail may be sent.
AddressRegionFullText	<a href="#">TextType</a>	A single reference to a city, state, and postal code. This is customarily the third line in an address.
AddressRouteName	<a href="#">TextType</a>	The name and number of a postal route.
Affiliate	<a href="#">AffiliateType</a> <a href="#">extends SuperType</a>	Details about a person or organization that has a membership-like relationship or association with an organization.
AffiliateDescriptionText	<a href="#">TextType</a>	A description of the relationship or association one party has with another party.
AffiliateName	<a href="#">TextType</a>	A name of a person, organization or actor that has a relationship or association with another person organization or actor.
AffiliateParty.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization that has a relationship with another party.
AffiliateParty.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization that has a relationship with another party.
AffiliateRoleText	<a href="#">TextType</a>	A part or function one party performs for another party.
AffiliateStartDate	<a href="#">j-xsd:date</a>	A date an affiliation began.
AffiliateTypeText	<a href="#">TextType</a>	A type of relationship between two parties. For an organization, this may be a parent company, child company, spin-off, division, subdivision.
AgeMeasure	<a href="#">AgeMeasureType</a> <a href="#">extends MeasureType</a>	A representation of an age.
Agency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An division of a governmental or international body.
Aircraft	<a href="#">AirCraftType</a> <a href="#">extends VehicleBasicsType</a>	Details about a mode of transportation capable of flying in the air.
AircraftAirportID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifying number of an airport at which an aircraft lands or is kept. Sometimes referred to as an airport code.
AircraftAirportName	<a href="#">TextType</a>	A name of an airport at which an aircraft lands or is kept.
AircraftEngineQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of engines on an aircraft.
AircraftFuselageColorCode	<a href="#">j-ncic:VCOType</a>	A code identifying a color of a fuselage of an aircraft.

AircraftFuselageColorText	<a href="#">TextType</a>	A color of a fuselage of an aircraft.
AircraftMakeCode	<a href="#">j-ncic:VMAType</a>	A code identifying a manufacturer of an aircraft.
AircraftModelCode	<a href="#">j-ncic:VMOType</a>	A code identifying a specific design or type of vehicle made by a manufacturer.
AircraftStyleCode	<a href="#">j-ncic:VSTType</a>	A code identifying a style of a vehicle.
AircraftTailID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of an aircraft. Sometimes referred to as a tail number.
AircraftWingColorCode	<a href="#">j-ncic:VCOType</a>	A code identifying a color of the wings of an aircraft.
AircraftWingColorText	<a href="#">TextType</a>	A color of the wings of an aircraft.
AircraftYearDate	<a href="#">j-xsd:gYear</a>	A year which is assigned to a vehicle by the manufacturer.
Alert	<a href="#">AlertType</a> <a href="#">extends ActivityType</a>	Details about an alert used to notify agencies and public systems of an emergency.
AlertAudienceDescriptionText	<a href="#">TextType</a>	A description of the target audience of an alert.
AlertAudioURLID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A link to a digital audio file that is associated with an alert.
AlertCertaintyCode	<a href="#">j-cap:AlertCertaintyCodeType</a>	A code identifying a likeliness of an occurrence of an event that raised an alert.
AlertCertaintyText	<a href="#">TextType</a>	A likeliness of occurrence of an event that raised an alert.
AlertContactInformation	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	Details about contact information for follow-up and confirmation.
AlertContactText	<a href="#">TextType</a>	Contact information for follow-up and confirmation associated with an alert.
AlertEffectiveDate	<a href="#">j-xsd:date</a>	A date the alert information takes effect.
AlertEffectiveTime	<a href="#">j-xsd:time</a>	A time the alert information takes effect.
AlertEventCategoryCode	<a href="#">j-cap:AlertEventCategoryCodeType</a>	A code identifying the category of the event that raised an alert.
AlertEventCategoryText	<a href="#">TextType</a>	A category of the event that raised an alert.
AlertEventDescriptionText	<a href="#">TextType</a>	An extended description of an event that raised an alert.
AlertEventTypeText	<a href="#">TextType</a>	A specific type of event that occurred that raised an alert.
AlertExpiresDate	<a href="#">j-xsd:date</a>	A date on which the alert is no longer valid.
AlertExpiresTime	<a href="#">j-xsd:time</a>	A time at which the alert is no longer valid.
AlertHeadlineText	<a href="#">TextType</a>	A headline or title for an alert.
AlertImageURLID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A link to a digital image file that is associated with an alert.
AlertInformationURLID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A link to additional information about an alert or event.

AlertInstructionText	<a href="#">TextType</a>	A recommended action to be taken by recipients in response to an alert.
AlertOnsetDuration	<a href="#">j-xsd:duration</a>	A duration until the expected beginning of an event that raised an alert.
AlertParameterCodeText	<a href="#">TextType</a>	A technical parameter associated with an event that raised an alert.
AlertSenderDescriptionText	<a href="#">TextType</a>	A name or description of the alert originator.
AlertSeverityCode	<a href="#">j-cap:AlertSeverityCodeType</a>	A code identifying a severity level of an event that raised an alert.
AlertSeverityText	<a href="#">TextType</a>	A severity level of an event that raised an alert.
AlertTargetCodeText	<a href="#">TextType</a>	A system-specific code for message targeting.
AlertUrgencyCode	<a href="#">j-cap:AlertUrgencyCodeType</a>	A code identifying an urgency of an event that raised an alert.
AlertUrgencyText	<a href="#">TextType</a>	An urgency level of an event that raised an alert.
AmendedSentence	<a href="#">SentenceType</a> <a href="#">extends ActivityType</a>	A new sentence term and conditions that replace a previous sentence.
Amount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A representation of an amount of money.
AppellateCase	<a href="#">AppellateCaseType</a> <a href="#">extends CaseType</a>	Details about a single case heard by the Court of Appeals (Intermediate Court of Appeal) or Supreme Court (The Court of Last Resort). This case does not retry the original case but determines whether the original case was tried properly and the defendant received a fair trial.
AppellateCaseBrief	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A document written by prosecution or defense summarizing why a lower court acted correctly or incorrectly.
AppellateCaseDecision	<a href="#">AppellateCaseDecisionType</a> <a href="#">extends SuperType</a>	A statement by a judge or court of a decision reached in regard to an appeal. This may be an opinion or an order.
AppellateCaseDecisionDate	<a href="#">j-xsd:date</a>	A date that an issuing judge signs an Opinion or issues an Order.
AppellateCaseDecisionDescriptionText	<a href="#">TextType</a>	A description of an appellate case decision.
AppellateCaseDecisionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of an appellate case decision.
AppellateCaseDecisionIssuingJudge	<a href="#">JudicialOfficialType</a>	A judge that issues, orders, or authors an appellate case decision.
AppellateCaseDecisionName	<a href="#">TextType</a>	A name of an opinion or order that is a result of an appellate case decision.

AppellateCaseDecisionOpinionIndicator	<a href="#">j-xsd:boolean</a>	True if an appellate case decision refers to an opinion issued; false if it refers to an order issued.
AppellateCaseDecisionPrecedenceIndicator	<a href="#">j-xsd:boolean</a>	True if an appellate case decision opinion or order is worthy of setting an example or justification for a later decision; false otherwise.
AppellateCaseDecisionReliefEffectiveDate	<a href="#">j-xsd:date</a>	A date relief is to be made to a person as stated in an appellate case decision.
AppellateCaseDecisionReliefIndicator	<a href="#">j-xsd:boolean</a>	True if an appellate case decision states any relief assistance be provided to a defendant; false otherwise.
AppellateCaseDecisionText	<a href="#">TextType</a>	A decision of the appellate court about a case. For example, Reaffirmation, Dismissal, Order Opinion, etc.
AppellateCaseDecisionTypeText	<a href="#">TextType</a>	A type of appellate case decision made, e.g., opinion, order.
AppellateCaseJudgePanel	<a href="#">JudgePanelType</a>	A panel of judges presiding over an appellate case. Normally there are three appellate judges, but there may be the entire membership of the Court of Appeals or Supreme Court.
AppellateCaseNotice	<a href="#">AppellateCaseNoticeType</a> <a href="#">extends DocumentType</a>	A request filed with an appellate court to start an appellate case. Sometimes referred to as a Notice of Appeal.
AppellateCaseNoticeDefendantActor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person, organization, or property that was originally tried in a case.
AppellateCaseNoticeDefendantActor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person, organization, or property that was originally tried in a case.
AppellateCaseNoticeDefendantActor.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A person, organization, or property that was originally tried in a case.
AppellateCaseNoticeDefendingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A firm reported in an appellate case notice that originally defended a case.
AppellateCaseNoticeFilingCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	An appellate court where a notice of appeal is filed in hopes of being reviewed.
AppellateCaseNoticeOriginalCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court where a case was originally tried.
AppellateCaseNoticeProsecutingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A firm reported in an appellate case notice that originally tried a case.
AppellateCaseNoticeProsecutingAttorney	<a href="#">JudicialOfficialType</a>	An attorney reported in an appellate case notice that originally tried a case.
AppellateCaseNoticeReasonText	<a href="#">TextType</a>	A statement explaining the reason for an appeal.

AppellateCaseOriginalCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	An original case that is being retried in an appellate court.
AppellateCaseRelatedCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	A case related to a case being tried in an appellate court.
AppellateCaseSanction	<a href="#">SanctionType</a> <a href="#">extends ActivityType</a>	A sanction ordered for a subject by a judge or a supervising agency as a result of a disposition of a charge.
Area	<a href="#">AreaType</a> <a href="#">extends SuperType</a>	Details about the boundaries of a geographic area of location.
AreaCircularRegion	<a href="#">CircularRegionType</a> <a href="#">extends SuperType</a>	A circular area described by the center and the radius of the circle.
AreaCircularText	<a href="#">TextType</a>	A description of a circular area.
AreaDescriptionText	<a href="#">TextType</a>	A description of an area.
AreaGeographicCodeText	<a href="#">TextType</a>	Any local or map-specific geographically-based code to describe an area.
AreaPolygonGeographicCoordinate	<a href="#">GeographicCoordinateType</a> <a href="#">extends SuperType</a>	A coordinate of a point or vertex on a polygon.
AreaPolygonText	<a href="#">TextType</a>	A description of a geographic polygon.
Arrest	<a href="#">ArrestType</a> <a href="#">extends ActivityType</a>	Details about the apprehension of a subject by a peace official based on an observed or a reported violation of a law or ordinance, an outstanding arrest warrant, or probable cause information.
ArrestAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency which employs the arresting official.
ArrestAgencyRecordID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A records management system number of the originating case agency for an arrest. This may be the booking number or the Records Management System number. Sometimes referred to as Originating Case Agency (OCA) number.
ArrestApprehensionDetentionOrder	<a href="#">CourtOrderType</a> <a href="#">extends ActivityType</a>	An order issued by a judge or the Department of Corrections to arrest a subject for technical violation of probation, parole, supervised release or institution status.
ArrestArraignmentDate	<a href="#">j-xsd:date</a>	A date a subject is due to appear in court after an arrest to answer the charges filed.
ArrestArraignmentTime	<a href="#">j-xsd:time</a>	A time a subject is due to appear in court after an arrest to answer the charges filed.
ArrestBailRecommendationText	<a href="#">TextType</a>	A bail amount on a schedule recommended according to the offense(s).

ArrestBloodAlcoholContentNumberText	<a href="#">TextType</a>	A blood-alcohol percentage reading from a Blood Alcohol Test (BAC Test). A blank value represents "not tested".
ArrestCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A formal allegation of a violation of a statute and/or ordinance in association with an arrest.
ArrestIntoxicantInvolvedIndicator	<a href="#">j-xsd:boolean</a>	True if drugs or alcohol were involved in an arrest; false otherwise.
ArrestInvolvedOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization associated with an arrest.
ArrestInvolvedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A piece of property associated with an arrest.
ArrestInvolvedWeapon	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A description of a weapon associated with an arrested subject.
ArrestLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where a subject was arrested.
ArrestOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official who makes an arrest.
ArrestProbableCauseText	<a href="#">TextType</a>	An observed or reported violation of a law or ordinance, which can be a sufficient cause to arrest a subject.
ArrestRelease	<a href="#">ReleaseType</a> <a href="#">extends ActivityType</a>	Details about a release of a subject from an arrest.
ArrestResistedIndicator	<a href="#">j-xsd:boolean</a>	True if a subject resisted arrest; false otherwise.
ArrestSequenceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A sequential number assigned to the arrest of a subject.
ArrestSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is arrested.
ArrestSubjectCountCode	<a href="#">j-nibrs:MultipleArresteeSegmentsCod</a>	A code identifying whether or not to count or score an arrested subject in a system to avoid duplicate counts in the event that the subject may be a part of multiple arrests.
ArrestSubjectCustodyTransfer	<a href="#">CustodyTransferType</a> <a href="#">extends ActivityType</a>	A transfer of custody or transportation of a subject from one peace official or location to another.
ArrestSubjectRightsReadIndicator	<a href="#">j-xsd:boolean</a>	True if a person's legal rights (Miranda Rights) were read to a subject during an arrest; false otherwise.
ArrestSubjectRightsReadResponseText	<a href="#">TextType</a>	A subject's response after legal rights were read, e.g., invoked, waived, confessed, requested attorney.
ArrestSummonsIndicator	<a href="#">j-xsd:boolean</a>	True if an arrest occurred due to a summons; false otherwise.

ArrestTypeCode	<a href="#">j-nibrs:ArrestTypeCodeType</a>	A code identifying a type of arrest that occurred.
ArrestWarrant	<a href="#">WarrantType</a>	A court authorized order which commands a peace official to arrest a subject and bring that subject before the court.
Assessment	<a href="#">extends CourtOrderType</a> <a href="#">AssessmentType</a> <a href="#">extends ActivityType</a>	Details about an evaluation or an assessment of a subject. For example, gambling, psychological, chemical dependency, psycho-sexual, etc. Evaluations are frequently done in the context of pre-plea and pre-sentencing investigations (PSI).
AssessmentAdministrator.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency or person performing an assessment and evaluating a subject.
AssessmentAdministrator.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An agency or person performing an assessment and evaluating a subject.
AssessmentBillRecipient.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency or person billed for an assessment.
AssessmentBillRecipient.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An agency or person billed for an assessment.
AssessmentFee	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	An amount of money charged to conduct an assessment.
AssessmentProgram	<a href="#">ProgramType</a> <a href="#">extends SupervisionType</a>	A program a subject attends in which an assessment is made.
AssessmentRecommendationText	<a href="#">TextType</a>	A recommendation or result of the an assessment.
AssessmentReferral	<a href="#">ReferralType</a> <a href="#">extends ActivityType</a>	An order or direction from a person or organization to a subject to undergo an assessment.
AssessmentScoreText	<a href="#">TextType</a>	An evaluation score of an assessment.
AssessmentSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person required to undergo an assessment.
AssessmentSupervisor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A supervising agency or person that reviews the way an assessment is carried out.
AssessmentSupervisor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A supervising agency or person that reviews the way an assessment is carried out.
Attorney	<a href="#">JudicialOfficialType</a>	A person admitted to practice law in his or her respective state and authorized to perform both civil and criminal legal functions for clients. May include, but not limited to: Prosecuting attorney, public defender, attorney general, defense attorney.

Bail	<a href="#">BailType</a> <a href="#">extends ActivityType</a>	Details about a commitment made (and possibly secured by cash or property) to secure the release of a subject being held in custody and suspected of a crime. Bail is designed to provide some kind of guarantee that a subject will reappear to answer the charges in court at some later date.
BailConditionDescriptionText	<a href="#">TextType</a>	A condition that must be met in order for a subject to post bail.
BailHearingDate	<a href="#">j-xsd:date</a>	A date of a court hearing to determine the bail to be set.
BailPostedAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	An amount of bail payed.
BailPostedBond	<a href="#">BondType</a> <a href="#">extends ActivityType</a>	A bond that was posted for bail.
BailPostedDate	<a href="#">j-xsd:date</a>	A date a subject posts or secures bail.
BailRequirementText	<a href="#">TextType</a>	A description of the bail requirement set at a court hearing.
BailRevokedDate	<a href="#">j-xsd:date</a>	A date bail is revoked.
BailSetAmountText	<a href="#">TextType</a>	An amount of bail set for defendant.
BailSetCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court that assigns a bail to a subject.
BailSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is assigned bail.
Binary	<a href="#">BinaryType</a> <a href="#">extends SuperType</a>	A digital representation of an object encoded in a binary format.
BinaryCaptureDate	<a href="#">j-xsd:date</a>	A date on which the data represented by the binary object is captured, e.g., an image taken or an audio recorded.
BinaryCaptureOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization which captured or created a binary.
BinaryCapturePerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who captured or created a binary.
BinaryCaptureTime	<a href="#">j-xsd:time</a>	A time at which the data represented by the binary object is captured, e.g., an image taken or an audio recorded.
BinaryDescriptionText	<a href="#">TextType</a>	A textual description of a binary object.
BinaryFormatText	<a href="#">TextType</a>	A format of a binary object, e.g., "image/jpeg".
BinaryFormatTypeText	<a href="#">TextType</a>	A format type of a binary object, e.g., "MIME".
BinaryID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifying number or string for the encoded data.

BinaryObject.Base64	<a href="#">j-xsd:base64Binary</a>	A binary encoding of data, e.g., a binary encoding of a picture, photo, image, graphic, sound, or video.
BinaryObject.Hex	<a href="#">j-xsd:hexBinary</a>	A binary encoding of data, e.g., a binary encoding of a picture, photo, image, graphic, sound, or video.
BinaryReferenceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	Identifies a url or file reference of the binary object.
BinarySizeValue	<a href="#">j-xsd:integer</a>	A size of a binary object in kilobytes.
BinaryTypeText	<a href="#">TextType</a>	A type of binary object that is encoded, e.g., mug shot, driver license picture, audio confession.
Biometric	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	Information used to measurable a biological or behavioral characteristic, which can reliably recognize the identity, or verify the claimed identity, of a person.
BiometricAccuracyDescriptionText	<a href="#">TextType</a>	A description of the believed accuracy of a biometric identification.
BiometricBinary	<a href="#">BinaryType</a> <a href="#">extends SuperType</a>	A binary representation of a biometric sample.
BiometricCaptureDate	<a href="#">j-xsd:date</a>	A date a biometric sample was collected.
BiometricCaptureDescriptionText	<a href="#">TextType</a>	A description of how a biometric sample was collected.
BiometricCaptureOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that collected a biometric sample.
BiometricCapturePerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person that collected a biometric sample.
BiometricCaptureSourceText	<a href="#">TextType</a>	A source or location from which a biometric sample was collected.
BiometricCaptureTime	<a href="#">j-xsd:time</a>	A time a biometric sample was collected.
BiometricDescriptionText	<a href="#">TextType</a>	A description of a biometric.
BiometricEncodingMethodText	<a href="#">TextType</a>	A method used to encode a biometric.
BiometricID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier used to uniquely refer to a biometric.
BiometricImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	A picture of a biometric sample.
BiometricLabAnalysisText	<a href="#">TextType</a>	An analysis of a biometric sample.
BiometricRepositoryDescriptionText	<a href="#">TextType</a>	A description of the storage of a biometric sample.
BiometricRepositoryOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that is responsible for the storage of a biometric sample.
BiometricStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a biometric, e.g., tested, scheduled.

BiometricTestDate	<a href="#">j-xsd:date</a>	A date a biometric sample was tested.
BiometricTestDescriptionText	<a href="#">TextType</a>	A description of how a biometric sample was tested.
BiometricTestMethodText	<a href="#">TextType</a>	A method used to test a biometric sample.
BiometricTestOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that tested a biometric sample.
BiometricTestPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who tested a biometric sample.
BiometricTestTime	<a href="#">j-xsd:time</a>	A time a biometric sample was tested.
BiometricValueText	<a href="#">TextType</a>	A textual representation of the value of a biometric.
Boat	<a href="#">BoatType</a> <a href="#">extends VehicleBasicsType</a>	Details about a vessel for transport by water, constructed to provide buoyancy by excluding water and shaped to give stability and permit propulsion.
BoatColorCode	<a href="#">j-ncic:BCOType</a>	A code identifying the color of a vessel.
BoatHullID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier found on a vessel's hull.
BoatHullMaterialCode	<a href="#">j-ncic:HULType</a>	A code identifying a primary construction material of a vessel's hull.
BoatHullMaterialText	<a href="#">TextType</a>	A primary construction material of a vessel's hull.
BoatHullShapeCode	<a href="#">j-ncic:HSPTType</a>	A code identifying a shape and configuration of a hull on a vessel.
BoatHullShapeText	<a href="#">TextType</a>	A hull shape and configuration on a vessel.
BoatMakeCode	<a href="#">j-ncic:BMAType</a>	A code identifying the manufacturer of a vessel.
BoatPropulsionCode	<a href="#">j-ncic:PROType</a>	A code identifying a mode of propulsion of a vessel.
BoatPropulsionText	<a href="#">TextType</a>	A mode of propulsion of a vessel.
BoatRegistrationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to a vessel by the coast guard or another vessel licensing organization.
BoatTrailerMakeCode	<a href="#">j-ncic:BTMAType</a>	A code identifying a make of a boat trailer.
BoatTrailerMakeName	<a href="#">TextType</a>	A make of a boat trailer.
BoatTypeCode	<a href="#">j-ncic:BTYType</a>	A code identifying the type of a vessel.
Bond	<a href="#">BondType</a> <a href="#">extends ActivityType</a>	Details about an agreement between a bondsman and a subject in which a bondsman pays the subject's bail or portion of the bail in exchange for certain conditions, including the payment of a certain amount of money and the reappearance of the subject in court on the required date.
BondAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	Amount of bond

BondConditionDescriptionText	<a href="#">TextType</a>	A description of a condition or requirement for a subject attached to a bond.
BondIssuer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization who issues a bond. Sometimes referred to as a bondsman.
BondIssuer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization who issues a bond. Sometimes referred to as a bondsman.
BondPaymentDescriptionText	<a href="#">TextType</a>	A description of what a subject pays for a bond.
BondRevokeDate	<a href="#">j-xsd:date</a>	A date a bond is revoked.
BondSuretyName	<a href="#">TextType</a>	A name of a person or organization who has agreed to be responsible for a subject.
BondTerminationDate	<a href="#">j-xsd:date</a>	A date a bond no longer is in effect.
BondTerminationTypeText	<a href="#">TextType</a>	A way a bond is no longer in effect.
Booking	<a href="#">BookingType</a> <a href="#">extends ActivityType</a>	Details about an administrative step taken after an arrested subject is brought to a police station or detention facility, which involves entry of the subject's name and other relevant facts on the police "blotter", and which may also include photographing, fingerprinting, and the like.
BookingAdditionalChargesIndicator	<a href="#">j-xsd:boolean</a>	True if a subject has more charges for which to be booked; false otherwise.
BookingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization which processes a booking.
BookingAgencyRecordID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A booking identifier of the originating case agency. This identifier may be the booking number or the Originating Agency Report (Incident) number or a combination of both. Also known as the Originating Case Agency (OCA) number.
BookingArraignmentDate	<a href="#">j-xsd:date</a>	A date a subject is due to appear in court to answer the charges filed.
BookingArraignmentTime	<a href="#">j-xsd:time</a>	A time a subject is due to appear in court to answer the charges filed.
BookingCourtCaseID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier for the cause of a booking. Sometimes referred to as a warrant or commitment number.
BookingDepositedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A piece of property a subject gives to an official for safe keeping during a booking.
BookingDetentionFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	A state, county or city detention facility where a subject is detained as a result of booking.

BookingDocumentControlID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number assigned by a booking system to identify a unique booking event within a specific jail. This may be manually tracked if there is no booking system. It also may not be unique.
BookingEmployee	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official who processes a subject for booking, e.g., takes photographs, fingerprints, enters relevant information into a register.
BookingFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	A police station or a detention facility where a booking occurs.
BookingFileID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A records management system identification number for the Incident that precipitated the booking of the subject.
BookingRelease	<a href="#">ReleaseType</a> <a href="#">extends ActivityType</a>	Details about a release of a subject from booking or from booking detention.
BookingReleaseCorrectionsAnalyst	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A corrections pre-trial screening official.
BookingReportingDistrictText	<a href="#">TextType</a>	A district of a booking agency.
BookingRetainedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A piece of property a subject keeps during booking.
BookingSealedIndicator	<a href="#">j-xsd:boolean</a>	True if the information regarding a booking is to remain sealed and confidential; false otherwise.
BookingSearchOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official who searches a subject during a booking.
BookingSeizedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A piece of property taken from a subject by an official during a booking. Includes a vehicle a subject may have.
BookingSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is booked.
BookingSubjectCustodyTransfer	<a href="#">CustodyTransferType</a> <a href="#">extends ActivityType</a>	A transfer of custody or transportation of a subject from one booking detention facility to another.
BookingTelephoneCall	<a href="#">BookingTelephoneCallType</a> <a href="#">extends SuperType</a>	Details about a telephone call (number) a subject makes while being booked or detained from an arrest.
BookingTelephoneCallDate	<a href="#">j-xsd:date</a>	A date a subject makes a telephone call while being booked or detained from a booking.
BookingTelephoneCallSupervisingOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official who supervises a subject making a telephone call.
BookingTelephoneCallTime	<a href="#">j-xsd:time</a>	A time a subject makes a telephone call while being booked or detained from a booking.

BookingTransportOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official who moves a subject to a detention facility.
BranderID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A code to uniquely identify a brander (i.e., an entity applying a brand to a vehicle), which could be a state, insurance carrier, junk yard, or salvage yard. States use the US Postal State Codes. Insurance Carriers use the NAIC codes (the NAIC codes are the same as the NICB codes).
BranderTypeCode	<a href="#">j-ansi_d20:BranderTypeCodeType</a>	A code to identify the type of brander (e.g., state, insurance carrier, junk yard, or salvage yard).
BuildingFullText	<a href="#">TextType</a>	A complete reference that identifies a building.
BuildingName	<a href="#">TextType</a>	A name of a building, e.g., "Electronic Research Building"
BuildingNumberText	<a href="#">TextType</a>	A number or text associated with a building, e.g., 115C.
BuildingSubUnitText	<a href="#">TextType</a>	A department, group, division, or other subcomponent of a building.
CanadianProvinceCode	<a href="#">j-can:CanadianProvinceCodeType</a>	A code identifying a province of Canada.
CapabilityCategoryText	<a href="#">TextType</a>	A general classification or categorization of a capability, e.g. training, physical, trait.
CapabilityDescriptionText	<a href="#">TextType</a>	A description of a person's capability.
CapabilityIsLimitationIndicator	<a href="#">j-xsd:boolean</a>	True if a capability implies an inability to do something, false otherwise. This indicator applies only to physical capabilities.
CapabilityTypeText	<a href="#">TextType</a>	A type of capability within a particular class of capabilities, e.g. risk to others, sex offender.

Case	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	An aggregation of information, in any format, that describes a set of related activities and occurrences. The domain or discipline defines the limits of the information included in a specific kind of case. Case is not limited to any particular discipline or domain, and can relate a wide range of areas: a situation requiring investigation or action (as by the police); the object of investigation or consideration; an instance of disease or injury; an instance that directs attention to a situation or exhibits it in action; a set of circumstances or a state of affairs; a situation; a question or problem; a matter; an action or a law suit or just grounds for an action; the facts or evidence offered in support of a claim; a set of reasons or supporting facts; a person being assisted, treated, or studied, as by a physician, lawyer, or social worker.
CaseAmendedCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A charge different than the original charge a person is being tried for in a court of law.
CaseCapiasDate	<a href="#">j-xsd:date</a>	A date where subject proceeds directly to court, without being able to post bond. Similar to a Failure to Appear
CaseCategoryText	<a href="#">TextType</a>	A category type of a court case, e.g. criminal, civil, juvenile, family.
CaseCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A charge or accusation a person is being tried for in a court of law.
CaseClassification	<a href="#">CaseClassificationType</a> <a href="#">extends SuperType</a>	A classification or categorization of a case.
CaseContinuanceDate	<a href="#">j-xsd:date</a>	A date a court case is set to resume after being postponed.
CaseConvictionReportingRequirements	<a href="#">CaseConvictionReportingRequirementsType</a> <a href="#">extends SuperType</a>	Details about the requirements placed on a person convicted in a case to report to a supervising agency.
CaseCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court of law in which the case is being tried.
CaseCourtEvent	<a href="#">CourtEventType</a> <a href="#">extends ActivityType</a>	A court occurrence. It generally refers to an appearance (Appearance, Arraignment, Findings, Sentencing, etc.) but may include clerical events such as filing an affidavit or cash register events.

CaseDefendantParty.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person, organization, or property being charged or sued in a court of law. Sometimes referred to as the defendant.
CaseDefendantParty.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person, organization, or property being charged or sued in a court of law. Sometimes referred to as the defendant.
CaseDefendantParty.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A person, organization, or property being charged or sued in a court of law. Sometimes referred to as the defendant.
CaseDefendantQuantityText	<a href="#">TextType</a>	A number of defendants being tried at once for a case.
CaseDefendantSelfRepresentationIndicator	<a href="#">j-xsd:boolean</a>	True if a defendant waived the right to have a defense attorney and is representing him or her self; false otherwise.
CaseDefenseAttorney	<a href="#">CaseOfficialType</a> <a href="#">extends JudicialOfficialType</a>	An attorney who defends a case.
CaseDetails	<a href="#">CaseDetailsType</a> <a href="#">extends SuperType</a>	Additional information about a case.
CaseDisposition	<a href="#">CaseDispositionType</a> <a href="#">extends SuperType</a>	An outcome or processing of a case.
CaseDispositionDecision	<a href="#">CaseDispositionDecisionType</a> <a href="#">extends SuperType</a>	Details about a case disposition occurring as a result of some decision.
CaseDispositionDecisionText	<a href="#">TextType</a>	The literal language of a decision.
CaseDispositionDecisionTypeText	<a href="#">TextType</a>	A type of decision made.
CaseDispositionFinalDate	<a href="#">j-xsd:date</a>	A date that all charges in a case were disposed.
CaseDocketID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number used to identify a case docket.
CaseDomesticViolenceIndicator	<a href="#">j-xsd:boolean</a>	True if the case involves domestic violence; false otherwise.
CaseDrivingImpairedIndicator	<a href="#">j-xsd:boolean</a>	True if the case involves a person who was driving with the presence of illegal or unprescribed prescription drugs in his or her system; false otherwise.
CaseDrivingIntoxicatedIndicator	<a href="#">j-xsd:boolean</a>	True if a case involves a person who was driving with blood alcohol level that is higher than the law allows; false otherwise.
CaseExhibit	<a href="#">ExhibitType</a> <a href="#">extends SuperType</a>	An item admitted in court as evidence.
CaseFiling	<a href="#">SubmissionType</a> <a href="#">extends ActivityType</a>	A submission from a prosecutor that initiates a court case.
CaseHearing	<a href="#">CourtEventType</a> <a href="#">extends ActivityType</a>	An appearance before a judicial official conducted in person, by telephone, or by video.

CaseInformationAdmissibleIndicator	<a href="#">j-xsd:boolean</a>	True if new trial information may be entered from an appellate ruling/decision; false otherwise.
CaseInformationAdmissibleText	<a href="#">TextType</a>	A piece of new trial information that may be admissible in court.
CaseInformationUnadmissibleText	<a href="#">TextType</a>	A piece of new trial information that is not admissible in court.
CaseInitiatingParty.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person, organization, or property that brings charges or a suit against another in a court of law. Can be either a victim in a criminal case or a plaintiff in a civil case.
CaseInitiatingParty.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person, organization, or property that brings charges or a suit against another in a court of law. Can be either a victim in a criminal case or a plaintiff in a civil case.
CaseInitiatingParty.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A person, organization, or property that brings charges or a suit against another in a court of law. Can be either a victim in a criminal case or a plaintiff in a civil case.
CaseJudge	<a href="#">CaseOfficialType</a> <a href="#">extends JudicialOfficialType</a>	A judicial official assigned to a case.
CaseJuror	<a href="#">JurorType</a>	An empanelled juror or an alternate juror.
CaseLineageCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	A description of a case at a previous stage.
CaseOfficial	<a href="#">CaseOfficialType</a> <a href="#">extends JudicialOfficialType</a>	Details about a justice official's involvement in a court case.
CaseOfficialCaseID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier a justice official uses to identify a case.
CaseOfficialCaseStatusText	<a href="#">TextType</a>	A status of a justice official's case.
CaseOfficialEndDate	<a href="#">j-xsd:date</a>	A date a justice official left a case or a date a case ended.
CaseOfficialRoleDescriptionText	<a href="#">TextType</a>	A description of the role a justice official played in a court case.
CaseOfficialRoleText	<a href="#">TextType</a>	A role a justice official played in a court case.
CaseOfficialStartDate	<a href="#">j-xsd:date</a>	A date a justice official became involved in a case.
CaseOfficialTerminationIndicator	<a href="#">j-xsd:boolean</a>	True if a justice official left a case before its conclusion, either by choice or for official reasons; false otherwise.
CaseOfficialTerminationReasonText	<a href="#">TextType</a>	A reason a justice official left a case before its conclusion.
CaseOriginalCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court that originally heard or tried a case before it was transferred or appealed.
CaseOtherActor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A miscellaneous person, organization, or property involved in a court case.

CaseOtherActor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A miscellaneous person, organization, or property involved in a court case.
CaseOtherActor.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A miscellaneous person, organization, or property involved in a court case.
CaseOtherID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A miscellaneous identifier for a case.
CaseOtherOfficial	<a href="#">CaseOfficialType</a> <a href="#">extends JudicialOfficialType</a>	A miscellaneous person or organization involved in a court case.
CaseParticipants	<a href="#">CaseParticipantsType</a> <a href="#">extends SuperType</a>	Details about the participants involved in a court case
CasePendingCourtEvent	<a href="#">CourtEventType</a> <a href="#">extends ActivityType</a>	A court event or activity that is postponed or pending.
CaseProceedingTypeText	<a href="#">TextType</a>	A type of case proceeding, e.g., hearing, trial, arraignment.
CaseProsecutionAttorney	<a href="#">CaseOfficialType</a> <a href="#">extends JudicialOfficialType</a>	An attorney who prosecutes a case.
CaseProtectionOrderIndicator	<a href="#">j-xsd:boolean</a>	True if a Domestic Violence Protection Order or Antiharassment Order is filed with the Judgment and Sentence; false otherwise.
CaseRelatedCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	Details about a related case.
CaseResolutionText	<a href="#">TextType</a>	A result of a case.
CaseRespondentParty.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The person, organization, or property in a court case that is required to answer a petition for a court order or writ requiring the respondent to take some action, halt an activity or obey a court's direction. In such matters the moving party (the one filing the petition) is usually called the "petitioner." Thus, the respondent is equivalent to a defendant in a lawsuit. On an appeal, the party who must respond to an appeal by the losing party in the trial court (called "appellant") in the appeals court. The accused in a domestic violence case or civil action; a person responding to a Request or Petition for Protection filed by a petitioner.

CaseRespondentParty.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person, organization, or property in a court case that is required to answer a petition for a court order or writ requiring the respondent to take some action, halt an activity or obey a court's direction. In such matters the moving party (the one filing the petition) is usually called the "petitioner." Thus, the respondent is equivalent to a defendant in a lawsuit. On an appeal, the party who must respond to an appeal by the losing party in the trial court (called "appellant") in the appeals court. The accused in a domestic violence case or civil action; a person responding to a Request or Petition for Protection filed by a petitioner.
CaseRespondentParty.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	The person, organization, or property in a court case that is required to answer a petition for a court order or writ requiring the respondent to take some action, halt an activity or obey a court's direction. In such matters the moving party (the one filing the petition) is usually called the "petitioner." Thus, the respondent is equivalent to a defendant in a lawsuit. On an appeal, the party who must respond to an appeal by the losing party in the trial court (called "appellant") in the appeals court. The accused in a domestic violence case or civil action; a person responding to a Request or Petition for Protection filed by a petitioner.
CaseRestrictionDate	<a href="#">j-xsd:date</a>	A date a restriction is placed on a person by a court order.
CaseRestrictionText	<a href="#">TextType</a>	A restriction imposed upon a party, e.g., a restraining order.
CaseSecurityText	<a href="#">TextType</a>	A level of case security required from low to high
CaseSeverityText	<a href="#">TextType</a>	A severity of a case, e.g., felony, misdemeanor, infraction.
CaseStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a case.
CaseSubtypeText	<a href="#">j-xsd:string</a>	Second level of case category classification, e.g. employment to further define a civil case, or homicide to further define a felony case.
CaseTerminationStageText	<a href="#">TextType</a>	A stage of termination for a case.
CaseTerminationTypeText	<a href="#">TextType</a>	A type of termination for a case.
CaseTitleText	<a href="#">TextType</a>	An official name of a case.

CaseTrackingID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number used to track a case.
CaseTrial	<a href="#">CourtEventType</a> <a href="#">extends ActivityType</a>	A type of hearing during which the final disposition of a case is determined.
CaseTypeText	<a href="#">TextType</a>	Identifies the type of case being considered, e.g., law enforcement, prosecution, court, public safety, department of human services, department of health.
CaseVerdictGivenIndicator	<a href="#">j-xsd:boolean</a>	True if a verdict is given by judge or jury; false otherwise.
CaseVictimNotProsecutingIndicator	<a href="#">j-xsd:boolean</a>	True if a victim is not or was not willing to prosecute; false otherwise.
CaseWitness	<a href="#">WitnessType</a> <a href="#">extends PersonType</a>	The person/entity who has information relating to the activity or who testifies in court.
CaseYearDate	<a href="#">j-xsd:gYear</a>	A year a case is tried.
Caveat	<a href="#">TextType</a>	Details about a warning, caution, qualifier, or explanation, generally about an offender or suspect.
CaveatIssuingAuthorityName	<a href="#">TextType</a>	A name of a person or organization which issued a caveat.
CaveatReferenceDate	<a href="#">j-xsd:date</a>	A date a caveat was issued.
CaveatText	<a href="#">TextType</a>	A warning, caution, qualifier, or explanation.
Charge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	Details about a formal allegation that a specific person has committed a specific offense.
ChargeAccidentRelatedIndicator	<a href="#">j-xsd:boolean</a>	True if a charge is related to a traffic accident; false otherwise.
ChargeApplicabilityText	<a href="#">TextType</a>	A degree of involvement a person is being charged with committing in an offense. Sometimes referred to as A/C/S, InchoateCharge. Example: Solicitation; Conspiracy; Attempt; Accessory Before the Fact.
ChargeArrestReasonIndicator	<a href="#">j-xsd:boolean</a>	True if a charge is the reason a person was arrested; false otherwise.
ChargeCategoryDescriptionText	<a href="#">TextType</a>	A description of a crime category.
ChargeClassification	<a href="#">ChargeClassificationType</a> <a href="#">extends SuperType</a>	Details that further describes and classifies a charge.
ChargeCountQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of times a person is charged with committing the same crime.
ChargeDegreeText	<a href="#">TextType</a>	A degree of a charge, e.g., first degree, second degree.
ChargeDescriptionText	<a href="#">TextType</a>	A plain language description of a charge.
ChargeDisposition	<a href="#">ChargeDispositionType</a> <a href="#">extends SuperType</a>	Details about the results or processing of a charge.

ChargeDispositionCondition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	A requirement which, when met, represents compliance with a pre-disposition condition. For example: curfew, no contact with victim, condition of release, etc.
ChargeDispositionDate	<a href="#">j-xsd:date</a>	A date of a disposition of a charge.
ChargeDispositionDescriptionText	<a href="#">TextType</a>	A description of the result of processing a charge. For an arrest charge, this may be a law enforcement agency action, such as custody only, turned over to another agency, referred or not referred for prosecution. For a court case charge, this may be dismissal, or any penalties, sanctions, or sentence assessed as a result of a finding or negotiated resolution in the case.
ChargeDispositionOtherText	<a href="#">TextType</a>	Additional information beyond, or separate from the ChargeDispositionDescriptionText about a charge. It may contain information about the processing of a charge rather than just the outcome.
ChargeDispositionPlea	<a href="#">PleaType</a> <a href="#">extends ActivityType</a>	An answer which a defendant in an action at law makes in response to a charge. Adult Examples: Guilty, Not Guilty. Juvenile Examples: Admit, Deny.
ChargeDispositionReasonText	<a href="#">TextType</a>	A reason for disposing of a charge via dismissal, discharge, etc.
ChargeDispositionSanction	<a href="#">SanctionType</a> <a href="#">extends ActivityType</a>	A penalty ordered for a subject by a judge or a supervising agency as a result of a disposition of a charge.
ChargeDispositionVerdict	<a href="#">VerdictType</a> <a href="#">extends ActivityType</a>	A finding by a judge or jury of that nature of a person allegedly committing an offense.
ChargeEmploymentRelatedIndicator	<a href="#">j-xsd:boolean</a>	True if a charge is related to a person's employment; false otherwise.
ChargeEnhancingAllegationCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A formal allegation, contained in at least one charging instrument, that a defendant has violated a statute and/or ordinance in association with an incident.
ChargeEnhancingFactor	<a href="#">ChargeEnhancingFactorType</a> <a href="#">extends SuperType</a>	Details about a factor or reason that makes a charge more serious (e.g., armed, against the elderly, hate crime)
ChargeEnhancingFactorDescriptionText	<a href="#">TextType</a>	A description of a factor or reason that makes a charge more serious.
ChargeEnhancingFactorReferenceDate	<a href="#">j-xsd:date</a>	A reference date for an enhancing charge factor or reason.
ChargeEnhancingFactorStatusText	<a href="#">TextType</a>	A status of a factor or reason that makes a charge more serious.
ChargeEnhancingFactorText	<a href="#">TextType</a>	A factor or reason that makes a charge more serious.

ChargeEnhancingPriorConviction	<a href="#">ConvictionType</a> <a href="#">extends ActivityType</a>	Details about a prior conviction. A usage of this may be for a three strikes you are out rule.
ChargeFelonyIndicator	<a href="#">j-xsd:boolean</a>	True if a charge refers to a felony offense; false otherwise. Sometimes referred to as Severity Level.
ChargeFiler.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization which filed a current charge.
ChargeFiler.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization which filed a current charge.
ChargeFilingDate	<a href="#">j-xsd:date</a>	A date a charge was filed.
ChargeHighestIndicator	<a href="#">j-xsd:boolean</a>	True if a charge is the most serious charge within a group of charges; false otherwise.
ChargeID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifying number assigned to a particular charge by an arresting agency, prosecuting attorney, or a court for case management purposes.
ChargeInstrument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	An official document filed to formally accuse a person of committing a specific offense.
ChargeLegalDescriptionText	<a href="#">TextType</a>	The legal or formal description of a charge.
ChargeLocalCode	<a href="#">NonStandardCodeType</a> <a href="#">extends SuperType</a>	A local statute or ordinance that identifies an offense.
ChargeMACRDispositionText	<a href="#">TextType</a>	Charge disposition as reported to the Monthly Arrest and Citation Register.
ChargeMACRIndicationLevelText	<a href="#">TextType</a>	An indication of the level or seriousness of the charge, as reported to the Monthly Arrest and Citation Register
ChargeMACRJuvvenileLevelText	<a href="#">TextType</a>	An indication of the level or seriousness of a juvenile charge, as reported to the Monthly Arrest and Citation Register
ChargeMACRStatusText	<a href="#">TextType</a>	A status of a charge, as reported to the Monthly Arrest and Citation Register
ChargeModificationInstrument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	An official document filed to modify a charge against a person.
ChargeModifier.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization or person that modified the original charge.
ChargeModifier.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An organization or person that modified the original charge.
ChargeNarrative	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A document associated with a charge.

ChargeNCICCode	<a href="#">j-ncic:OFFType</a>	A code that identifies an offense within the National Crime Information Center (NCIC) system.
ChargeOriginator.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency, organization, or person (e.g., attorney) that originally filed a charge or a related predecessor charge if the charge was changed later by prosecution or the court. This originating party is often an arresting agency but may be different if a charge was added during booking or if cases are consolidated.
ChargeOriginator.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An agency, organization, or person (e.g., attorney) that originally filed a charge or a related predecessor charge if the charge was changed later by prosecution or the court. This originating party is often an arresting agency but may be different if a charge was added during booking or if cases are consolidated.
ChargeQualifierText	<a href="#">TextType</a>	Additional information that clarifies a charge.
ChargeRecommendedBailAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A bail amount on a schedule recommended according to the charge.
ChargeReducingFactorText	<a href="#">TextType</a>	A factor which may make a charge less serious or limit the penalty (e.g., violations observed by photo-radar stations in some states)
ChargeReporting	<a href="#">ChargeReportingType</a> <a href="#">extends SuperType</a>	Information that is sent to local, state, or federal repositories describing the nature of a charge in terms of official codes, terms, and fields.
ChargeSanction	<a href="#">SanctionType</a> <a href="#">extends ActivityType</a>	A sanction given to a person convicted of a charge.
ChargeSentence	<a href="#">SentenceType</a> <a href="#">extends ActivityType</a>	A sentence given to a person convicted of a charge.
ChargeSentenceRangeText	<a href="#">TextType</a>	A standard sentence range a person charged with an offense potentially faces if convicted.
ChargeSequenceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A sequentially assigned number for charge tracking purposes (for example, the first charge under the arrest might be assigned Charge Sequence ID 1, the second 2, and so forth).
ChargeSeriousViolentIndicator	<a href="#">j-xsd:boolean</a>	True if a charge filed refers to a serious or violent offense; false otherwise.
ChargeSeverityLevel	<a href="#">SeverityLevelType</a> <a href="#">extends SuperType</a>	A severity level of a charge.

ChargeSeverityText	<a href="#">TextType</a>	A level of severity of a charge, e.g., Felony; Misdemeanor; Petty Misdemeanor; Other; Unknown.
ChargeSpecialAllegationText	<a href="#">TextType</a>	A factor that has enhanced a charge, making it a more serious offense.
ChargeStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A state of a charge.
ChargeStatute	<a href="#">StatuteType</a> <a href="#">extends SuperType</a>	A unique identifier of a law, rule, or ordinance within a jurisdiction that a person is accused of violating.
ChargeSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person accused of committing a specific offense.
ChargeText	<a href="#">TextType</a>	The text of a charge.
ChargeTrackingID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifying number assigned to an entire set of charges for an arrest. Different numbers may appear in the set if cases have been consolidated.
ChargeUCRCode	<a href="#">j-ucr:OffenseCodeType</a>	A code that identifies an offense within the Uniform Crime Report (UCR) system.
ChargeUCRCrimeTypeText	<a href="#">TextType</a>	A Uniform Crime Report (UCR) type or classification of a crime associated with a charge.
ChargeVerdict	<a href="#">VerdictType</a> <a href="#">extends ActivityType</a>	Details describing if a person was found guilty or innocent of a charge.
ChargeVictim	<a href="#">VictimType</a> <a href="#">extends SuperType</a>	A person or entity who is the victim of an offense designated by the charge.
CircularRegionCenterCoordinate	<a href="#">GeographicCoordinateType</a> <a href="#">extends SuperType</a>	A coordinate of the center of a circular region.
CircularRegionRadiusLengthMeasure	<a href="#">LengthMeasureType</a> <a href="#">extends MeasureType</a>	A length of a radius of a circular area.
Citation	<a href="#">CitationType</a> <a href="#">extends ActivityType</a>	Details about an official summons to appear in court or pay a fine given to a subject from a peace official due to a subjects violation or infraction of a law.
CitationAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization for whom the citation issuing official is employed.
CitationDismissalConditionIndicator	<a href="#">j-xsd:boolean</a>	True if a citation can be dismissed if certain conditions are met; false otherwise.
CitationDismissalConditionText	<a href="#">TextType</a>	A condition to be met that can make a citation eligible for dismissal.

CitationFineAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	An amount of money to be paid by the subject receiving the citation if the subject chooses not to dispute the citation in court.
CitationIssuedLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A place where a citation is given to a subject.
CitationIssuingOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official who gives a citation to a subject.
CitationSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who violates a law and receives a citation.
CitationViolation	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	An activity that is a violation of a law or ordinance that results in a subject being given a citation.
Classification	<a href="#">ClassificationType</a> <a href="#">extends SuperType</a>	A restriction imposed on information on documents or data that are only available to certain authorized people.
ClassificationAgencyName	<a href="#">TextType</a>	A name of the agency which classified the information.
ClassificationDerivationText	<a href="#">TextType</a>	A source where a classification was derived from.
ClassificationEffectiveDate	<a href="#">j-xsd:date</a>	A date the classification became effective.
ClassificationInstructionText	<a href="#">TextType</a>	An instruction related to classifying information as such.
ClassificationNonUSText	<a href="#">TextType</a>	A word that describes the highest non-United States classification of a document.
ClassificationPersonName	<a href="#">TextType</a>	A name of the person who classified the information.
ClassificationReasonText	<a href="#">TextType</a>	A reason why the classification was made as such.
ClassificationReviewAgencyName	<a href="#">TextType</a>	A name of the agency set to review or has reviewed the classification.
ClassificationReviewDate	<a href="#">j-xsd:date</a>	A date a classification is to be or has been reviewed.
ClassificationReviewPersonName	<a href="#">TextType</a>	A name of a person set to review or who has reviewed the classification.
ClassificationTerminationActualDate	<a href="#">j-xsd:date</a>	A date the classification actually terminated.
ClassificationTerminationSetDate	<a href="#">j-xsd:date</a>	A date the classification is set to terminate.
ClassificationText	<a href="#">TextType</a>	A classification of information. Includes confidential, secret, top secret, no markings.
ClassificationUSCode	<a href="#">j-dod_exec-12958:SecurityClassificati</a>	A code used to describe the highest classification of a United States document, e.g., top secret.
ClothingCategoryText	<a href="#">TextType</a>	A general category of clothing, e.g., shirt, pants.
ClothingColorText	<a href="#">TextType</a>	A color of an article of clothing.
ClothingDescriptionText	<a href="#">TextType</a>	A description of an article of clothing.
ClothingStyleText	<a href="#">TextType</a>	A style of an article of clothing.

CommercialStructure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	A structure used for business purposes.
CommercialVehicle	<a href="#">CommercialVehicleType</a> <a href="#">extends VehicleType</a>	Details about a class of vehicle that includes motor vehicles with a gross vehicle weight rating of 26,001 pounds or more.
Condition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	Details about a requirement which, when met, represents compliance with a pre-disposition condition. For example: curfew, no contact with victim, condition of release, etc.
ConditionalRelease	<a href="#">ConditionalReleaseType</a> <a href="#">extends ReleaseType</a>	Details about a release of a person or item from confinement, holding, or obligation, that is dependent upon certain conditions being met.
ConditionalReleaseCondition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	A requirement or prerequisite for release. A restriction, modification, or qualification of a term or terms of release. (Ex. no contact with victim; do not leave jurisdiction of court, etc.)
ConditionalReleaseOppositionText	<a href="#">TextType</a>	A reason against releasing a person.
ConditionalReleaseProjectedDate	<a href="#">j-xsd:date</a>	An expected date of conditional release. This date may change over time.
ConditionalReleaseRevokedDate	<a href="#">j-xsd:date</a>	A date a conditional release was revoked due to a person's failure in meeting required conditions or for other reasons.
ConditionalReleaseRevokedReasonText	<a href="#">TextType</a>	A reason why a conditional release was revoked.
ConditionalReleaseSupportText	<a href="#">TextType</a>	A reason in support of releasing a person.
ConditionDisciplinaryAction	<a href="#">DisciplinaryActionType</a> <a href="#">extends ActivityType</a>	A corrective action such as attending counseling or entering a risk reduction facility that is specified as part of a condition as stated in the imposed sentence.
ConditionGroup	<a href="#">ConditionGroupType</a> <a href="#">extends ActivityType</a>	Details about a set of conditions assigned to a person.
ConditionGroupID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a group of conditions to which this condition belongs.
ConditionGroupParentID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	ID of the parent condition group to which this group belongs.
ConditionMandatoryIndicator	<a href="#">j-xsd:boolean</a>	True if a condition is strictly required; false otherwise.
ConditionSetDate	<a href="#">j-xsd:date</a>	A date a condition was set.
ConditionViolatedIndicator	<a href="#">j-xsd:boolean</a>	True if a condition has been violated; false otherwise.
ConditionViolationDate	<a href="#">j-xsd:date</a>	A date a condition was violated.
ConditionViolationText	<a href="#">TextType</a>	A violation of a condition.

ContactEmailID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An email address of a person or organization.
ContactFacsimileNumber	<a href="#">TelephoneNumberType</a> <a href="#">extends SuperType</a>	A facsimile number of a person or organization. Sometimes referred to as a FAX or fax number.
ContactInformation	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	Details about how to contact a person or an organization.
ContactInformationDescriptionText	<a href="#">TextType</a>	A general description of contact information.
ContactMailingAddress	<a href="#">AddressType</a> <a href="#">extends SuperType</a>	A mailing address of a person or organization.
ContactMobileTelephoneNumber	<a href="#">TelephoneNumberType</a> <a href="#">extends SuperType</a>	A mobile phone or cell phone number of a person.
ContactOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization at the site of the contact. Example: the organization that "owns" the physical telephone being called.
ContactOtherID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An additional method of contact, e.g., Internet Relay Chat (IRC), AOL Instant Messenger.
ContactPagerNumber	<a href="#">TelephoneNumberType</a> <a href="#">extends SuperType</a>	A pager number of a person.
ContactPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person with the given contact information.
ContactPersonDescriptionText	<a href="#">TextType</a>	A description of the title or function of a person with this contact information, e.g., Director of Public Relations, mother.
ContactRadio	<a href="#">ContactRadioType</a> <a href="#">extends SuperType</a>	A radio contact information of a person.
ContactRadioCallSignID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A term used to identify a person using this radio. Sometimes referred to as a handle or call letters, e.g., "Whiskey 52".
ContactRadioChannelText	<a href="#">TextType</a>	A radio channel or frequency within the band.
ContactRadioTypeText	<a href="#">TextType</a>	A wavelength or band of a radio, e.g., AM, FM, CB, FRS, GRS, military, etc.
ContactResponder	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is actually at the "other end" of the contact. Used when the address is for a third party who is supposed to find the contactee (a secretary, for example).
ContactTelephoneNumber	<a href="#">TelephoneNumberType</a> <a href="#">extends SuperType</a>	A telephone number of a person or organization.

ContactWebsiteID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A website address of a person or organization.
Conviction	<a href="#">ConvictionType</a> <a href="#">extends ActivityType</a>	Details about a judgment, based either on the verdict of a jury or judicial official or the guilty plea of a defendant, that the defendant is guilty. A charge for which a person was convicted.
ConvictionCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	
ConvictionCountQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A total number of charges a person has been found guilty of with reference to charging document. A court in which a conviction was issued.
ConvictionCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	
ConvictionLocatorReferenceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A reference number for the organization that keeps the conviction records.
ConvictionOffense	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	An offense that a person has been found guilty of committing.
ConvictionPlea	<a href="#">PleaType</a> <a href="#">extends ActivityType</a>	A final plea a person offered in response to the charges filed.
ConvictionReportingProfessionName	<a href="#">TextType</a>	A name of the profession or occupation of an arrested professional.
ConvictionReportingRequirementText	<a href="#">TextType</a>	A description of when the court is required to file a special report, e.g. when complaint is filed, at conviction.
ConvictionSanction	<a href="#">SanctionType</a> <a href="#">extends ActivityType</a>	A penalty imposed upon a person having been found guilty of a crime.
ConvictionSentence	<a href="#">SentenceType</a> <a href="#">extends ActivityType</a>	A sentence imposed upon a person having been found guilty of a crime.
ConvictionSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who was found guilty of a crime.
ConvictionVerdict	<a href="#">VerdictType</a> <a href="#">extends ActivityType</a>	A guilty verdict of a judge or jury.
CorrectionalFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	A facility that both detains and provides instruction and training in trade and vocational activities to subjects charged or convicted of a crime.
Corrections	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	An involvement of an agency or facility with the custody, confinement, supervision, or treatment of alleged or adjudicated offenders.
Court	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	Details about a court or a unit of a court responsible for trying justice proceedings.

CourtActivity	<a href="#">CourtActivityType</a> <a href="#">extends ActivityType</a>	Details about a court-related action associated with a court case event. There must be at least one activity for each event. For example: ordering bail, pleading of not guilty, filing an affidavit. An activity may have conditions attached to it. An activity takes place on the date of the event to which it pertains. A condition related or attached to a court activity.
CourtActivityCondition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	
CourtActivityCourtOrder	<a href="#">CourtOrderType</a> <a href="#">extends ActivityType</a>	A direction of a judge not included in a judgment, which determines some point or directs some step in proceedings.
CourtActivityScheduleDay	<a href="#">ScheduleDayType</a> <a href="#">extends ActivityType</a>	A schedule on which a court activity is to occur.
CourtActivitySupervisingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A supervising agency associated with a court activity result, especially for reporting purposes. For example, for pre-plea and pre-sentencing investigations.
CourtAdministrativeUnitText	<a href="#">TextType</a>	A unit within a court system responsible for record maintenance.
CourtAppearance	<a href="#">CourtAppearanceType</a> <a href="#">extends SuperType</a>	Details about an appearance required of a party in a court of law on a certain date.
CourtAppearanceActor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person, organization, or property required to appear in court.
CourtAppearanceActor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person, organization, or property required to appear in court.
CourtAppearanceActor.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A person, organization, or property required to appear in court.
CourtAppearanceCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	A case for which a party must appear in court.
CourtAppearanceCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court in which a party is required to appear.
CourtAppearanceDate	<a href="#">j-xsd:date</a>	A date on which a party must appear in court.
CourtAppearanceReasonText	<a href="#">TextType</a>	A reason a party is required to appear in court.
CourtAppearanceTime	<a href="#">j-xsd:time</a>	A time at which a party must appear in court.
CourtAppearanceTypeText	<a href="#">TextType</a>	A type of appearance a party is required to make in court, e.g., sentencing, bail.

CourtCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A charge a person is tried for in court. May be different from or the same as its predecessor arrest and prosecution charges.
CourtDivisionText	<a href="#">TextType</a>	An area of case processing and the law governing specific types of matters before the court and governed by distinct court rule and processes, e.g., criminal, juvenile, family, civil, etc.
CourtEvent	<a href="#">CourtEventType</a> <a href="#">extends ActivityType</a>	Details about a court occurrence. An event generally refers to an appearance (Appearance, Arraignment, Findings, Sentencing, etc.) but may include clerical events such as filing an affidavit or cash register events.
CourtEventActivity	<a href="#">CourtActivityType</a> <a href="#">extends ActivityType</a>	A court-related action associated with a court case event. There must be at least one activity for each event. For example: ordering bail, pleading of not guilty, filing an affidavit. An activity may have conditions attached to it.
CourtEventAppearance	<a href="#">CourtAppearanceType</a> <a href="#">extends SuperType</a>	An appearance in court required of a party
CourtEventCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	A case associated with a court event.
CourtEventCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court in which a court event occurs.
CourtEventJudge	<a href="#">JudicialOfficialType</a>	A judge associated with a court event.
CourtEventMotion	<a href="#">CourtActivityType</a> <a href="#">extends ActivityType</a>	A request made to a court for a ruling or an order.
CourtEventSchedule	<a href="#">ScheduleDayType</a> <a href="#">extends ActivityType</a>	Details about the days for which a court event is scheduled.
CourtEventSequenceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier for a court case event record.
CourtName	<a href="#">TextType</a>	A name of a unit of a court.
CourtOrder	<a href="#">CourtOrderType</a> <a href="#">extends ActivityType</a>	Details about a direction of a judge not included in a judgement, which determines some point or directs some step in proceedings.
CourtOrderCondition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	A condition described in a court order that is to be followed by a subject.
CourtOrderDesignatedLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location to which a court order applies.

CourtOrderDesignatedOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization to which a court order applies.
CourtOrderDesignatedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item to which a court order applies.
CourtOrderDesignatedSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person to which a court order applies. The subject could be a Protected Party, the recipient of a Summons or Subpoena, the subject of a Warrant, etc. An agency responsible for enforcing a court order.
CourtOrderEnforcementAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	
CourtOrderIssuingCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court that issued a court order.
CourtOrderIssuingDate	<a href="#">j-xsd:date</a>	A date a court order was issued by a judicial official.
CourtOrderIssuingJudicialOfficial	<a href="#">JudicialOfficialType</a>	A judge or other judicial official that issued a court order.
CourtOrderJurisdiction	<a href="#">JurisdictionType</a>	An area in which a court order can be enforced.
CourtOrderRecallDate	<a href="#">j-xsd:date</a>	A date a court order was recalled or rescinded.
CourtOrderRecallReasonText	<a href="#">TextType</a>	A reason a court order was recalled or rescinded.
CourtOrderRequestActor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization which requested a court order.
CourtOrderRequestActor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization which requested a court order.
CourtOrderRequestActor.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A person or organization which requested a court order.
CourtOrderRequestDate	<a href="#">j-xsd:date</a>	A date a court order was requested.
CourtOrderRequestReasonText	<a href="#">TextType</a>	A reason why a court order was requested.
CourtOrderServiceAttemptedDate	<a href="#">j-xsd:date</a>	A date a court order was attempted but unable to be delivered.
CourtOrderServiceCautionText	<a href="#">TextType</a>	A caution, warning, or risk advisement given as an alert to an official servicing a court order.
CourtOrderServiceDate	<a href="#">j-xsd:date</a>	A date a court order was delivered.
CourtOrderServiceDescriptionText	<a href="#">TextType</a>	A description of how a court order was delivered.
CourtOrderServiceOfficial.Enforcement	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official who delivered a court order.
CourtOrderServiceOfficial.Judicial	<a href="#">JudicialOfficialType</a>	An official who delivered a court order.
CourtOrderServiceReceivedDate	<a href="#">j-xsd:date</a>	A date a service agency received a court order to deliver.
CourtOrderServiceRestrictionText	<a href="#">TextType</a>	A restriction or limitation on how a court order can be delivered.

CourtOrderSignatureMethodText	<a href="#">TextType</a>	A method used to obtain a signature on a court order. For example, Telephonic, Fax, etc.
CourtOrderSpecialInstructionText	<a href="#">TextType</a>	A description of inclusions and/or constraints of a court order. Like extradition limitation or whether an arrest or a search warrant may be served at a subject's residence between sunrise and sunset only (nightcap indicator), etc.
CourtOrderStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A state of a court order.
CourtOrderSupervisingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency responsible for evaluating, investigating, supervising and/or setting conditions for a subject incarcerated, on probation, conditional release, supervised release, parole, or otherwise under the jurisdiction of the court, the Department of Corrections, or a Community Corrections Act county.
CourtSupervisingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A supervising agency that performs court services for a court unit.
CourtTypeCode	<a href="#">i-ansi d20:CourtTypeCodeType</a>	A type of court, e.g., district court, appellate court, state superior court.
CriminalOrganization	<a href="#">CriminalOrganizationType</a> <a href="#">extends OrganizationType</a>	Details about an organization that is formed to or intentionally conducts illegal activities.
CriminalOrganizationCautionText	<a href="#">TextType</a>	A caution or warning associated with a criminal organization.
CriminalOrganizationMembershipHighQuantityText	<a href="#">TextType</a>	A high estimate of the number of people in an organization.
CriminalOrganizationMembershipInitiationText	<a href="#">TextType</a>	A description of the requirement or result of a person becoming a member of a criminal organization.
CriminalOrganizationMembershipLowQuantityText	<a href="#">TextType</a>	A low estimate of the number of people in an organization.
CriminalOrganizationNCICID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to a criminal organization. Sometimes referred to as an NCIC code, VGTOF code.
CriminalOrganizationObjectiveText	<a href="#">TextType</a>	An objective or purpose of the criminal organization.
CriminalOrganizationTraitDetails	<a href="#">CriminalTraitDetailsType</a> <a href="#">extends SuperType</a>	A description of characteristic traits and identifiers of a criminal organization.
CriminalTraitAction	<a href="#">EventType</a> <a href="#">extends SuperType</a>	Details about a characteristic action associated with criminal activity by a person or a criminal organization.
CriminalTraitActivityDescriptionText	<a href="#">TextType</a>	A description of a type of crime a criminal organization or person usually commits.
CriminalTraitColorText	<a href="#">TextType</a>	A color associated with criminal activity.

CriminalTraitCommunicationDescriptionText	<a href="#">TextType</a>	A description of the types of communication used by a criminal organization or person.
CriminalTraitDescriptionText	<a href="#">TextType</a>	A description of criminal characteristics, e.g., a trait, pattern, or trademark
CriminalTraitDetails	<a href="#">CriminalTraitDetailsType</a> <a href="#">extends SuperType</a>	Details about criminal characteristics associated with a person or a criminal organization.
CriminalTraitDressText	<a href="#">TextType</a>	Identifying dress or clothing associated with a criminal organization or person.
CriminalTraitEthnicityCode	<a href="#">j-nibrs:EthnicityCodeType</a>	Identifies an ethnic or cultural background associated with a criminal organization.
CriminalTraitEthnicityText	<a href="#">TextType</a>	An ethnic or cultural background associated with a criminal organization.
CriminalTraitGraffitiDescriptionText	<a href="#">TextType</a>	A description of criminal artwork (often spray-painted images) associated with a criminal organization or person.
CriminalTraitGraffitiImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	An image of criminal artwork (often spray-painted images).
CriminalTraitHandSignalText	<a href="#">TextType</a>	An identifying hand signal associated with a criminal organization or person.
CriminalTraitModusOperandiText	<a href="#">TextType</a>	A usual way in which a criminal organization or person acts or operates.
CriminalTraitTargetDescriptionText	<a href="#">TextType</a>	A description of the type of recipient of criminal activity usually chosen by a criminal organization or person. This could describe a person, organization, location, or property.
CriminalTraitTattooDescriptionText	<a href="#">TextType</a>	A description of a tattoo associated with a criminal organization or person.
CriminalTraitTattooImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	An image of a tattoo associated with a criminal organization or person.
CriminalTraitTurfText	<a href="#">TextType</a>	A description of a location a criminal organization or person often frequents or considers to have control over. Sometimes referred to as haunts, hangouts.
CrossStreet	<a href="#">CrossStreetType</a> <a href="#">extends SuperType</a>	Details about an intersecting street near a location.
CrossStreetDescriptionText	<a href="#">TextType</a>	A description of an intersecting street.
CrossStreetRelativeLocation	<a href="#">RelativeLocationType</a> <a href="#">extends SuperType</a>	Details about a location with respect to a cross street.

CustodyTransfer	<a href="#">CustodyTransferType</a> <a href="#">extends ActivityType</a>	A transfer of custody or transportation of a subject or property from one enforcement party to another.
CustodyTransferActionText	<a href="#">TextType</a>	An action taken in the transfer of custody.
CustodyTransferLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where transfer of custody occurs.
CustodyTransferProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A piece of property which is being transferred from one custody to another.
CustodyTransferReceivingEnforcementAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An enforcement agency that receives custody of a subject or property.
CustodyTransferReceivingEnforcementFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	An enforcement facility that receives custody of a subject or property.
CustodyTransferReceivingEnforcementOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official that receives custody of a subject or property.
CustodyTransferReleasingEnforcementAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An enforcement agency that releases custody of a subject or property.
CustodyTransferReleasingEnforcementFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	An enforcement facility that releases custody of a subject or property.
CustodyTransferReleasingEnforcementOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official that releases custody of a subject or property.
CustodyTransferSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is being transferred from one custody to another.
DecalColorText	<a href="#">TextType</a>	A color of a vehicle registration decal. Sometimes referred to as the sticker color.
DecalID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to a registration decal sticker in a given year. Sometimes referred to as a decal number.
DecalMonthDate	<a href="#">j-xsd:gMonth</a>	A month as shown on the registration decal issued, e.g., JAN, FEB, MAR, etc.
DecalPeriodCode	<a href="#">j-ansi_d20:DecalPeriodCodeType</a>	A code that describes the lifespan of a decal on a vehicle license plate.
DecalPeriodText	<a href="#">TextType</a>	A lifespan of a decal on a vehicle license plate.
DecalYearDate	<a href="#">j-xsd:gYear</a>	A year as shown on the registration decal issued, e.g., 1995, 1996, 1997, etc.
Detention	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	A mandatory confined supervision of a person.
DetentionFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	A facility that carries out the confinement of a subject charged or convicted of a crime.

DisciplinaryAction	<a href="#"><u>DisciplinaryActionType</u></a> <a href="#"><u>extends ActivityType</u></a>	Details about an activity assigned to a person that is meant to be self-improving or restitutional.
DisciplinaryActionAssigner.Organization	<a href="#"><u>OrganizationType</u></a> <a href="#"><u>extends SuperType</u></a>	A person or an organization which assigned a corrective action to a person.
DisciplinaryActionAssigner.Person	<a href="#"><u>PersonType</u></a> <a href="#"><u>extends SuperType</u></a>	A person or an organization which assigned a corrective action to a person.
DisciplinaryActionCommunityService	<a href="#"><u>ActivityType</u></a> <a href="#"><u>extends SuperType</u></a>	Community service a person is recommended or required to perform as a correctional action.
DisciplinaryActionCounseling	<a href="#"><u>ActivityType</u></a> <a href="#"><u>extends SuperType</u></a>	Counseling a person is recommended or required to attend as a correctional action.
DisciplinaryActionEnforcer.Organization	<a href="#"><u>OrganizationType</u></a> <a href="#"><u>extends SuperType</u></a>	A person or an organization responsible for making sure a person performs a corrective activity assigned.
DisciplinaryActionEnforcer.Person	<a href="#"><u>PersonType</u></a> <a href="#"><u>extends SuperType</u></a>	A person or an organization responsible for making sure a person performs a corrective activity assigned.
DisciplinaryActionFacility	<a href="#"><u>FacilityType</u></a> <a href="#"><u>extends OrganizationType</u></a>	A facility a person is assigned to for a corrective action. May be a risk reduction facility, a diversion facility.
DisciplinaryActionFee	<a href="#"><u>ObligationType</u></a> <a href="#"><u>extends SuperType</u></a>	A monetary fine assigned to a person or organization.
DisciplinaryActionProgram	<a href="#"><u>ProgramType</u></a> <a href="#"><u>extends SupervisionType</u></a>	A risk reduction, rehabilitation, diversion, or other type program a person is recommended or required to attend as a correctional action.
DisciplinaryActionRestitution	<a href="#"><u>ObligationType</u></a> <a href="#"><u>extends SuperType</u></a>	A restitution or compensation a person is required to pay another person.
DisciplinaryActionSanction	<a href="#"><u>SanctionType</u></a> <a href="#"><u>extends ActivityType</u></a>	A sanction or penalty ordered for a subject by a judge or a supervising agency as a result of a disposition of a charge.
DisciplinaryActionSubject	<a href="#"><u>SubjectType</u></a> <a href="#"><u>extends PersonType</u></a>	A person who is assigned a corrective action.
Disposition	<a href="#"><u>DispositionType</u></a> <a href="#"><u>extends SuperType</u></a>	A result or outcome that is the product of handling, processing, or finalizing a charge, case, activity or entity. Includes law enforcement, prosecutorial, and court dispositions.
DispositionDate	<a href="#"><u>j-xsd:date</u></a>	A date a disposition occurred.
DispositionDescriptionText	<a href="#"><u>TextType</u></a>	A description of a disposition.
DispositionInstrument	<a href="#"><u>DocumentType</u></a> <a href="#"><u>extends SuperType</u></a>	An official document filed to formally document the disposition of a specific Charge.
DispositionReasonText	<a href="#"><u>TextType</u></a>	A reason why an outcome occurred.

DispositionReportedAuthorityText	<a href="#">TextType</a>	A name of an authority to which a disposition was reported.
DispositionText	<a href="#">TextType</a>	A result or outcome that occurred after processing an activity or entity.
DispositionTypeText	<a href="#">TextType</a>	A type of disposition.
DiversionProgram	<a href="#">ProgramType</a> <a href="#">extends SuperType</a>	A program designed to help a person give up a criminal lifestyle.
DNAImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	An image of a DNA strand.
DNALocus	<a href="#">DNALocusType</a> <a href="#">extends SuperType</a>	Location specific information regarding a person's DNA.
DNALocusTypeText	<a href="#">TextType</a>	The location within a strand of DNA that a value was determined.
DNALocusValue	<a href="#">TextType</a>	The value string for a DNA locus.
Document	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	Details about inherent and frequently used characteristics of a document. Format or media is irrelevant in defining a document, however they are characteristics of a document. Documents are considered unique resources.
DocumentAbstractText	<a href="#">TextType</a>	A summary of the content of the resource.
DocumentAlternativeTitleText	<a href="#">TextType</a>	Any form of the title used as a substitute or alternative to the formal title of the resource.
DocumentApplicationName	<a href="#">ApplicationNameType</a> <a href="#">extends SuperType</a>	A name of the application used to create the document.
DocumentApprovedIndicator	<a href="#">j-xsd:boolean</a>	True if a document has been approved; false otherwise.
DocumentAuthor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization primarily responsible for creating the intellectual content of the resource, e.g., author for written documents, artist, photographer or illustrator for visual resources.
DocumentAuthor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization primarily responsible for creating the intellectual content of the resource, e.g., author for written documents, artist, photographer or illustrator for visual resources.
DocumentBinary	<a href="#">BinaryType</a> <a href="#">extends SuperType</a>	The binary encoding of the content of a document.
DocumentCategoryDescriptionText	<a href="#">TextType</a>	A description of the category of information in a document.
DocumentCategoryID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a category of information in a document.

DocumentCategoryName	<a href="#">TextType</a>	A category of information in a document.
DocumentCommentText	<a href="#">TextType</a>	A general comment about a document.
DocumentContentTableText	<a href="#">TextType</a>	A subunit of the content of the resource usually containing a list of the information content of the resource.
DocumentContributor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An entity responsible for making contributions to the content of the resource. May include a person, organization, or service.
DocumentContributor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An entity responsible for making contributions to the content of the resource. May include a person, organization, or service.
DocumentControlMetadata	<a href="#">DocumentControlMetadataType</a> <a href="#">extends SuperType</a>	Details about the control and management of a document.
DocumentCopyrightIndicator	<a href="#">j-xsd:boolean</a>	True if a document is copyrighted; false otherwise. Copyrighted products cannot be reproduced and/or distributed without the express written permission of the copyright owner. This prohibition is binding on individuals and corporations, as well as the United States government.
DocumentCountryCode.iso3166Alpha2	<a href="#">j-iso_3166:CountryAlpha2CodeType</a>	A country or countries being discussed in a document.
DocumentCountryCode.iso3166Alpha3	<a href="#">j-iso_3166:CountryAlpha3CodeType</a>	A country or countries being discussed in a document.
DocumentCountryCode.fips10-4	<a href="#">j-fips_10-4:CountryCodeType</a>	A country or countries being discussed in a document.
DocumentCountryCode.iso3166Numeric	<a href="#">j-iso_3166:CountryNumericCodeType</a>	A country or countries being discussed in a document.
DocumentCoverageText.Address	<a href="#">AddressType</a> <a href="#">extends SuperType</a>	An extent or scope of the content of the resource. May include a spatial location, temporal period, or a jurisdiction.
DocumentCoverageText.Date	<a href="#">j-xsd:date</a>	An extent or scope of the content of the resource. May include a spatial location, temporal period, or a jurisdiction.
DocumentCoverageText.Text	<a href="#">TextType</a>	An extent or scope of the content of the resource. May include a spatial location, temporal period, or a jurisdiction.
DocumentCoverageText.Time	<a href="#">j-xsd:time</a>	An extent or scope of the content of the resource. May include a spatial location, temporal period, or a jurisdiction.
DocumentCreationDate	<a href="#">j-xsd:date</a>	A date of the creation of the resource.
DocumentCreator.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An entity primarily responsible for making the content of the resource.

DocumentCreator.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An entity primarily responsible for making the content of the resource.
DocumentCutDate	<a href="#">j-xsd:date</a>	A cutoff date for information in a document. Sometimes referred to as Information Cutoff Date, ICOD.
DocumentDescriptionText	<a href="#">TextType</a>	A brief account of the content of a resource. May include but not limited to an abstract, table of contents, graphical, or free-text account of the content.
DocumentDescriptiveMetadata	<a href="#">DocumentDescriptiveMetadataType</a> <a href="#">extends SuperType</a>	Details about general document descriptors.
DocumentDispositionAuthorityName	<a href="#">TextType</a>	A name of an authority designated to handle or process information in a document.
DocumentDispositionInstructionText	<a href="#">TextType</a>	An instruction on how to handle or process information in a document.
DocumentDisputedIndicator	<a href="#">j-xsd:boolean</a>	True if the accuracy of a document is disputed; false otherwise.
DocumentDisputedReasonCodeText	<a href="#">TextType</a>	A local code indicating a reason why the accuracy of a document is being disputed.
DocumentDisputedReasonText	<a href="#">TextType</a>	A reason why the accuracy of a document is being disputed.
DocumentEffectiveDate	<a href="#">j-xsd:date</a>	A date the information in a document becomes valid.
DocumentEnteredBy	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person who made a particular entry into the referenced document.
DocumentExpirationDate	<a href="#">j-xsd:date</a>	A date a document should be removed from a registry or index.
DocumentFileControlID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number assigned to a document that identifies the location of a file is located within a file control system.
DocumentFiledDate	<a href="#">j-xsd:date</a>	A date a document was filed.
DocumentFiledTime	<a href="#">j-xsd:time</a>	The time that the a document is officially filed. The circumstance of the official time is dictated by local policy and procedure, therefore the time recorded reflects the application of this policy.
DocumentFileExtensionText	<a href="#">TextType</a>	A file extension of an electronic copy of a document.
DocumentFileName	<a href="#">TextType</a>	A file name of an electronic copy of a document.
DocumentFormatText	<a href="#">TextType</a>	The specific structural format of the binary object or file, e.g., "image/jpeg", "text/plain".

DocumentFormatTypeText	<a href="#">TextType</a>	The classification system used to define the specific format of the binary object or file, e.g., "MIME", "DIME".
DocumentGroupID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a group to which a document belongs.
DocumentID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique and unambiguous reference to the resource within a given context.
DocumentIntelligenceTypeCode	<a href="#">j-dod_jcs-pub2.0:DocumentIntelligence</a>	A nature or genre of the resource. Type is specified as an intelligence discipline, e.g., HUMINT, IMINT.
DocumentKeywordText	<a href="#">TextType</a>	A keyword or words that describe the overall content of the document, or the main topic of discussion.
DocumentLanguageCode.iso639-2b	<a href="#">j-iso_639-2b:LanguageCodeType</a>	A language of the intellectual content of the resource.
DocumentLanguageCode.iso639-2t	<a href="#">j-iso_639-2t:LanguageCodeType</a>	A language of the intellectual content of the resource.
DocumentLastModifiedDate	<a href="#">j-xsd:date</a>	The date that a document was last updated.
DocumentLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	Details about the location of a physical document.
DocumentLocationURI	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A URI (Uniform Resource Identifier) for the referenced document which may indicate the HTTP or Intelink address.
DocumentMangementCyclePeriodText	<a href="#">TextType</a>	A review or update cycle period for a document.
DocumentMediaTypeText	<a href="#">TextType</a>	A physical device on which a document is stored.
DocumentMediumText	<a href="#">TextType</a>	The makeup of the material or physical carrier of the resource.
DocumentOtherAddresseeName	<a href="#">TextType</a>	A name of additional addressees.
DocumentOtherMetadataField	<a href="#">MetadataFieldType</a> <a href="#">extends SuperType</a>	A user-defined document metadata field.
DocumentPermanentRecordIndicator	<a href="#">j-xsd:boolean</a>	True if a document is to be kept as a permanent record; false otherwise.
DocumentPostDate	<a href="#">j-xsd:date</a>	A date a document is posted to Intelink.
DocumentPrivacyActIndicator	<a href="#">j-xsd:boolean</a>	True if a document is categorized as containing personal information subject to protection by the Privacy Act; false otherwise.
DocumentPublicationDate	<a href="#">j-xsd:date</a>	A date of the first public dissemination of the content in any media.
DocumentReceivedDate	<a href="#">j-xsd:date</a>	A date a transmitted document was received.
DocumentRelatedResourceText	<a href="#">TextType</a>	A reference to a related resource.
DocumentRelationText	<a href="#">TextType</a>	Another document related to this document instance.

DocumentRightsText	<a href="#">TextType</a>	Rights held in and over the resource. Rights are the constraints applied to assure the protection of privacy or intellectual property, and any special restrictions, limitations or warning on using a shared resource.
DocumentSecurityMetadata	<a href="#">SecurityMetadataType</a> <a href="#">extends SuperType</a>	Details about security and classification information of a document.
DocumentSequenceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier that determines the document order in a set or related documents.
DocumentSource.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization that was the source of a document.
DocumentSource.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization that was the source of a document.
DocumentSourceText	<a href="#">TextType</a>	A reference to a source from which the present resource is derived.
DocumentStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	Indicates the document's status, e.g., approved, submitted, awaiting revision.
DocumentSubject.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization that is a target or intended recipient of a document.
DocumentSubject.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization that is a target or intended recipient of a document.
DocumentSubjectCodeText	<a href="#">TextType</a>	A code that identifies the subject code systems used and the appropriate subject code assigned to the document. Example subject code systems: be, ifc, nsa, state.
DocumentSubjectText	<a href="#">TextType</a>	A subject that is typically expressed as keywords, phrases, or classification codes that describe a topic of the resource.
DocumentSubmitter.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An entity responsible for making the resource available. May include a person, organization or service.
DocumentSubmitter.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	An entity responsible for making the resource available. May include a person, organization or service.
DocumentSummaryText	<a href="#">TextType</a>	A short description of the document subject, contents, and any "bottom line" point the document is trying to convey.
DocumentSupplementalMarkingText	<a href="#">TextType</a>	A marking made on a document.
DocumentTitleText	<a href="#">TextType</a>	A name given to a resource, typically a name by which it is formally known.

DocumentTypeText	<a href="#">TextType</a>	A nature or genre of the content of the resource. Includes terms describing general categories, functions, or genres. To describe the physical or digital manifestation of the resource use the Format property.
DocumentVitalIndicator	<a href="#">j-xsd:boolean</a>	True if a document is categorized as a vital record by the originating agency; false otherwise. A vital record is that information that is needed to restore an enterprise to full operation following a catastrophe, or for records essential to protect the legal and financial rights of the government or the individual directly affected by its activities.
DriverAuthorization	<a href="#">DriverAuthorizationType</a> <a href="#">extends SuperType</a>	Details about an authorization issued to a driver granting driving privileges.
DriverAuthorizationEndorsementCode	<a href="#">j-ansi_d20:DrivingEndorsementCode</a>	A code identifying the endorsement on a driver license or driver license permit which authorizes the operation of specified types of vehicles carrying specified loads. Endorsements are specific to classifications of a driver license.
DriverAuthorizationEndorsementText	<a href="#">TextType</a>	The endorsement on a drivers license or driver license permit which authorizes the operation of specified types of vehicles carrying specified loads. Endorsements are specific to classifications of a driver license.
DriverAuthorizationExpirationDate	<a href="#">j-xsd:date</a>	The date after which a driver license or driver license permit is no longer valid.
DriverAuthorizationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	Details about a driver license identifier or driver license permit identifier, including the number and state.
DriverAuthorizationIssueDate	<a href="#">j-xsd:date</a>	The date when a driver license or driver license permit is issued or renewed.
DriverAuthorizationPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person to which a driver license or driver license permit is assigned.
DriverAuthorizationRestriction	<a href="#">DrivingRestrictionType</a> <a href="#">extends SuperType</a>	A restriction on a driver license or driver license permit.
DriverConviction	<a href="#">DriverConvictionType</a> <a href="#">extends ConvictionType</a>	Details about a judge or jury finding a person guilty or a person pleading guilty in relation to a traffic offense.
DriverConvictionCitation	<a href="#">CitationType</a> <a href="#">extends ActivityType</a>	The citation received by a person that resulted in a conviction.

DriverConvictionCMVCode	<a href="#">j-ansi_d20:CMVCodeType</a>	A code identifying whether a person was driving a commercial motor vehicle (CMV) in an incident that resulted in a conviction.
DriverConvictionCMVText	<a href="#">TextType</a>	An indication of whether a person was driving a commercial motor vehicle (CMV) in an incident that resulted in a conviction.
DriverConvictionHazMatCode	<a href="#">j-ansi_d20:HazMatCodeType</a>	A code identifying whether a person was carrying hazardous materials (HazMat) in a vehicle that was involved in an incident, resulting in a conviction.
DriverConvictionHazMatText	<a href="#">TextType</a>	An indication of whether a person was carrying hazardous materials (HazMat) in a vehicle that was involved in an incident, resulting in a conviction.
DriverConvictionOffenseCode	<a href="#">j-ansi_d20:DrivingOffenseCodeType</a>	The offense code a driver was convicted of in relation to a driving incident. Also known as ACD.
DriverConvictionOffenseDescriptionText	<a href="#">TextType</a>	Additional details about an ACD defined offense. Typically used on speeding and alcohol related offenses to convey the measured values.
DriverConvictionOffenseText	<a href="#">TextType</a>	A specific offense or charge for which the party has been found guilty. There may be multiple charges associated with a specific activity or action. This specifies to which of the charges the conviction applies.
DriverHistoryAccidentQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of accidents in which a driver has been involved.
DriverHistoryConvictionQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of times that a driver has been convicted.
DriverHistorySummary	<a href="#">DriverHistorySummaryType</a> <a href="#">extends SuperType</a>	Summary details about a driver's history
DriverHistoryWithdrawalQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of times that a driver has had their driving privileges withdrawn.
DriverLicense	<a href="#">DriverLicenseType</a> <a href="#">extends SuperType</a>	Details about a license issued to a person granting driving privileges.
DriverLicenseCommercialClassCode	<a href="#">j-ansi_d20:DriverLicenseClassCodeType</a>	A code identifying the type of commercial vehicle that a licensed driver has been examined on and approved to operate. This field represents the highest-level classification for a particular Driver Privilege Type (e.g., commercial license or non-commercial license).

DriverLicenseCommercialClassText	<a href="#">TextType</a>	A type of commercial vehicle that a licensed driver has been examined on and approved to operate. This field represents the highest-level classification for a particular Driver Privilege Type (e.g., commercial license or non-commercial license).
DriverLicenseCommercialStatusCode	<a href="#">j-ansi_d20:DrivingStatusCodeType</a>	A code identifying the current status of an individual's Commercial privilege type.
DriverLicenseCommercialStatusText	<a href="#">TextType</a>	A current status of an individual's Commercial privilege type.
DriverLicenseConviction	<a href="#">ConvictionType</a> <a href="#">extends ActivityType</a>	A conviction which affects a drivers license.
DriverLicenseIssuedPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person to which a driving license is issued.
DriverLicenseNonCommercialClassText	<a href="#">TextType</a>	A type of non-commercial vehicle that a licensed driver has been examined on and approved to operate. This field represents the highest-level classification for a particular Driver Privilege Type. Non-commercial classes are defined by each state.
DriverLicenseNonCommercialStatusCode	<a href="#">j-ansi_d20:DrivingStatusCodeType</a>	A code identifying the current status of an individual's non-commercial (base) privilege type.
DriverLicenseNonCommercialStatusText	<a href="#">TextType</a>	A current status of an individual's non-commercial privilege (base) type.
DriverLicensePermit	<a href="#">DriverLicensePermitType</a> <a href="#">extends DriverAuthorizationType</a>	Details about a driver license permit issued to a driver granting conditional or limited driving privileges.
DriverLicensePermitClassificationText	<a href="#">TextType</a>	A type of commercial or non-commercial vehicle that a licensed driver has been examined on and approved to operate subject to a permit. This field represents the highest level classification for a particular driver privilege type (e.g., commercial vs. non-commercial).
DriverLicensePermitQuantity	<a href="#">j-xsd:integer</a>	A number of driver permits issued on a license.
DriverLicensePermitStatusCode	<a href="#">j-ansi_d20:DrivingStatusCodeType</a>	A code identifying the current status of an individual's driver license permit.
DriverLicenseWithdrawal	<a href="#">DriverLicenseWithdrawalType</a> <a href="#">extends ActivityType</a>	Details regarding a driver license withdrawal.
DriverLicenseWithdrawalActionCode	<a href="#">j-ansi_d20:DriverLicenseWithdrawalA</a>	A code identifying a type of driver license withdrawal action that was taken.

DriverLicenseWithdrawalBasisCode	<a href="#">j-ansi_d20:DriverLicenseWithdrawalB</a>	A code identifying a basis for the withdrawal action for a driver.
DriverLicenseWithdrawalCode	<a href="#">j-ansi_d20:DrivingOffenseCodeType</a>	A code identifying a reason for the withdrawal
DriverLicenseWithdrawalDueProcessStatusCode	<a href="#">j-ansi_d20:DriverLicenseWithdrawalD</a>	A code identifying a due process status of a withdrawal action
DriverLicenseWithdrawalEffectiveDate	<a href="#">j-xsd:date</a>	A date on which a driver license withdrawal becomes effective.
DriverLicenseWithdrawalEligibilityCode	<a href="#">j-ansi_d20:DriverLicenseWithdrawalE</a>	A code indicating when a driver is eligible to apply for reinstatement of those driving privileges withdrawn.
DriverLicenseWithdrawalEligibilityDate	<a href="#">j-xsd:date</a>	A date on or after which a driver is eligible to apply for reinstatement of those driving privileges withdrawn.
DriverLicenseWithdrawalExtentCode	<a href="#">j-ansi_d20:DriverLicenseWithdrawalE</a>	A code identifying a particular withdrawal extent. A withdrawal extent identifies the portion of driving privileges being withdrawn, such as the Commercial Privilege Type, or non-Commercial (Base) Privilege Type, or a specific Permit.
DriverLicenseWithdrawalIssuingAuthorityCode	<a href="#">j-ansi_d20:JurisdictionAuthorityCodeT</a>	A code identifying a jurisdiction which withdrew driving privileges for a driver.
DriverLicenseWithdrawalIssuingAuthorityText	<a href="#">TextType</a>	A jurisdiction which withdrew driving privileges for a driver
DriverLicenseWithdrawalLocatorReferenceID	<a href="#">TextType</a>	A reference number for the organization that keeps the withdrawal records.
DriverLicenseWithdrawalPendingIndicator	<a href="#">j-xsd:boolean</a>	True if a current licensing jurisdiction has an action pending that, if carried to completion, will cause a withdrawal of a specified driver privilege type; false otherwise.
DriverLicenseWithdrawalReasonReferenceCodeT	<a href="#">TextType</a>	A native state (legislative) code that specifies a withdrawal reason for future reference by the original State of Conviction.
DriverLicenseWithdrawalReinstatementDate	<a href="#">j-xsd:date</a>	A date that the licensing privilege of an individual driver (which has been previously withdrawn) is reinstated.
DrivingAccidentSeverityCode	<a href="#">j-ansi_d20:AccidentSeverityCodeType</a>	A code identifying a severity level of an accident, based on the most intense injury to any person or, if none were injured, so designating.
DrivingAccidentSeverityText	<a href="#">TextType</a>	A severity level of an accident, based on the most intense injury to any person or, if none were injured, so designating.

DrivingIncident	<a href="#">DrivingIncidentType</a> <a href="#">extends IncidentType</a>	Details about an incident involving a vehicle, e.g., a traffic accident, speeding, reckless driving.
DrivingIncidentCMVCode	<a href="#">j-ansi_d20:CMVCodeType</a>	A code identifying whether the incident occurred while the driver was operating a commercial vehicle.
DrivingIncidentCMVText	<a href="#">TextType</a>	A determination of whether the incident occurred while the driver was operating a commercial vehicle.
DrivingIncidentCollisionIndicator	<a href="#">j-xsd:boolean</a>	True if a driving incident involved a collision with another vehicle, person, or object; false otherwise.
DrivingIncidentDriverOwnershipIndicator	<a href="#">j-xsd:boolean</a>	True if a driver owns the vehicle being driven in an incident; false otherwise.
DrivingIncidentFemalePassengerQuantityText	<a href="#">TextType</a>	A number of females in a vehicle excluding the driver when an incident occurred.
DrivingIncidentHazMatCode	<a href="#">j-ansi_d20:HazMatCodeType</a>	A code determining whether the incident occurred while the driver was operating a commercial vehicle that was carrying hazardous materials (that required a placard).
DrivingIncidentHazMatText	<a href="#">TextType</a>	A determination of whether the incident occurred while the driver was operating a commercial vehicle that was carrying hazardous materials (that required a placard).
DrivingIncidentJurisdiction	<a href="#">JurisdictionType</a>	A jurisdiction in which an incident occurred.
DrivingIncidentLaserDetectionIndicator	<a href="#">j-xsd:boolean</a>	True if a laser was involved in the detection of an incident; false otherwise.
DrivingIncidentLegalSpeedRate	<a href="#">SpeedRateType</a> <a href="#">extends RateType</a>	A legally designated speed limit in the area where an incident occurred.
DrivingIncidentLocatorReferenceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A reference number for the organization that keeps the incident report.
DrivingIncidentMalePassengerQuantityText	<a href="#">TextType</a>	A number of males in a vehicle excluding the driver when an incident occurred.
DrivingIncidentMobilePhoneIndicator	<a href="#">j-xsd:boolean</a>	True if a mobile phone being used was involved in an incident; false otherwise.
DrivingIncidentPassenger	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person in a vehicle excluding the driver when an incident occurred.
DrivingIncidentPassengerDescriptionText	<a href="#">TextType</a>	A description of the people in a vehicle excluding the driver during the time of an incident.
DrivingIncidentPassengerQuantityText	<a href="#">TextType</a>	A number of people in a vehicle excluding the driver when an incident occurred.
DrivingIncidentRadarDetectionIndicator	<a href="#">j-xsd:boolean</a>	True if radar was involved in the detection of an incident; false otherwise.

DrivingIncidentRecordedSpeedRate.Range	<a href="#">RangeVehicleSpeedMeasureType</a> <a href="#">extends RangeMeasureType</a>	A speed a vehicle was moving at when an incident occurred.
DrivingIncidentRecordedSpeedRate	<a href="#">SpeedRateType</a> <a href="#">extends RateType</a>	A speed a vehicle was moving at when an incident occurred.
DrivingIncidentRoadDescriptionText	<a href="#">TextType</a>	A description of the road conditions during the time of an incident.
DrivingIncidentRoadTypeText	<a href="#">TextType</a>	A type of road where an incident occurred, e.g., highway, interstate, rural road.
DrivingIncidentTrafficDescriptionText	<a href="#">TextType</a>	A description of the traffic conditions during the time of an incident.
DrivingIncidentWeatherDescriptionText	<a href="#">TextType</a>	A description of the weather during the time of an incident.
DrivingJurisdictionAuthorityCode	<a href="#">j-ansi_d20:JurisdictionAuthorityCode1</a>	A federal or state organization, such as a department of motor vehicles (DMV), with jurisdiction over a person's driving privileges.
DrivingRestriction	<a href="#">DrivingRestrictionType</a> <a href="#">extends SuperType</a>	Details about a restriction applicable to a driver permit or license.
DrivingRestrictionCode	<a href="#">j-ansi_d20:DrivingRestrictionCodeType</a>	A code identifying the category of a driving restriction.
DrivingRestrictionDescriptionText	<a href="#">TextType</a>	An explanation of the nature of a restriction
DrivingRestrictionEndDate	<a href="#">j-xsd:date</a>	A date on which a special restriction ends.
DrivingRestrictionText	<a href="#">TextType</a>	A category of a driving restriction.
Drug	<a href="#">DrugType</a> <a href="#">extends PropertyType</a>	Details about a legal or illegal substance that can be used as medicine or a narcotic. Possible effects from its use include addiction, habituation, a marked change in consciousness, sickness, and/or death. Examples include crack cocaine, marijuana, heroin, glue, prescription drugs, etc.
DrugCompositionDescriptionText	<a href="#">TextType</a>	A description of the composition of a drug substance.
DrugContainerDescriptionText	<a href="#">TextType</a>	A description of a container used to hold a drug, e.g., plastic bag
DrugFoundDescriptionText	<a href="#">TextType</a>	A description of where a drug or some container of drugs was found, e.g., glove box, subject's pockets.
DrugQuantityMeasure	<a href="#">DrugMeasurementType</a> <a href="#">extends MeasureType</a>	An amount of a drug being described.
DrugSubstanceFormText	<a href="#">TextType</a>	A form in which a drug appears, e.g., powdery substance, pill.
DrugTypeCode	<a href="#">j-nibrs:DrugTypeCodeType</a>	A code that identifies a type of drug.

EmergencyContactInformation	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	Information identified by the person on whom to contact in case of an emergency and how to contact them.
Employment	<a href="#">EmploymentType</a> <a href="#">extends SuperType</a>	Details about the employment of a person.
EmploymentAssignedUnit.EnforcementUnit	<a href="#">EnforcementUnitType</a> <a href="#">extends OrganizationType</a>	The unit commonly used by the person in a particular position.
EmploymentAssignedUnit.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The unit commonly used by the person in a particular position.
EmploymentContactInformation	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	Information on how to contact a person at their work place.
EmploymentDepartmentName	<a href="#">TextType</a>	A department or command associated with a job position.
EmploymentEarningsRate	<a href="#">RateType</a> <a href="#">extends MeasureType</a>	The monetary compensation (salary or wage) a person receives for working.
EmploymentEmployee	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person associated with a particular period of employment.
EmploymentEmployer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization within which the subject of the employment worked.
EmploymentEmployer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization within which the subject of the employment worked.
EmploymentEmployerName	<a href="#">TextType</a>	A name of an employer. This could be an organization name, a person's name, unemployed, or self employed.
EmploymentEndDate	<a href="#">j-xsd:date</a>	A date a person left an employment position.
EmploymentEndReasonText	<a href="#">TextType</a>	A reason a person no longer works at a job, e.g., fired for being intoxicated at work, quit, downsized.
EmploymentLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where a person works.
EmploymentOccupationCode	<a href="#">j-census:OccupationCodeType</a>	A code that identifies a specific type of employment or occupation.
EmploymentOccupationText	<a href="#">TextType</a>	A specific type of employment or occupation.
EmploymentOccupationTypeCode	<a href="#">j-census:OccupationTypeCodeType</a>	A code that identifies a general category or type of employment.
EmploymentOccupationTypeText	<a href="#">TextType</a>	A general category or type of employment.
EmploymentPersonID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	Information about an employment identifier assigned to a person, e.g., badge number, employeeID.
EmploymentPositionName	<a href="#">TextType</a>	A job description title of an employed person.
EmploymentRankText	<a href="#">TextType</a>	A rank, status, or promotion level of a person within an employment organization.

EmploymentShiftText	<a href="#">TextType</a>	The hours or time frame associated with a person's position, e.g., day shift, night shift, 8am-5pm.
EmploymentStartDate	<a href="#">j-xsd:date</a>	A date a person was hired for an employment position.
EmploymentStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of the capacity in which a person is working, e.g., part time, full time, sick leave, terminated.
EmploymentSupervisor	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization for whom the subject of the employment worked.
EnforcementOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A person involved in the enforcement of law. This generally refers to a person designated by a public authority to keep the peace and arrest persons guilty or suspected of crime. May include, but not limited to: police, sheriff, marshal, federal authorities, military. An identifier used to refer to an enforcement official.
EnforcementOfficialBadgeID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A Peace official Standards and Training identifier.
EnforcementOfficialPOSTLicenseID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	
EnforcementOfficialTypeText	<a href="#">TextType</a>	A type of enforcement official, e.g., Detective, Investigator, etc.
EnforcementOfficialUnavailableSchedule	<a href="#">ScheduleDayType</a> <a href="#">extends ActivityType</a>	Dates and times an enforcement official is unavailable for scheduling.
EnforcementOfficialUnit	<a href="#">EnforcementUnitType</a> <a href="#">extends OrganizationType</a>	An enforcement unit to which an enforcement officer is assigned, e.g., patrol, detective, narcotic.
EnforcementUnit	<a href="#">EnforcementUnitType</a> <a href="#">extends OrganizationType</a>	Details about a unit of an agency responsible for enforcing the law and maintaining peace.
EnforcementUnitBeatID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A local area for which an enforcement unit is responsible.
EnforcementUnitID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of an enforcement unit.
EnforcementUnitName	<a href="#">TextType</a>	A name of an enforcement unit.
EnforcementUnitNumberID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number that identifies an enforcement unit.
EnforcementUnitSectionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A section of an enforcement unit.
EnginePowerDisplacement	<a href="#">EnginePowerDisplacementType</a> <a href="#">extends SuperType</a>	The amount of power or displacement of a vehicle or boat.
Event	<a href="#">EventType</a> <a href="#">extends SuperType</a>	Details about a singular occurrence or something that happened at a point of time.

EventDate	<a href="#">j-xsd:date</a>	A date on which an event occurred.
EventDescriptionText	<a href="#">TextType</a>	A description of an event or occurrence.
EventName	<a href="#">TextType</a>	A name of an event that occurred.
EventStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status or state of affairs of an event or occurrence.
EventTime	<a href="#">j-xsd:time</a>	A time at which an event occurred.
EventTypeText	<a href="#">TextType</a>	A type or classification of an event that occurred.
Evidence	<a href="#">EvidenceType</a> <a href="#">extends SuperType</a>	Details about an item legally received by or submitted to an agency for use in ascertaining the truth of a matter. This includes items such as test reports, fingerprints, body parts, etc. and items considered "physical evidence."
EvidenceAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	An estimated or actual monetary value of a piece of evidence.
EvidenceCollector	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who collected a particular piece of evidence.
EvidenceCustodyTransfer	<a href="#">CustodyTransferType</a> <a href="#">extends ActivityType</a>	A transfer of custody of evidence from one agency to another.
EvidenceDocumentBinary	<a href="#">BinaryType</a> <a href="#">extends SuperType</a>	An evidentiary document encoded in binary, such as a mp3 file, WAV file, tiff image, relating to the evidence.
EvidenceItem.Binary	<a href="#">BinaryType</a> <a href="#">extends SuperType</a>	A piece of evidence.
EvidenceItem.Biometric	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A piece of evidence.
EvidenceItem.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A piece of evidence.
EvidenceKit	<a href="#">KitType</a> <a href="#">extends SuperType</a>	A kit used to collect evidence.
EvidenceNumberID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number that identifies a piece of evidence.
EvidenceOtherID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	Identifies an item associated with evidence not explicitly referenced
EvidencePreviousLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A previous location of a piece of evidence.
EvidenceQuantityText	<a href="#">TextType</a>	A number of individual items that represent a piece of evidence.

EvidenceReceiptID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier for a receipt issued for collection, analysis, and movement of Evidence.
EvidenceReturnedIndicator	<a href="#">j-xsd:boolean</a>	True if a piece of evidence was returned to its owner; false otherwise.
EvidenceReturnRecipient.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person, agency, or other organization to which a particular piece of property was returned
EvidenceReturnRecipient.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person, agency, or other organization to which a particular piece of property was returned
EvidenceTakenFrom.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or an organization from which a particular piece of evidence was taken or seized from, e.g., an organization from which a computer was seized.
EvidenceTakenFrom.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or an organization from which a particular piece of evidence was taken or seized from, e.g., an organization from which a computer was seized.
EvidenceTakenLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where a particular piece of evidence was taken, collected, or removed.
Exhibit	<a href="#">ExhibitType</a> <a href="#">extends SuperType</a>	Details about an item introduced as evidence in a hearing or a trial.
ExhibitAcceptingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency that accepts evidence into the judicial process.
ExhibitAdmittedIndicator	<a href="#">j-xsd:boolean</a>	True if an exhibit was admitted in trial; false otherwise.
ExhibitEvidence	<a href="#">EvidenceType</a> <a href="#">extends SuperType</a>	An exhibit item.
ExhibitID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifying number of an exhibit.
ExhibitRemainingProofIndicator	<a href="#">j-xsd:boolean</a>	True if an exhibit that has not been admitted as evidence will remain with the court as an offer of proof in the event of an appeal; false otherwise.
ExhibitStatusText	<a href="#">TextType</a>	A description of the status of an exhibit, e.g., offered, withdrawn, admitted, refused.
Facility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	Details about an organization that carries out some form of enforcement or reformatory activities for its members. This may be detention, corrections, supervision, a rehabilitation, risk reduction, or diversion program, or another type of function designed to reform a member of society.

FacilityCapacityDescriptionText	<a href="#">TextType</a>	A description of the number of people a facility can house at a time.
FacilityCapacityQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of people a facility can house at one time.
FacilityCaseLoadQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of people a facility is currently servicing.
FacilityID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique NCIC or other identifier assigned to a reform-related organization. Sometimes referred to as a KAG number for detention facilities.
FacilityJuvenileIndicator	<a href="#">j-xsd:boolean</a>	True if a facility has the ability to accept people under the legal age of an adult; false otherwise.
FacilityMemberTypeText	<a href="#">TextType</a>	A type of occupant or member a facility manages. This may be adult, juvenile, addict.
FacilityOperatingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that operates the facility.
FacilitySecurityLevelText	<a href="#">TextType</a>	A level of security an organization operates at, e.g., minimum, medium, maximum, none.
FacilitySupervisingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A supervising agency that operates or oversees the facility.
Fee	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	Details about a monetary amount charged for a service, product, or restitution or the monetary amount assessed as court case fees.
Felony	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	A crime which is punishable by death or imprisonment in a state facility.
FinalPlea	<a href="#">PleaType</a> <a href="#">extends ActivityType</a>	A final plea offered by a defendant in relation to a charge that was accepted by the court.
FinancialObligation	<a href="#">FinancialObligationType</a> <a href="#">extends ObligationType</a>	A monetary obligation, e.g., fee, fine, support, restitution, damages, court costs.
FinancialObligationDueAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	An amount of a payment obligation that has not been made.
FinancialObligationExemptionAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A total or partial amount of a payment obligation no longer required of a person.
FinancialObligationPaidAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	An amount of a payment obligation that has been made.
FinancialObligationTotalAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A total amount of money to be charged or paid to meet a financial obligation, such as a fee or restitution.
Fingerprint	<a href="#">FingerprintType</a> <a href="#">extends BiometricType</a>	A representation or an encoding of the identifying characteristics of a persons fingerprints.

FingerprintClassificationCode	<a href="#">j-ncic:FPCType</a>	A code identifying a specific classification of a persons fingerprint.
FingerprintClassificationText	<a href="#">TextType</a>	A specific classification of a persons fingerprint. If the classification represents a radial or ulmar loop pattern, then the classification is two numeric characters.
FingerprintFingerCode	<a href="#">j-ncic:FPCFingerType</a>	A code identifying a finger of a person that has been printed or has attempted to have been printed, e.g., right thumb, left index.
FingerprintFingerText	<a href="#">TextType</a>	A finger of a person that has been printed or has attempted to have been printed, e.g., right thumb, left index.
FingerprintPatternCode	<a href="#">j-ncic:FPCPatternType</a>	A code identifying a general pattern of a persons fingerprint.
FingerprintPatternText	<a href="#">TextType</a>	A general pattern of a persons fingerprint.
Firearm	<a href="#">FirearmType</a> <a href="#">extends PropertyType</a>	Details about any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by air, carbon dioxide, or the action of an explosive.
FirearmAutomaticIndicator	<a href="#">j-xsd:boolean</a>	True if firearm is an automatic weapon and can be fired in quick succession; false otherwise.
FirearmBarrelLengthMeasure	<a href="#">LengthMeasureType</a> <a href="#">extends MeasureType</a>	A measurement of a barrel length of a firearm.
FirearmCaliberCode	<a href="#">j-ncic:CALType</a>	A code identifying a caliber of a firearm.
FirearmCaliberText	<a href="#">TextType</a>	A caliber of a firearm.
FirearmFinishCode	<a href="#">j-ncic:GUNColorFinishType</a>	A code identifying a finish of a firearm.
FirearmFinishText	<a href="#">TextType</a>	A finish of a firearm.
FirearmGaugeText	<a href="#">TextType</a>	A gauge of a firearm, particularly a shotgun.
FirearmGripText	<a href="#">TextType</a>	A grip of a firearm.
FirearmMakeCode	<a href="#">j-ncic:MAKType</a>	A code identifying the manufacturer of a firearm.
FirearmTypeCode	<a href="#">j-ncic:TYPTYPE</a>	A code identifying a type of firearm.
FirearmTypeDescriptionCode	<a href="#">j-ncic:TYPDescriptionType</a>	A code identifying a description or further classification of a firearm.
FirearmTypeDescriptionText	<a href="#">TextType</a>	A description or further classification of a firearm.
Force	<a href="#">ForceType</a> <a href="#">extends ActivityType</a>	Details about force used, whether physical or aided by a tool or weapon. Sometimes referred to as ForceToolWeapon.

ForcePhysicalDescriptionText	<a href="#">TextType</a>	A description of the physical force a person used against another person.
ForceSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who used force against another.
ForceTakenAsEvidence	<a href="#">EvidenceType</a> <a href="#">extends SuperType</a>	The evidence taken in an incident when specifically a tool or weapon was used.
ForceToolProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A tool used to apply force to a person.
ForceTypeCode	<a href="#">j-nibrs:ForceTypeCodeType</a>	A code identifying a type of force used, which may be physical or aided by a weapon or tool.
ForceTypeText	<a href="#">TextType</a>	A type of force used, which may be physical or aided by a weapon or tool.
ForceUser.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Indicates that a particular force/tool/weapon was used by a specific organization.
ForceUser.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Indicates that a particular force/tool/weapon was used by a specific organization.
ForceVictim	<a href="#">VictimType</a> <a href="#">extends SuperType</a>	A person who was a victim of force.
ForceWeaponProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A weapon used to apply force to a person.
GeographicCoordinate	<a href="#">GeographicCoordinateType</a> <a href="#">extends SuperType</a>	Details about identifying a location based on latitude and longitude.
GeographicCoordinateLatitude	<a href="#">LatitudeCoordinateType</a> <a href="#">extends SuperType</a>	A circle around the Earth parallel to the Equator. Values range from -90 degrees (inclusive) at the South Pole to +90 degrees (inclusive) at the North Pole. The value is 0 at the Equator.
GeographicCoordinateLongitude	<a href="#">LongitudeCoordinateType</a> <a href="#">extends SuperType</a>	A meridian that is perpendicular to the Equator. Values range from -180 degrees (inclusive) at the International Date Line to +180 (exclusive) just west of the International Date Line. The value is 0 at the Prime Meridian.
GeographicCoordinateSystemID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identification of the coordinate system used.
GeographicDatumID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identification of the spatial reference system used.
Highway	<a href="#">HighwayType</a> <a href="#">extends SuperType</a>	Details about a major public road.
HighwayFullText	<a href="#">TextType</a>	A complete reference to a highway.

HighwayID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a highway, e.g., "SR-78"
HighwayName	<a href="#">TextType</a>	A name of a highway, e.g., "Stone Mountain Parkway"
HighwayPositionText	<a href="#">TextType</a>	A designation of a specific place on a highway. Sometimes referred to as a mile marker, mile post, exit number.
HomeContactInformation	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	Information on how to contact a person at their home residence.
ID	<a href="#">TextType</a>	A value that identifies an entity within the identifier domain.
IDEffectiveDate	<a href="#">j-xsd:date</a>	A date an identifier becomes effective. This may or may not be the issue date.
IDExpirationDate	<a href="#">j-xsd:date</a>	A date an identifier is no longer valid.
IDIssuingAuthorityText	<a href="#">TextType</a>	A name, identifier, or code of an organization or person that has authority over an identifier.
IDJurisdictionCode	<a href="#">j-ncic:RESType</a>	A code identifying an area or region, e.g., state or country, in which an identifier is unique.
IDJurisdictionText	<a href="#">TextType</a>	An area or region, e.g., state or country, in which an identifier is unique.
IDObject	<a href="#">IDType</a> <a href="#">extends SuperType</a>	Information that identifies an entity.
IDSourceText	<a href="#">TextType</a>	The locale or organization from which an identification originates.
IDStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A condition or state of an identifier, e.g., valid, expired.
IDTypeCodeSourceText	<a href="#">TextType</a>	A source of the identifiers type code.
IDTypeCodeText	<a href="#">TextType</a>	A textual code representing the type of identifier assigned.
IDTypeCodeVersionText	<a href="#">TextType</a>	A source version of the identifiers type code.
IDTypeDescriptionText	<a href="#">TextType</a>	A description of a type of identifier.
IDTypeText	<a href="#">TextType</a>	A type of identifier assigned.
Image	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	Details about a representation of an image encoded for XML.
ImageCreatedOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that created an image.
ImageFacialText	<a href="#">TextType</a>	A facial adornment or hair piece that appears in an image.
ImageHeightValue	<a href="#">j-xsd:integer</a>	A height of image in pixel
ImageJuvenileIndicator	<a href="#">j-xsd:boolean</a>	True if an image is of a juvenile; false otherwise.

ImageLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A physical location where an image is stored.
ImageOperator	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who took an image.
ImagePoseCode	<a href="#">j-nonauth:ImagePoseCodeType</a>	A code identifying an angle of a person's face in a photograph.
ImagePoseText	<a href="#">TextType</a>	An angle of a person's face in a photograph.
ImageTypeCode	<a href="#">j-ncic:IMTType</a>	A type of image that has been taken, e.g., mug shot, fingerprint.
ImageWidthValue	<a href="#">j-xsd:integer</a>	A width of image in pixels
Incarceration	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	A mandatory confined supervision of a person.
Incident	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	Details about a criminal or non-criminal activity that occurred.
IncidentArrest	<a href="#">ArrestType</a> <a href="#">extends ActivityType</a>	An arrest made because of an incident.
IncidentArrestMadeIndicator	<a href="#">j-xsd:boolean</a>	True if an arrest was made due to the incident; false otherwise.
IncidentAssistingOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official that assisted in processing an incident.
IncidentCategory	<a href="#">IncidentCategoryType</a> <a href="#">extends SuperType</a>	Details that describe a general category or classification of an incident.
IncidentCategoryTypeCode	<a href="#">j-nibrs:CriminalActivityTypeCodeType</a>	A code that identifies a type of incident that occurred.
IncidentCategoryTypeText	<a href="#">TextType</a>	A general category of an incident that occurred, e.g., assault, burglary, theft.
IncidentCriminalIndicator	<a href="#">j-xsd:boolean</a>	True if an incident that occurred is criminal; false if an incident is non-criminal.
IncidentDamagedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that was damaged in an incident.
IncidentDayPeriodText	<a href="#">TextType</a>	A period of a day an incident occurred. For example: morning, late night, afternoon, etc.
IncidentEntryPoint	<a href="#">PassagePointType</a> <a href="#">extends ActivityType</a>	A point of entry to a location or structure used in an incident.
IncidentEvent	<a href="#">EventType</a> <a href="#">extends SuperType</a>	Details about an action or occurrence associated with an incident, e.g., Victim was seen walking to his car at 11:30pm.

IncidentEvidence	<a href="#">EvidenceType</a> <a href="#">extends SuperType</a>	An item seized by an official for later use in ascertaining the true nature of an incident.
IncidentEvidenceHeldIndicator	<a href="#">j-xsd:boolean</a>	True if evidence was held due to this incident; false otherwise.
IncidentExceptionalClearanceCode	<a href="#">j-nibrs:IncidentExceptionalClearanceCodeType</a>	A code that identifies a reason why an incident has been cleared exceptionally, e.g., the identity of at least one subject has been determined, sufficient probable cause has been developed, the exact location of the subject is known so an arrest could be made, and there are reasons outside of law enforcement which prevent the arrest of the subject.
IncidentExceptionalClearanceText	<a href="#">TextType</a>	A reason why an incident has been cleared exceptionally, e.g., the identity of at least one subject has been determined, sufficient probable cause has been developed, the exact location of the subject is known so an arrest could be made, and there are reasons outside of law enforcement which prevent the arrest of the subject.
IncidentExceptionClearanceDate	<a href="#">j-xsd:date</a>	A date an incident was cleared exceptionally.
IncidentExitPoint	<a href="#">PassagePointType</a> <a href="#">extends ActivityType</a>	A point of exit to a location or structure used in an incident.
IncidentFactor	<a href="#">IncidentFactorType</a> <a href="#">extends SuperType</a>	Details about a factor involved that has an effect on an incident. Example: narcotics, computer, radar, domestic violence, employment, bias, injury, hazmat, CMV.
IncidentFactorCode.nibrsAggravatedAssaultHomicideFactorCode	<a href="#">j-nibrs:AggravatedAssaultHomicideFactorCodeType</a>	A unique code that identifies a circumstance of factor in an incident.
IncidentFactorCode.nibrsBiasMotivationFactorCode	<a href="#">j-nibrs:IncidentBiasMotivationFactorCodeType</a>	A unique code that identifies a circumstance of factor in an incident.
IncidentFactorCode	<a href="#">j-nibrs:IncidentFactorCodeType</a>	A unique code that identifies a circumstance of factor in an incident.
IncidentFactorCode.nibrsJustifiableHomicideFactorCode	<a href="#">j-nibrs:JustifiableHomicideFactorCodeType</a>	A unique code that identifies a circumstance of factor in an incident.
IncidentFactorDescriptionText	<a href="#">TextType</a>	A description of a circumstance or factor involved in an incident.
IncidentFactorKnownIndicator	<a href="#">j-xsd:boolean</a>	True if a factor in an incident is known to be true; false if it is suspected, estimated, or otherwise.
IncidentFactorSubtypeText	<a href="#">TextType</a>	A specific detail or aspect of an incident factor or circumstance.

IncidentFactorText	<a href="#">TextType</a>	A circumstance or factor in an incident, e.g., argument, narcotics, domestic violence.
IncidentForce	<a href="#">ForceType</a> <a href="#">extends ActivityType</a>	Details about a force used in an incident, whether physical or aided by a tool or weapon.
IncidentForceInvolvedIndicator	<a href="#">j-xsd:boolean</a>	True if force was used in an incident; false otherwise. Applies to any incident category.
IncidentForm	<a href="#">IncidentFormType</a> <a href="#">extends SuperType</a>	Details about an electronic or paper form to be completed by a response unit and submitted to record the details of an incident and of a response to an incident.
IncidentFormComment	<a href="#">TextType</a>	A note or comment about a form associated with an incident.
IncidentFormName	<a href="#">TextType</a>	A name of an incident report form.
IncidentFormSubmittedIndicator	<a href="#">j-xsd:boolean</a>	True if a form has been submitted; false otherwise.
IncidentInjuryLevelText	<a href="#">TextType</a>	An indication of the severity level of an injury received during an incident, e.g., major, minor, none, noncriminal.
IncidentInvolvedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that was somehow involved in an incident but not damaged, stolen, or seized. This may include a vehicle a subject was driving.
IncidentInvolvedStructure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	A structure that was involved in an incident.
IncidentJurisdictionalOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization or agency who has jurisdiction over an incident.
IncidentLevelCode	<a href="#">j-mn_off:OffenseLevelCodeType</a>	A code identifying a level of an incident, e.g., felony.
IncidentLevelText	<a href="#">TextType</a>	A level of an incident, e.g., felony.
IncidentLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where an incident occurred.
IncidentMethodDescriptionText	<a href="#">TextType</a>	A description of the method used to carry out on incident. Sometimes referred to as MO, modus operandi.
IncidentMinorInvolvedIndicator	<a href="#">j-xsd:boolean</a>	True if an incident involved or employed a person under the legal age of an adult; false otherwise.
IncidentNonPropertyItemText	<a href="#">TextType</a>	An item that was stolen. Includes only items not included in property, e.g., services.
IncidentObservationText	<a href="#">TextType</a>	An observation made by an official of an incident occurring.
IncidentOfficialPresentIndicator	<a href="#">j-xsd:boolean</a>	True if an official was present when an incident occurred; false otherwise.

IncidentPrintsRequestedIndicator	<a href="#">j-xsd:boolean</a>	True if a request was made to gather fingerprints; false otherwise.
IncidentPropertyDisposition	<a href="#">PropertyDispositionType</a> <a href="#">extends ActivityType</a>	Details about what happened to a property item after an incident.
IncidentRecoveredProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that was found or recovered in an incident.
IncidentRecoveredVehicleQuantity	<a href="#">QuantityType</a> <a href="#">extends NumericType</a>	A number of motor vehicle recovered from an incident.
IncidentReportedNarrative	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A textual narrative of an incident by an investigative official.
IncidentReportingOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official that submitted an incident report in an incident.
IncidentResponse	<a href="#">IncidentResponseType</a> <a href="#">extends ActivityType</a>	Details about a response to an incident by an official unit.
IncidentResponseOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official that responded to an incident.
IncidentResponseOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization or agency that responded to an incident.
IncidentSeizedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that was removed by an official in an incident.
IncidentServiceCall	<a href="#">ServiceCallType</a> <a href="#">extends ActivityType</a>	An identifier issued by an organization to track calls for service or an observation by an organization employee.
IncidentSourceText	<a href="#">TextType</a>	An item or location from which something was stolen. Includes only items and locations not included in property and location type, e.g., shipment, military, telecommunication system, etc.
IncidentStolenProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that was stolen in an incident.
IncidentStolenVehicleQuantity	<a href="#">QuantityType</a> <a href="#">extends NumericType</a>	A number of motor vehicles stolen in an incident.
IncidentStructuresEnteredQuantity	<a href="#">QuantityType</a> <a href="#">extends NumericType</a>	A number of structures or premises entered by the subject during an incident.
IncidentSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person whose actions caused an incident.
IncidentSubjectOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization (possibly a criminal organization) whose actions caused an incident.

IncidentSubjectWeapon	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A weapon used or possessed by a subject in an incident.
IncidentSupervisingOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An enforcement supervisor responsible for, or present at, an incident.
IncidentSurroundingLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	An area surrounding a location where an incident occurred.
IncidentTarget	<a href="#">TargetType</a> <a href="#">extends SuperType</a>	An entity that was an intended recipient of a subject's actions involved in an incident.
IncidentTrafficAccidentInvolvedIndicator	<a href="#">j-xsd:boolean</a>	True if an incident involved a traffic accident; false otherwise.
IncidentVictim	<a href="#">VictimType</a> <a href="#">extends SuperType</a>	A person that was negatively affected in an incident.
IncidentViolatedStatute	<a href="#">ViolatedStatuteType</a> <a href="#">extends StatuteType</a>	Details about a statute, rule, or ordinance that was violated in an incident.
IncidentWeaponInvolvedIndicator	<a href="#">j-xsd:boolean</a>	True if a weapon was used in an incident; false otherwise.
IncidentWitness	<a href="#">WitnessType</a> <a href="#">extends PersonType</a>	A person who observed or has knowledge of an incident.
Infraction	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	An offense punishable by a fine or other penalty, but not by incarceration.
InjuryCauser.Force	<a href="#">ForceType</a> <a href="#">extends ActivityType</a>	A force, tool, weapon, or person that caused an injury.
InjuryCauser.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A force, tool, weapon, or person that caused an injury.
InjuryDate	<a href="#">j-xsd:date</a>	A date on which an injury occurred.
InjuryDescriptionText	<a href="#">TextType</a>	A description of an injury.
InjuryLocationText	<a href="#">TextType</a>	A location of an injury on a person's body.
InjurySeverityText	<a href="#">TextType</a>	A level of severity of an injury.
InjuryTime	<a href="#">j-xsd:time</a>	A time at which an injury occurred.
InjuryTreater.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization that treated an injury.
InjuryTreater.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization that treated an injury.
InjuryTreatmentEndDate	<a href="#">j-xsd:date</a>	A date on which treatment for an injury concluded.
InjuryTreatmentStartDate	<a href="#">j-xsd:date</a>	A date on which treatment for an injury began.
InjuryTreatmentText	<a href="#">TextType</a>	A treatment given to an injury.
InjuryTypeCode	<a href="#">j-nibrs:InjuryTypeCodeType</a>	A code identifying a general category of harm or injury.
InjuryTypeText	<a href="#">TextType</a>	A general category of harm or injury.

Insurance	<a href="#">InsuranceType</a> <a href="#">extends SuperType</a>	Details about a coverage by contract whereby one party agrees to indemnify or guarantee another against loss by a specified contingent event or peril.
InsuranceActiveIndicator	<a href="#">j-xsd:boolean</a>	True if an insurance policy is active; false otherwise.
InsuranceCancelationDate	<a href="#">j-xsd:date</a>	A date an insurance policy was or will be cancelled.
InsuranceCarrierID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier code assigned by the National Association of Insurance Carriers (NAIC) for a business involved in underwriting automobile insurance.
InsuranceCarrierName	<a href="#">TextType</a>	A business name of the company maintaining insurance on a vehicle.
InsuranceCertifiedDate	<a href="#">j-xsd:date</a>	A date a driver with a future proof requirement was certified as having the necessary automobile liability coverage
InsuranceCoverageTypeCode	<a href="#">j-ansi_d20:InsuranceCoverageTypeC</a>	A code describing the category of coverage provided by the insurance policy.
InsuranceCoverageTypeText	<a href="#">TextType</a>	A category of coverage provided by the insurance policy.
InsuranceCoveredProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item such as a vehicle that an insurance policy covers.
InsuranceEffectiveDate	<a href="#">j-xsd:date</a>	A date the insured party's policy coverage starts.
InsuranceEndDate	<a href="#">j-xsd:date</a>	A date the insured party's policy coverage ends
InsurancePersonalIndicator	<a href="#">j-xsd:boolean</a>	True if an insurance coverage is for a personal use; false if it is for commercial or corporate use.
InsurancePolicyID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to the insurance policy by the insurance carrier. Sometimes referred to as the Policy Number.
IntellectualProperty	<a href="#">IntellectualPropertyType</a> <a href="#">extends PropertyType</a>	Details about an intellectual property item such as information, patents, trademarks, and copyrighted material.
IntellectualPropertyBusinessAreaText	<a href="#">TextType</a>	An area in which a piece of intellectual property is used or would be useful, e.g., information technology.
IntellectualPropertyCreationDate	<a href="#">j-xsd:date</a>	A date that a piece of intellectual property came into existence.
IntellectualPropertyCreationEventText	<a href="#">TextType</a>	An event that led to the creation of the intellectual property, e.g., when system "X" became operational
IntellectualPropertyRegistrationDate	<a href="#">j-xsd:date</a>	A date when intellectual property rights began for the registered owner (e.g., registration date of copyright)
IntellectualPropertyRegistrationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a piece of intellectual property, e.g., Patent Registration No.

IntellectualPropertyTerminationDate	<a href="#">j-xsd:date</a>	A date when intellectual property is destroyed and/or property or registration rights cease to exist.
IntellectualPropertyTerminationEventText	<a href="#">TextType</a>	An event that led to the destruction of a piece of intellectual property and/or the termination of registration rights.
IntoxicationAlcoholInvolvedIndicator	<a href="#">j-xsd:boolean</a>	True if an intoxicant discovered was alcohol; false otherwise.
IntoxicationDrugInvolvedIndicator	<a href="#">j-xsd:boolean</a>	True if an intoxicant discovered was a drug; false otherwise.
IntoxicationIntoxicantTypeCode	<a href="#">j-nibrs:DrugTypeCodeType</a>	A code assigned to a substance by which a person is intoxicated.
IntoxicationIntoxicantTypeText	<a href="#">TextType</a>	A type of substance by which a person is intoxicated.
IntoxicationLevelText	<a href="#">TextType</a>	A description of the degree a person is intoxicated or under the influence of a substance.
IntoxicationOverLimitIndicator	<a href="#">j-xsd:boolean</a>	True if the amount of drugs or alcohol in a person's system is over the legal limit; false otherwise.
IntoxicationTestAdministrator	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who administers a test to another person to determine the presence and/or amount of drug or alcohol intoxicants in a persons system.
IntoxicationTestDate	<a href="#">j-xsd:date</a>	The date that a test for intoxication was conducted.
IntoxicationTestDescriptionText	<a href="#">TextType</a>	A description of the intoxication test that yielded the described results.
IntoxicationTestTime	<a href="#">j-xsd:time</a>	The time that a test for intoxication was conducted.
IntoxicationTestTypeText	<a href="#">TextType</a>	A type of test performed to determine a person's intoxication.
IsAssociatedWith	<a href="#">SuperType</a>	A general relationship that indicates two object instances are linked but the meaning of the relationship is unknown.
Jewelry	<a href="#">JewelryType</a>	Details about adornments, such as bracelets and necklaces, made out of metals and gems or imitations.
JewelryCaratText	<a href="#">TextType</a>	A measurement of the fineness of gold in a piece of jewelry.
JewelryMetalText	<a href="#">TextType</a>	A metal that makes up part of a piece of jewelry, e.g., gold.
JewelryStone	<a href="#">JewelryStoneType</a>	A stone or gem from a piece of jewelry.
JewelryStoneCaratText	<a href="#">TextType</a>	A measurement of the weight of a jewelry stone in carats.
JewelryStoneColorText	<a href="#">TextType</a>	A color of jewelry stone.

JewelryStoneCutText	<a href="#">TextType</a>	The cut of a jewelry stone, e.g., marquise, square, round, trillion.
JewelryStoneQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of a type of stone found on a piece of jewelry.
JewelryStoneTypeText	<a href="#">TextType</a>	A type of jewelry gem or imitation gem.
JewelryTypeCode	<a href="#">j-ncic:JWTType</a>	A code identifying a type of jewelry.
Judge	<a href="#">JudicialOfficialType</a>	An official who hears and decides a case or who rules over a case proceeding.
JudgePanel	<a href="#">JudgePanelType</a>	Details about a group of federal or state appellate court judges needed to decide a case.
JudgePanelID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier of a judge panel.
JudgePanelRequiredQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of panel judges required to make a decision
JudgePanelTotalQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A total number of judges that sit on a judge's panel.
JudicialOfficial	<a href="#">JudicialOfficialType</a>	A person involved in a judicial area of government. May include, but not limited to: magistrate, all types of judges and justices, court clerks, and attorneys.
JudicialOfficialBarID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to a judicial official after meeting the requirement to practice law in a region. Includes information about the issuing authority.
JudicialOfficialBarMembership	<a href="#">JudicialOfficialBarMembershipType</a>	Details about a legal capacity in which a judicial official is able to practice law.
JudicialOfficialBarStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a judicial officials bar membership.
JudicialOfficialCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court unit to which a judicial official is assigned.
JudicialOfficialFirm	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency at which a judicial official works.
JudicialOfficialPanelID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier or name of a panel or group to which a judicial official is assigned. Sometimes referred to as judges panel.
JudicialOfficialRegistrationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to a judicial official after registering within a state or region.
JudicialOfficialTypeText	<a href="#">TextType</a>	A type of judicial official, e.g., Judge, Attorney, DA, etc.
Jurisdiction	<a href="#">JurisdictionType</a>	Details about the geo-political area in which an organization, person, or object has a specific range of authority.

JurisdictionDescriptionText	<a href="#">TextType</a>	A description of an area an organization or person has some kind of authoritative capacity or responsibility over.
JurisdictionDistrictText	<a href="#">TextType</a>	A district in a jurisdiction.
JurisdictionID	<a href="#">IDType</a>	A name or number of a district in a jurisdiction.
JurisdictionRestrictionText	<a href="#">extends SuperType</a>	A restriction or limitation of a jurisdiction.
JurisdictionText	<a href="#">TextType</a>	An area in which an organization or person has some kind of authoritative capacity or responsibility over.
JurisdictionTitle	<a href="#">TextType</a>	A title issued by a jurisdiction.
Juror	<a href="#">PropertyTitleType</a> <a href="#">extends SuperType</a>	A person who serves on a jury and listens to a case to determine the guilt or innocence of a person accused of a crime. This person is a member of a jury, including special or alternate jurors.
JurorDismissedDate	<a href="#">JurorType</a>	A date a juror was dismissed from jury service.
JurorDismissedIndicator	<a href="#">j-xsd:date</a>	True if a juror has been dismissed; false otherwise.
JurorDismissedReasonText	<a href="#">j-xsd:boolean</a>	A reason why a juror was dismissed or excused, e.g., dismissed by prosecution, excused for health reasons.
JurorForemanIndicator	<a href="#">TextType</a>	True if a juror has been appointed as juror leader; false otherwise.
JurorID	<a href="#">j-xsd:boolean</a>	A juror number that identifies a juror within a panel on which he or she is serving
JurorPanelID	<a href="#">IDType</a>	Identifies the panel on which a juror is serving.
JurorPrimaryIndicator	<a href="#">extends SuperType</a>	True if a person is a primary indicator; false if a person in an alternate juror.
KitID	<a href="#">j-xsd:boolean</a>	An identifier of a kit.
KitTypeText	<a href="#">IDType</a>	A type of kit.
LatitudeDegreeValue	<a href="#">extends SuperType</a>	A value that specifies the degree of a latitude. The value comes from a restricted range between -90 (inclusive) and +90 (inclusive).
LatitudeMinuteValue	<a href="#">TextType</a>	A value that specifies a minute of a degree. The value comes from a restricted range of 0 (inclusive) to 60 (exclusive).
	<a href="#">LatitudeDegreeType</a> <a href="#">extends SuperType</a>	
	<a href="#">AngularMinuteType</a> <a href="#">extends SuperType</a>	

LatitudeSecondValue	<a href="#">AngularSecondType</a> <a href="#">extends SuperType</a>	A value that specifies a second of a minute. The value comes from a restricted range of 0 (inclusive) to 60 (exclusive).
LengthMeasure	<a href="#">LengthMeasureType</a> <a href="#">extends MeasureType</a>	A representation of the measurement of a length.
Lessee	<a href="#">LesseeType</a> <a href="#">extends SuperType</a>	Details about a party (individual or business) which has a contract (lease) to use a vehicle.
LesseeJurisdictionAuthorityCode	<a href="#">j-ansi_d20:JurisdictionAuthorityCode1</a>	A code identifying an authority that has jurisdiction over a lease.
LesseeJurisdictionAuthorityText	<a href="#">TextType</a>	An authority that has jurisdiction over a lease.
LesseeParty.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or a business which has a contact (lease) to use a vehicle.
LesseeParty.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or a business which has a contact (lease) to use a vehicle.
Lessor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	One who conveys vehicles by way of a lease.
Lessor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	One who conveys vehicles by way of a lease.
Lien	<a href="#">LienType</a> <a href="#">extends SuperType</a>	Details about a legal encumbrance placed on property, such as a vehicle. Historically, liens have been reflected on title documents. Thus, title documents are used to record liens in a way that is visible across jurisdictions.
LienAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A monetary amount representing a legal encumbrance placed on a property.
LienDate	<a href="#">j-xsd:date</a>	A date a lien was placed on property.
LienHolder.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization who holds a lien on (has a security interest in) a property item.
LienHolder.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization who holds a lien on (has a security interest in) a property item.
LienHolderEntity	<a href="#">LienHolderType</a> <a href="#">extends SuperType</a>	A person or organization who holds a lien on (has a security interest in) a property item.
LienReleaseDate	<a href="#">j-xsd:date</a>	A date a legal encumbrance is removed from property.
LienReleaseReasonCode	<a href="#">j-ansi_d20:LienReleaseReasonCode1</a>	A code that identifies a reason a legal encumbrance is removed from property.
LienReleaseReasonText	<a href="#">TextType</a>	A reason a legal encumbrance is removed from property.
LienTime	<a href="#">j-xsd:time</a>	A time a lien was placed on property.

Locale	<a href="#">LocaleType</a> <a href="#">extends SuperType</a>	Details about a geo-political area.
LocaleCensusBlockID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A census block number for a locale
LocaleCensusTractID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A census tract number for a locale
LocaleCommunityName	<a href="#">TextType</a>	A name of a specific community within a region.
LocaleDescriptionText	<a href="#">TextType</a>	A description of the place of a location.
LocaleDistrictName	<a href="#">TextType</a>	A name of a district (an area of land defined for administrative or official purposes).
LocaleEmergencyServicesCityName	<a href="#">TextType</a>	A name of a city containing the emergency services department associated with a region.
LocaleFireJurisdictionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identification of the fire jurisdiction associated with a region.
LocaleJudicialDistrictCodeText	<a href="#">TextType</a>	A local code for a judicial district within a region.
LocaleJudicialDistrictName	<a href="#">TextType</a>	A name of the judicial district within a region.
LocaleNeighborhoodName	<a href="#">TextType</a>	A name of a neighborhood within a region.
LocalePoliceBeatText	<a href="#">TextType</a>	An identification of a police beat that encompasses a location.
LocalePoliceGridText	<a href="#">TextType</a>	A police grid coordinate associated with a region.
LocalePoliceJurisdictionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identification of a police jurisdiction that encompasses a location.
LocaleRegionName	<a href="#">TextType</a>	A name of a region.
LocaleSubdivisionName	<a href="#">TextType</a>	A name of a subdivision within a region.
LocaleZoneName	<a href="#">TextType</a>	A name of the zone for a region.
Location	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	Details about a physical location.
LocationAddress	<a href="#">AddressType</a> <a href="#">extends SuperType</a>	Details about a postal address for a location.
LocationAddressGrid	<a href="#">AddressGridType</a> <a href="#">extends SuperType</a>	Details about a specific geographic area of a Law Enforcement Agency's jurisdiction within a location.
LocationArea	<a href="#">AreaType</a> <a href="#">extends SuperType</a>	Details about the boundaries of a geographic area of location.
LocationBuilding	<a href="#">BuildingType</a> <a href="#">extends SuperType</a>	Details about a building at a location.
LocationCityName	<a href="#">TextType</a>	A name of a city or town.

LocationContactInformation	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	Details about contact information for a location.
LocationContainsOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Indicates that a particular location contains the indicated organization. For example, the locale might be a neighborhood that contains a particular watch organization; a municipal complex might contain the Sherrifs organization.
LocationCountryCode.iso3166Alpha2	<a href="#">i-iso_3166:CountryAlpha2CodeType</a>	A code that identifies a country, territory, or dependency.
LocationCountryCode.iso3166Alpha3	<a href="#">i-iso_3166:CountryAlpha3CodeType</a>	A code that identifies a country, territory, or dependency.
LocationCountryCode.fips10-4	<a href="#">i-fips_10-4:CountryCodeType</a>	A code that identifies a country, territory, or dependency.
LocationCountryCode.iso3166Numeric	<a href="#">i-iso_3166:CountryNumericCodeType</a>	A code that identifies a country, territory, or dependency.
LocationCountryName	<a href="#">TextType</a>	A name of a country.
LocationCountyCode	<a href="#">i-fips_6-4:USCountyCodeType</a>	A code identifying a county, parish, or vicinage.
LocationCountyName	<a href="#">TextType</a>	A name of a county, parish, or vicinage.
LocationCrossStreet	<a href="#">CrossStreetType</a> <a href="#">extends SuperType</a>	Details about a cross street or intersecting street near a location.
LocationDescriptionText	<a href="#">TextType</a>	A description of a location.
LocationElevation	<a href="#">ElevationType</a> <a href="#">extends MeasureType</a>	Details about a height or elevation of a location.
LocationEmergencyServices	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The emergency services department or agency associated with a particular location
LocationGeographicCoordinate	<a href="#">GeographicCoordinateType</a> <a href="#">extends SuperType</a>	Details about the latitude and longitude of a location.
LocationHighway	<a href="#">HighwayType</a> <a href="#">extends SuperType</a>	Details about a major public road at a location.
LocationLandmarkText	<a href="#">TextType</a>	A name or description of a distinguishing physical feature at a location.
LocationLocale	<a href="#">LocaleType</a> <a href="#">extends SuperType</a>	Details about a geo-political area location.
LocationMapLocation	<a href="#">MapLocationType</a> <a href="#">extends SuperType</a>	Details about a location identified by map coordinates.
LocationMGRSCoordinate	<a href="#">MGRSCoordinateType</a> <a href="#">extends UTMCoordinateType</a>	Details about a coordinate from the Military Grid Reference System (MGRS). This coordinate represents a location with a Universal Transverse Mercator (UTM) coordinate and a unique military grid square.
LocationName	<a href="#">TextType</a>	A name of a location.

LocationNeighbor	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate lives in the general neighborhood of the location.
LocationPoliceDepartment	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The police department associated with a particular location.
LocationPostalCodeExtensionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An extension of a zip code or postal code.
LocationPostalCodeID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A zip code or postal code.
LocationRangeDescriptionText	<a href="#">TextType</a>	A description of the boundary or range of a location.
LocationRelativeLocation	<a href="#">RelativeLocationType</a> <a href="#">extends SuperType</a>	Details about a location relative to another location.
LocationSecondaryUnitText	<a href="#">TextType</a>	A piece of information used to identify a particular unit within a specific location. Examples of this could be an apartment number or a suite number.
LocationStateCode.CanadianProvince	<a href="#">j-can:CanadianProvinceCodeType</a>	A code identifying a state.
LocationStateCode.fips10-4International	<a href="#">j-fips_10-4:InternationalStateCodeType</a>	A code identifying a state.
LocationStateCode.ncicLIS	<a href="#">j-ncic:LISType</a>	A code identifying a state.
LocationStateCode.ncicLSTA	<a href="#">j-ncic:LSTAType</a>	A code identifying a state.
LocationStateCode.ncicRES	<a href="#">j-ncic:RESType</a>	A code identifying a state.
LocationStateCode.USPostalService	<a href="#">j-usps:USStateCodeType</a>	A code identifying a state.
LocationStateCode.fips5-2Alpha	<a href="#">j-fips_5-2:USStateCodeType</a>	A code identifying a state.
LocationStateCode.fips5-2Numeric	<a href="#">j-fips_5-2:USStateNumericCodeType</a>	A code identifying a state.
LocationStateName	<a href="#">TextType</a>	A name of a state, commonwealth, province, or other subregion of a country.
LocationStreet	<a href="#">StreetType</a> <a href="#">extends SuperType</a>	Details about a street.
LocationSurroundingAreaDescriptionText	<a href="#">TextType</a>	A description of an area surrounding a location.
LocationTypeCode	<a href="#">j-nibrs:LocationTypeCodeType</a>	A code identifying a functional description of a location, e.g., residence, school, agency, park.
LocationTypeText	<a href="#">TextType</a>	A functional description of a location, e.g., residence, school, agency, park.
LocationUTMCoordinate	<a href="#">UTMCoordinateType</a> <a href="#">extends SuperType</a>	Details about a coordinate from the Universal Transverse Mercator (UTM) Coordinate System. This coordinate represents a location as with a grid zone, an easting value, and a northing value.

LongitudeDegreeValue	<a href="#">LongitudeDegreeType</a> <a href="#">extends SuperType</a>	A value that specifies the degree of a longitude. The value comes from a restricted range between -180 (inclusive) and +180 (exclusive).
LongitudeMinuteValue	<a href="#">AngularMinuteType</a> <a href="#">extends SuperType</a>	A value that specifies a minute of a degree. The value comes from a restricted range of 0 (inclusive) to 60 (exclusive).
LongitudeSecondValue	<a href="#">AngularSecondType</a> <a href="#">extends SuperType</a>	A value that specifies a second of a minute. The value comes from a restricted range of 0 (inclusive) to 60 (exclusive).
LowerBound	<a href="#">TextType</a>	An allowable lower bound on a numeric point estimate.
MapCoordinateFullText	<a href="#">TextType</a>	A complete coordinate of a point on a map.
MapDate	<a href="#">j-xsd:date</a>	A date a map was current or copyrighted.
MapElevationCoordinateText	<a href="#">TextType</a>	A point's height or elevation on a map. Sometimes referred to as a z-coordinate.
MapHorizontalCoordinateText	<a href="#">TextType</a>	A point's horizontal location on a map. Sometimes referred to as an x-coordinate.
MapLocation	<a href="#">MapLocationType</a> <a href="#">extends SuperType</a>	Details about a location specified by map or grid coordinates.
MapLocationDescriptionText	<a href="#">TextType</a>	A complete description of a map location.
MapName	<a href="#">TextType</a>	A name of a map.
MapPageID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A page number of a map.
MapQuadrantText	<a href="#">TextType</a>	A quadrant or square in a map.
MapVersionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A version of a map.
MapVerticalCoordinateText	<a href="#">TextType</a>	A point's vertical location on a map. Sometimes referred to as a y-coordinate.
Measure	<a href="#">MeasureType</a> <a href="#">extends SuperType</a>	A representation of a measurement.
MedicalConditionCauseText	<a href="#">TextType</a>	A name or description of a medication, drug, food, allergen, or other cause that can initiate an onset of a medical condition.
MedicalConditionDescriptionText	<a href="#">TextType</a>	A description of a medical condition.
MedicalConditionPresentIndicator	<a href="#">j-xsd:boolean</a>	True if a medical condition currently exists; false otherwise.
MedicalConditionSeverityText	<a href="#">TextType</a>	A degree to which a medical condition is affecting a person.

MedicalConditionText	<a href="#">TextType</a>	A medical condition.
MetadataFieldName	<a href="#">TextType</a>	A name of a user-defined document metadata field.
MetadataFieldValueText	<a href="#">TextType</a>	A value of a user-defined document metadata field.
MGRSCoordinate	<a href="#">MGRSCoordinateType</a> <a href="#">extends UTMCoordinateType</a>	A coordinate from the Military Grid Reference System (MGRS) Coordinate System. The MGRS Coordinate System qualifies a Universal Transverse Mercator (UTM) Coordinate System by including a reference to a military grid square.
MGRSCoordinateID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A complete Military Grid Reference System (MGRS) coordinate value. This value is a concatenation of a UTM Grid Zone, a MGRS square identifier, a UTM Easting Value (in meters), and a UTM Northing value (in meters).
MGRSCoordinateSquareID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier of a Military Grid Reference System (MGRS) square.
MilitaryBranchName	<a href="#">TextType</a>	A name of a military branch in which a person served.
MilitaryDischargeDate	<a href="#">j-xsd:date</a>	A date a person was discharged from military service.
MilitaryDischargeTypeCode	<a href="#">j-ut_offender:MilitaryDischargeTypeCode</a>	A code identifying a type of discharge a person received from military service.
MilitaryDischargeTypeText	<a href="#">TextType</a>	A type of discharge a person received from military service.
MilitaryExemptionDescriptionText	<a href="#">TextType</a>	A description of why a person was excused from military service, e.g., overage, disability.
MilitaryExperienceIndicator	<a href="#">j-xsd:boolean</a>	True if a person has some form of military experience; false otherwise.
MilitaryReleaseDate	<a href="#">j-xsd:date</a>	A date a person was released from military service.
MilitaryReleaseTypeText	<a href="#">TextType</a>	A type of release a person received from military service.
MilitaryServiceActiveIndicator	<a href="#">j-xsd:boolean</a>	True if a person is currently serving in the military; false otherwise.
MilitaryServiceTimeMeasure	<a href="#">TimeMeasureType</a> <a href="#">extends MeasureType</a>	An amount of time a person spent in military service.
MilitaryStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a person in the military, e.g., active, retired, discharged.
Misdemeanor	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	A crime punishable by imprisonment in a county jail for up to one year.
MissingPerson	<a href="#">MissingPersonType</a> <a href="#">extends PersonType</a>	Details about a person whose whereabouts are unknown.

MissingPersonCircumstanceCode	<a href="#">j-ncic:MPCType</a>	A code identifying a circumstance surrounding the disappearance of a person.
MissingPersonCircumstanceText	<a href="#">TextType</a>	A circumstance surrounding the disappearance of a person.
MissingPersonDeclarationDate	<a href="#">j-xsd:date</a>	A date a person was declared or legally assumed to be missing.
MissingPersonDeclarationPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who declared another person to be missing.
MissingPersonDeclarationTime	<a href="#">j-xsd:time</a>	A time a person was declared or legally assumed to be missing.
MissingPersonDisappearanceTypeCode	<a href="#">j-ncic:MNPTType</a>	A code identifying the type of disappearance of a missing person.
MissingPersonDisappearanceTypeText	<a href="#">TextType</a>	A type of disappearance of a missing person.
MissingPersonFoundDate	<a href="#">j-xsd:date</a>	A date a missing person was found.
MissingPersonFoundIndicator	<a href="#">j-xsd:boolean</a>	True if a missing person has been found; false otherwise.
MissingPersonFoundLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where a missing person was found.
MissingPersonFoundTime	<a href="#">j-xsd:time</a>	A time a missing person was found.
MissingPersonID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number or string identifying a missing person.
MissingPersonLastSeenDate	<a href="#">j-xsd:date</a>	A date a missing person was last seen before disappearing.
MissingPersonLastSeenLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A place a missing person was last seen before disappearing.
MissingPersonLastSeenTime	<a href="#">j-xsd:time</a>	A time a missing person was last seen before disappearing.
MissingPersonLastSeenWitness	<a href="#">WitnessType</a> <a href="#">extends PersonType</a>	A person who last saw a missing person.
MissingPersonStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a missing person.
NonStandardCode	<a href="#">TextType</a>	A code value.
NonStandardCodeDetails	<a href="#">NonStandardCodeType</a> <a href="#">extends SuperType</a>	A representation for a code not defined or referred to by the JDD standard. This is to be used ONLY when a standard code mechanism is unavailable.
NonStandardCodeSourceName	<a href="#">TextType</a>	The source from which a code value was obtained.
NonStandardCodeValueDescriptionText	<a href="#">TextType</a>	A description of a code value.

NonStandardCodeVersionText	<a href="#">TextType</a>	The version of the source from which a code value was obtained.
Numeric	<a href="#">NumericType</a> <a href="#">extends decimal</a>	A type representing a numeric value.
Obligation	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	An amount of money or time to be paid as part of a required obligation.
ObligationCompleteIndicator	<a href="#">j-xsd:boolean</a>	True if a payment obligation has been completely fulfilled; false otherwise.
ObligationComplianceIndicator	<a href="#">j-xsd:boolean</a>	True if a payer is in compliance with the requirements of a payment obligation, e.g., no overdue or outstanding amounts.
ObligationDueDate	<a href="#">j-xsd:date</a>	A date by which a payment must be made.
ObligationDueTime	<a href="#">j-xsd:time</a>	A time by which a payment obligation must be made.
ObligationEndDate	<a href="#">j-xsd:date</a>	A final or end date of a payment obligation.
ObligationEndTime	<a href="#">j-xsd:time</a>	A final or end time of a payment obligation.
ObligationExemption	<a href="#">ObligationExemptionType</a> <a href="#">extends SuperType</a>	A waiving or dismissal of a payment obligation.
ObligationExemptionDescriptionText	<a href="#">TextType</a>	A description of the partial or total exemption of a person from a payment obligation.
ObligationExemptionIndicator	<a href="#">j-xsd:boolean</a>	True if a payment obligation has been waived or dismissed; false otherwise.
ObligationPaidDate	<a href="#">j-xsd:date</a>	A date a payment obligation was made.
ObligationPaidTime	<a href="#">j-xsd:time</a>	A time a payment obligation was made.
ObligationPeriodText	<a href="#">TextType</a>	An interval or period a payment obligation is required to be made, e.g., weekly, monthly, yearly.
ObligationProgressDescriptionText	<a href="#">TextType</a>	A description of the amount of progress that has been made on a payment obligation.
ObligationRecipient.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization to whom a payment obligation must be fulfilled.
ObligationRecipient.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization to whom a payment obligation must be fulfilled.
ObligationRequirementDescriptionText	<a href="#">TextType</a>	A description of the payment requirements, e.g., an amount of money or time in service due.
ObligationStartDate	<a href="#">j-xsd:date</a>	A date on which a payment obligation began.
ObligationStartTime	<a href="#">j-xsd:time</a>	A time at which a payment obligation began.

ObligationSubject.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization which must pay an amount of money or time in some activity to fulfill a payment requirement.
ObligationSubject.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization which must pay an amount of money or time in some activity to fulfill a payment requirement.
ObligationTypeText	<a href="#">TextType</a>	A type or category of obligation, e.g., fee, fine, support, restitution, community service, damages, court costs.
Offense	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	An act or a course of action which may constitute a violation of a criminal statute, ordinance or rule that occurred during an incident.
OfferedPlea	<a href="#">PleaType</a> <a href="#">extends ActivityType</a>	An original plea offered by a defendant in relation to a charge.
Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Details about a unit which conducts some sort of business or operations.
OrganizationAbbreviationText	<a href="#">TextType</a>	An abbreviation, acronym, or code for an organization name, e.g., FBI, NCIC.
OrganizationActivityText	<a href="#">TextType</a>	An activity that an organization is known or thought to be involved with, e.g., law enforcement, supervision.
OrganizationAffiliate	<a href="#">AffiliateType</a> <a href="#">extends SuperType</a>	A person or organization that has some relationship or association with an organization.
OrganizationBranchName	<a href="#">TextType</a>	A name or number of the chapter or branch an organization is known by within a larger group of organizations.
OrganizationDayContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information that is valid during daytime hours.
OrganizationDescriptionText	<a href="#">TextType</a>	A description of an organization
OrganizationDoingBusinessAsName	<a href="#">TextType</a>	A name an organization uses for conducting business. Sometimes referred to as a DBA.
OrganizationEmergencyContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information should be used to contact the person during an emergency only.
OrganizationEmploymentHistory	<a href="#">EmploymentType</a> <a href="#">extends SuperType</a>	An employment history or an employee of an organization or company.
OrganizationEstablishedDate	<a href="#">j-xsd:date</a>	A date an organization was started.
OrganizationEveningContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information that is valid during evening (early night) hours.

OrganizationGovernmentLevelCode	<a href="#">j-ncic:ORIGovernmentLevelType</a>	A code that identifies a governmental level of an organization: local, county, state, federal, or nongovernmental.
OrganizationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of an organization based on the type of organization it is, e.g., for a school, this would be a school identifier, for a lien holder, this would be a lien holder identifier, for a court, this would be a court identifier. True if an organization is incorporated (e.g., corporation); false otherwise (e.g., proprietorship or partnership).
OrganizationIncorporatedIndicator	<a href="#">j-xsd:boolean</a>	True if an organization is incorporated (e.g., corporation); false otherwise (e.g., proprietorship or partnership).
OrganizationJurisdiction	<a href="#">JurisdictionType</a>	An area of service or jurisdiction an organization has over a region.
OrganizationLocalID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned on a local level to an organization.
OrganizationLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location of an organization.
OrganizationMember	<a href="#">AffiliateType</a> <a href="#">extends SuperType</a>	A person or organization that has joined an organization.
OrganizationName	<a href="#">TextType</a>	A name of an organization.
OrganizationNightContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information that is valid during night hours.
OrganizationOccupiedStructure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	Indicates that the named organization occupies at least part of the structure.
OrganizationORIID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier assigned to a justice-related organization by the federal government. Sometimes referred to as ORI, ORI code, Originating Agency Code.
OrganizationOtherID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A generic identifier assigned to an organization.
OrganizationParent.Affiliate	<a href="#">AffiliateType</a> <a href="#">extends SuperType</a>	A person or organization that owns, controls, or operates the organization.
OrganizationParent.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization that owns, controls, or operates the organization.
OrganizationPrimaryContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The preferred contact for an individual. Use this designation only when more specific ones (e.g. home or work) are not available.
OrganizationPrincipalOfficial	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A chief or high ranking executive of an organization.
OrganizationStatusText	<a href="#">TextType</a>	An overall status of an organization, e.g., active/inactive/...

OrganizationSubsidiary	<a href="#">AffiliateType</a> <a href="#">extends SuperType</a>	A person or organization that is owned, controlled, or operated by the organization.
OrganizationSubunitName	<a href="#">TextType</a>	A name of a subdivision of a high-level division of an organization, e.g., division.
OrganizationTaxID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A federal tax identifier assigned to an organization. Sometimes referred to as a Federal Employer Identification Number, FEIN, an Employer Identification Number, or an EIN.
OrganizationTerminationDate	<a href="#">j-xsd:date</a>	A date an organization went out of business.
OrganizationTypeCode.ncicORIAgency	<a href="#">j-ncic:ORIAgencyType</a>	A code that identifies the functional type of an organization.
OrganizationTypeCode.ncicTYPO	<a href="#">j-ncic:TYPOType</a>	A code that identifies the functional type of an organization.
OrganizationTypeText	<a href="#">TextType</a>	A general functional type of an organization
OrganizationUnitName	<a href="#">TextType</a>	A name of a high-level division of an organization, e.g., department, agency.
OrganizationUnspecifiedContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information should be used to contact the person under unspecified circumstances.
Parole	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	An added period of control following release from prison.
PartialContent	<a href="#">PartialContentType</a> <a href="#">extends SuperType</a>	A regular expression that accurately describes what part(s) of the content are known or certain and what part(s) are unknown. Uses syntax for "xsd:pattern" facet.
PassagePoint	<a href="#">PassagePointType</a> <a href="#">extends ActivityType</a>	Details about a point of entry or exit to a location or structure.
PassagePointDescriptionText	<a href="#">TextType</a>	A description of an entry or exit point.
PassagePointMethodCode	<a href="#">j-nibrs:MethodOfEntryType</a>	A code identifying a method used to enter or exit through a passage point.
PassagePointMethodText	<a href="#">TextType</a>	A method used to enter or exit through a passage point.
PassagePointSecurityTypeText	<a href="#">TextType</a>	A type of security system or mechanism installed at a point of entry or exit.
PassagePointText	<a href="#">TextType</a>	A point of entry or exit to a location or structure.
PassagePointTypeText	<a href="#">TextType</a>	A type of entry or exit point to a location or structure, e.g., door, window, gate.
Percentage	<a href="#">PercentageType</a> <a href="#">extends SuperType</a>	A fraction or ratio with 100 understood as the denominator. Values are between 0 and 1, inclusive.

Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Describes inherent and frequently associated characteristics of a person.
PersonAccentText	<a href="#">TextType</a>	A description of an accent that a person speaks with.
PersonAccompliceActivity	<a href="#">ActivityType</a> <a href="#">extends SuperType</a>	An activity with which a subject has some relation or degree of involvement
PersonAccompliceWithSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is an accomplice with a subject person.
PersonAcquaintance	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is an acquaintance of the subject.
PersonAdoptedChild	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is an adopted child of the person.
PersonAdoptiveParent	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is an adoptive parent of the person.
PersonAffiliationOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Other organization a person is affiliated with
PersonAFISID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number issued by a local agency (county) Automated Fingerprint Identification System (AFIS) based on submitted fingerprints.
PersonAgeDescriptionText	<a href="#">TextType</a>	A description of the age of a person.
PersonAgeMeasure	<a href="#">AgeMeasureType</a> <a href="#">extends MeasureType</a>	A measurement of the age of a person.
PersonAgeMeasure.Range	<a href="#">RangeAgeMeasureType</a> <a href="#">extends RangeMeasureType</a>	A measurement of the age of a person.
PersonAlias	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A name and set of personal demographics describing the same person using alternative descriptors, e.g., an AKA.
PersonAlternateName	<a href="#">PersonNameType</a> <a href="#">extends SuperType</a>	An alternate name used by a person. Sometimes referred to as an AKA.
PersonAssignedIDDDetails	<a href="#">PersonAssignedIDDDetailsType</a> <a href="#">extends SuperType</a>	A set of details about identifications issued to a person.
PersonAssignmentUnit.EnforcementUnit	<a href="#">EnforcementUnitType</a> <a href="#">extends OrganizationType</a>	The unit assigned to or associated with a person.
PersonAssignmentUnit.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The unit assigned to or associated with a person.
PersonAuthorityFigure	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Indicates that the Subject had a trusted position of authority over associate subject (i.e. priest, teacher, boy scout leader, counselor, therapist, etc.)

PersonBabysittee	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person being watched by the babysitter.
PersonBabysitter	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person performing the babysitting.
PersonBiologicalChild	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is a biological child of the person.
PersonBiologicalParent	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is the biological parent of the person.
PersonBiometricDetails	<a href="#">PersonBiometricDetailsType</a> <a href="#">extends SuperType</a>	A set of details about measurable biological or behavioral characteristics, which can reliably recognize the identity, or verify the claimed identity, of a person. A date a person was born. Details about a place where a person was born.
PersonBirthDate	<a href="#">j-xsd:date</a>	
PersonBirthLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	
PersonBirthPlaceCode	<a href="#">j-ncic:POBType</a>	A code identifying the state or country of a person's birth.
PersonBloodTypeCode	<a href="#">j-ncic:BLTType</a>	A code identifying a person's type of blood, e.g., A positive, O negative.
PersonBloodTypeText	<a href="#">TextType</a>	A person's type of blood, e.g., A positive, O negative.
PersonBodyOdor	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's body odor.
PersonBuildText	<a href="#">TextType</a>	A person's physique or shape.
PersonCapability	<a href="#">CapabilityType</a> <a href="#">extends SuperType</a>	Describes a skill, knowledge, physical or emotional trait of a person. Capability implies either a potential ability or an inability for doing something.
PersonCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A sequence of charges against a person. This context generally includes an index
PersonChild	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is a child of the person.
PersonCircumcisionIndicator	<a href="#">TextType</a>	True if a person is circumcised; false otherwise.
PersonCitizenshipCode.iso3166Alpha2	<a href="#">j-iso_3166:CountryAlpha2CodeType</a>	A code identifying a country that assigns rights, duties, and privileges to a person due to the person's birth or naturalization in that country.
PersonCitizenshipCode.iso3166Alpha3	<a href="#">j-iso_3166:CountryAlpha3CodeType</a>	A code identifying a country that assigns rights, duties, and privileges to a person due to the person's birth or naturalization in that country.

PersonCitizenshipCode.fips10-4	<a href="#">j-fips_10-4:CountryCodeType</a>	A code identifying a country that assigns rights, duties, and privileges to a person due to the person's birth or naturalization in that country.
PersonCitizenshipCode.iso3166Numeric	<a href="#">j-iso_3166:CountryNumericCodeType</a>	A code identifying a country that assigns rights, duties, and privileges to a person due to the person's birth or naturalization in that country.
PersonCitizenshipText	<a href="#">TextType</a>	A country that assigns rights, duties, and privileges to a person due to the person's birth or naturalization in that country.
PersonClothing	<a href="#">ClothingType</a> <a href="#">extends SuperType</a>	Details about an article of clothing worn by a person.
PersonCohabitant	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate shares a common residence with the subject
PersonCommonLawSpouse	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is a common-law spouse of the subject.
PersonComplexionText	<a href="#">TextType</a>	An appearance of a person's skin, e.g., clear, freckled, wrinkled.
PersonDayContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information should be used during daylight hours only.
PersonDeathDate	<a href="#">j-xsd:date</a>	A date a person died or was declared legally dead.
PersonDental	<a href="#">PersonDentalType</a> <a href="#">extends SuperType</a>	Details about the dental characteristics of a person.
PersonDentalCharacteristicGeneralCode	<a href="#">j-ncic:DCHGeneralType</a>	A code identifying a person's general dental characteristics.
PersonDentalCharacteristicGeneralText	<a href="#">TextType</a>	A person's general dental characteristics.
PersonDentalCharacteristicOtherCode	<a href="#">j-ncic:DCHOtherType</a>	A code identifying a person's other dental characteristics.
PersonDentalCharacteristicOtherText	<a href="#">TextType</a>	A person's other dental characteristics.
PersonDentalCharacteristicRemovableAppliances	<a href="#">j-ncic:DCHRemovableAppliancesType</a>	A code identifying a person's removable dental appliance.
PersonDentalCharacteristicRemovableAppliancesText	<a href="#">TextType</a>	A person's removable dental appliance.
PersonDentalCharacteristicRestorationCariesCode	<a href="#">j-ncic:DCHRestorationCariesType</a>	A code identifying a person's dental restoration or caries.
PersonDentalCharacteristicRestorationCariesText	<a href="#">TextType</a>	A person's dental restoration or caries.
PersonDentalCharacteristicStatusCode	<a href="#">j-ncic:DCHStatusType</a>	A code identifying a status of a person's dental characteristics.
PersonDentalCharacteristicStatusText	<a href="#">TextType</a>	A status of a person's dental characteristics.
PersonDentalCharacteristicText	<a href="#">TextType</a>	A visible problem or characteristic of a person's teeth.
PersonDependentQuantity	<a href="#">QuantityType</a> <a href="#">extends NumericType</a>	A number of people dependent upon a person as their primary means of support.

PersonDescriptionText	<a href="#">TextType</a>	A general description of a person.
PersonDetainedLocation.Location	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	The location or structure at which a person is or was detained.
PersonDetainedLocation.Structure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	The location or structure at which a person is or was detained.
PersonDigitalImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	A photograph or image of a person in a digital format.
PersonDigitizedSignatureImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	An image of a person's handwritten signature.
PersonDisguiseDescriptionText	<a href="#">TextType</a>	A description of something misleading that a person wears, e.g., wig, mask, uniform.
PersonDNA	<a href="#">DNAType</a> <a href="#">extends BiometricType</a>	A representation or an encoding of the identifying characteristics of a person's DNA.
PersonDomesticPartner	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is the domestic partner of the subject.
PersonDriverLicenseID	<a href="#">DrivingJurisdictionAuthorityIDType</a> <a href="#">extends IDType</a>	Information about an identifier used to refer to a specific person who has obtained a driver's license. Sometimes referred to as driver license number, dINumber.
PersonDriversLicense	<a href="#">DriverLicenseType</a> <a href="#">extends SuperType</a>	A driver's license.
PersonDrivingIncident	<a href="#">DrivingIncidentType</a> <a href="#">extends IncidentType</a>	A driving accident in which a person is involved.
PersonDrivingInsuranceCoverageTypeText	<a href="#">TextType</a>	A type of insurance coverage a driver of a vehicle has.
PersonDrivingInsuranceStatusText	<a href="#">TextType</a>	The status of a person's driving insurance, e.g., insured, not insured.
PersonEarShape	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's ear shape.
PersonEducationLevelText	<a href="#">TextType</a>	The highest level of education a person has obtained.
PersonEmergencyContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information should be used to contact the person during an emergency only.
PersonEmploymentHistory	<a href="#">EmploymentType</a> <a href="#">extends SuperType</a>	Details about an employment record of a person.
PersonEthnicityCode	<a href="#">i-nibrs:EthnicityCodeType</a>	A code identifying a person's cultural lineage.
PersonEthnicityText	<a href="#">TextType</a>	A person's cultural lineage.
PersonEveningContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information should be used during evening hours (early night) only.
PersonEyeColorCode	<a href="#">i-ncic:EYEType</a>	A code identifying the color of a person's eyes.

PersonEyeColorText	<a href="#">TextType</a>	The color of a person's eyes.
PersonEyewearDescriptionText	<a href="#">TextType</a>	A description of glasses or other eyewear a person wears.
PersonFacialFeatures	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's facial features.
PersonFamilyRelation	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate and the subject are members of the same family, but the precise relationship is not clear or not noted.
PersonFBIID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number issued by the FBI's Automated Fingerprint Identification System (AFIS) based on submitted fingerprints.
PersonFingerGeometry	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's finger geometry.
PersonFingerprintSet	<a href="#">FingerprintSetType</a> <a href="#">extends BiometricType</a>	A representation or an encoding of the identifying characteristics of a set of a persons fingerprints.
PersonFirearmSalesDisqualifiedIndicator	<a href="#">j-xsd:boolean</a>	True if a person is prohibited from purchasing firearms; false otherwise.
PersonFootPrint	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's footprint.
PersonFosterChild	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is a legal foster parent of the subject
PersonFosterParent	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is a legal foster child of the subject
PersonFullName	<a href="#">PersonNameTextType</a> <a href="#">extends TextType</a>	A complete name of a person.
PersonGait	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's gait.
PersonGangAffiliation	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A gang a person is affiliated with
PersonGeneralAppearanceDescriptionText	<a href="#">TextType</a>	A general description of the way a person looks and is presented.
PersonGeneralLedgerID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A general-ledger account number associated with a person.
PersonGivenName	<a href="#">PersonNameTextType</a> <a href="#">extends TextType</a>	A first name of a person.
PersonGuardian	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is a legal guardian of the person.

PersonGuardianRecipient	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who is under the legal guardianship of the person.
PersonHairAppearanceText	<a href="#">TextType</a>	A description of the way a person's hair looks.
PersonHairColorCode	<a href="#">j-ncic:HAIType</a>	A code identifying the color of a person's hair.
PersonHairColorText	<a href="#">TextType</a>	The color of a person's hair.
PersonHairFacialText	<a href="#">TextType</a>	A type of facial hair a person has.
PersonHairLengthText	<a href="#">TextType</a>	A length of hair of a person.
PersonHairStyleText	<a href="#">TextType</a>	A style of a person's hair.
PersonHairTypeText	<a href="#">TextType</a>	A person's type of hair, e.g., fine, straight, curly.
PersonHandednessText	<a href="#">TextType</a>	A hand a person is more adept with using, e.g., left, right, ambidextrous.
PersonHandGeometry	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's hand geometry.
PersonHeightDescriptionText	<a href="#">TextType</a>	A description of the height of a person.
PersonHeightMeasure	<a href="#">PersonHeightMeasureType</a> <a href="#">extends MeasureType</a>	A measurement of the height of a person.
PersonHeightMeasure.Range	<a href="#">RangePersonHeightMeasureType</a> <a href="#">extends RangeMeasureType</a>	A measurement of the height of a person.
PersonHumanResourcesID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A human resources id or assigned number for a person, such as a badge number.
PersonIDTypeCode	<a href="#">j-ncic:MNUType</a>	A code the identifies a type of identifier assigned to a person.
PersonInjury	<a href="#">InjuryType</a> <a href="#">extends SuperType</a>	Details about an injury a person has received.
PersonIntoxication	<a href="#">IntoxicationType</a> <a href="#">extends SuperType</a>	Details about the measurable alcoholic and/or drug intoxication level of a person.
PersonIrisFeatures	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's iris features.
PersonIssuedTitle.PropertyRegistration	<a href="#">PropertyRegistrationType</a> <a href="#">extends SuperType</a>	A title which has been issued to a person.
PersonIssuedTitle.PropertyTitle	<a href="#">PropertyTitleType</a> <a href="#">extends SuperType</a>	A title which has been issued to a person.
PersonJewelryDescriptionText	<a href="#">TextType</a>	A description of jewelry a person wears.
PersonKeystrokeDynamics	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's keystroke dynamics.
PersonLanguageEnglishIndicator	<a href="#">j-xsd:boolean</a>	True if a person understands and speaks English; false otherwise.

PersonLearningDisabilityText	<a href="#">TextType</a>	A learning disability of a person.
PersonLicenseID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A string that identifies a license, certification, or registration of a person for some purpose; may be granted to certify professional occupation or skill, e.g., medical license, pilot license, professional engineer.
PersonLipMovement	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's lip movement.
PersonLivingIndicator	<a href="#">j-xsd:boolean</a>	True if a person is alive, false if a person is dead. This may be useful if death date is not known.
PersonMaidenName	<a href="#">PersonNameTextType</a> <a href="#">extends TextType</a>	An original surname of a person before changed by marriage.
PersonMaritalStatusText	<a href="#">TextType</a>	A marital status of a person, e.g., married, divorced, single, separated.
PersonMarriagePartner	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is legally married to the subject.
PersonMedicalCondition	<a href="#">MedicalConditionType</a> <a href="#">extends SuperType</a>	Details about a specific medical condition a person has or experiences.
PersonMedicalDescriptionText	<a href="#">TextType</a>	A description of the overall health of a person.
PersonMedicalDetails	<a href="#">PersonMedicalDetailsType</a> <a href="#">extends SuperType</a>	A set of details about the medical condition of a person.
PersonMedicalFileIndicator	<a href="#">j-xsd:boolean</a>	True if a state or province medical history file is known to exist for a person; false otherwise. The presence of a file dose not necessarily indicate that there is a medical issue that impacts a person's driving ability.
PersonMedicationRequiredText	<a href="#">TextType</a>	A medication and dosage required for a person.
PersonMentalStateText	<a href="#">TextType</a>	A mental state of a person.
PersonMiddleName	<a href="#">PersonNameTextType</a> <a href="#">extends TextType</a>	A middle name of a person.
PersonMilitarySummary	<a href="#">MilitarySummaryType</a> <a href="#">extends SuperType</a>	Summary details about the service of a person in the military.
PersonModusOperandi	<a href="#">ActivityType</a> <a href="#">extends SuperType</a>	A methodology of action, particularly a criminal action, known to be routinely associated with a persons crimes.
PersonMoodDescriptionText	<a href="#">TextType</a>	A description of a person's mood or emotions.
PersonName	<a href="#">PersonNameType</a> <a href="#">extends SuperType</a>	A name by which a person is known.
PersonNameInitialsText	<a href="#">TextType</a>	A first letter of a person's given, possibly middle, and last names.

PersonNameSoundexText	<a href="#">TextType</a>	A name encoding such that similar sounding names with different spellings appear the same.
PersonNationalID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A general ID that identifies a person within a country but is not based on fingerprint.
PersonNationalityCode.iso3166Alpha2	<a href="#">i-iso_3166:CountryAlpha2CodeType</a>	A code identifying the country in which a person was born.
PersonNationalityCode.iso3166Alpha3	<a href="#">i-iso_3166:CountryAlpha3CodeType</a>	A code identifying the country in which a person was born.
PersonNationalityCode.fips10-4	<a href="#">i-fips_10-4:CountryCodeType</a>	A code identifying the country in which a person was born.
PersonNationalityCode.iso3166Numeric	<a href="#">i-iso_3166:CountryNumericCodeType</a>	A code identifying the country in which a person was born.
PersonNationalityText	<a href="#">TextType</a>	The country in which a person was born.
PersonNeighbor	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is a neighbor of the subject.
PersonNightContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information should be used during night hours only. If there is no evening contact, this information may be used during the evening as well.
PersonOtherID	<a href="#">PersonOtherIDType</a> <a href="#">extends IDType</a>	Information about an identifier with a type that is not explicitly defined in the standard that refers to a person within a certain domain, e.g., state ID cards or other non-license and non-fingerprint based IDs.
PersonPalmPrint	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's palm print.
PersonParent	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associated person is a parent of the main person. Use this context when a more specific relationship is not relevant or not important
PersonPhysicalDetails	<a href="#">PersonPhysicalDetailsType</a> <a href="#">extends SuperType</a>	A set of details about the physical appearance of a person.
PersonPhysicalDisabilityText	<a href="#">TextType</a>	A physical disability of a person.
PersonPhysicalFeature	<a href="#">PhysicalFeatureType</a> <a href="#">extends SuperType</a>	Details about a physical feature of a person. Includes scars, marks, and tattoos.
PersonPrefixName	<a href="#">TextType</a>	A title or honorific used by a person, e.g., Dr., Judge, General, Ms.
PersonPrimaryLanguageCode.iso639-2t	<a href="#">i-iso_639-2t:LanguageCodeType</a>	A code identifying a language that a person is most comfortable using.
PersonPrimaryLanguageCode.iso639-2b	<a href="#">i-iso_639-2b:LanguageCodeType</a>	A code identifying a language that a person is most comfortable using.
PersonPrimaryLanguageText	<a href="#">TextType</a>	A language that a person is most comfortable using.
PersonPrimaryWorker	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A primary social worker or other overseer assigned to a person that is not a caregiver.

PersonRaceCode	<a href="#">j-ncic:RACType</a>	A code identifying the race of a person.
PersonRaceText	<a href="#">TextType</a>	A classification of a person based on factors such as geographical locations and genetics.
PersonReferralWorker	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Employee of State assigned to the particular juvenile
PersonRegisteredOffenderIndicator	<a href="#">j-xsd:boolean</a>	True if a person is required to register as an offender; false otherwise.
PersonReligionText	<a href="#">TextType</a>	A religion to which a person subscribes or believes. Describes the overall category of a person's spiritual beliefs.
PersonResidentCode	<a href="#">j-nibrs:ResidentCodeType</a>	A code identifying a type of residence a person has in an area such as a city, town, or community.
PersonResidentText	<a href="#">TextType</a>	A type or description of a persons residence, e.g., local, resident, non-resident.
PersonRetina	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's retina.
PersonSaliva	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's saliva.
PersonSecondaryLanguageCode.iso639-2t	<a href="#">j-iso_639-2t:LanguageCodeType</a>	A code identifying a language that a person has some knowledge of and can speak or understand to some degree.
PersonSecondaryLanguageCode.iso639-2b	<a href="#">j-iso_639-2b:LanguageCodeType</a>	A code identifying a language that a person has some knowledge of and can speak or understand to some degree.
PersonSecondaryLanguageText	<a href="#">TextType</a>	A language that a person has some knowledge of and can speak or understand to some degree.
PersonSemen	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's semen.
PersonSexCode	<a href="#">j-ncic:SEXTYPE</a>	A code identifying the gender or sex of a person.
PersonSexText	<a href="#">TextType</a>	The gender or sex of a person.
PersonSexualOrientationText	<a href="#">TextType</a>	Describes a target gender of a person's sexual interest.
PersonSkinToneCode	<a href="#">j-ncic:SKNType</a>	A code identifying a color or tone of a person's skin
PersonSkinToneText	<a href="#">TextType</a>	A color or tone of a person's skin.
PersonSocialDetails	<a href="#">PersonSocialDetailsType</a> <a href="#">extends SuperType</a>	A set of details about the social characteristics of a person.

PersonSocialFriend	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is a friend of the subject, in a social setting. This includes relationships such as "boy friend" and "girl friend".
PersonSpeechDescriptionText	<a href="#">TextType</a>	A description of any impediments that affect a person's speech, e.g., stutter, cleft palate.
PersonSpeechPattern	<a href="#">BiometricType</a> <a href="#">extends SuperType</a>	A representation or an encoding of the identifying characteristics of a person's speech pattern.
PersonSpouse	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The associate is a spouse of the subject. Used when the legal status of the relationship (marriage, common-law) is not known.

PersonWeightDescriptionText	<a href="#">TextType</a>	A description of the weight of a person.
PersonWeightMeasure	<a href="#">PersonWeightMeasureType</a> <a href="#">extends MeasureType</a>	A measurement of the weight of a person.
PersonWeightMeasure.Range	<a href="#">RangePersonWeightMeasureType</a> <a href="#">extends RangeMeasureType</a>	A measurement of the weight of a person.
PersonWorkContact	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	The contact information should be used when the person is expected to be or might be at work.
PersonWorkLocation.Location	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	The work address or structure of a person. This association is used when the person's employer is not known. If the employer is known, use an Organization which in turn has a Location.
PersonWorkLocation.Structure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	The work address or structure of a person. This association is used when the person's employer is not known. If the employer is known, use an Organization which in turn has a Location.

PersonXRayImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	An X-Ray image of a person or part of a person.
PhysicalFeatureCategoryText	<a href="#">TextType</a>	A general classification or categorization of a physical feature, e.g., scar, mark, tattoo, missing limb.
PhysicalFeatureDescriptionText	<a href="#">TextType</a>	A description of a physical feature.
PhysicalFeatureImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	A digital image of a physical feature, e.g., tattoo.
PhysicalFeatureLocationText	<a href="#">TextType</a>	A location of a physical feature on a person's body.
PhysicalFeatureTypeCode	<a href="#">j-ncic:SMTType</a>	A code identifying a type of physical feature.
PhysicalFeatureTypeText	<a href="#">TextType</a>	A type of physical feature within a category, e.g., for a tattoo type, this could be animal, flag.
Plea	<a href="#">PleaType</a> <a href="#">extends ActivityType</a>	Details about an answer which a defendant in an action at law makes to the State's charges, e.g., Guilty, Not Guilty, for adult, Admit, Deny for juvenile.
PleaDescriptionText	<a href="#">TextType</a>	A description of a plea.
PleaGuiltyIndicator	<a href="#">j-xsd:boolean</a>	True if a person admits guilt in relation to a charge; false otherwise.
PleaNegotiatedIndicator	<a href="#">j-xsd:boolean</a>	True if a plea is negotiated with the prosecution; false otherwise.
PleaNoContestIndicator	<a href="#">j-xsd:boolean</a>	True if a person is willing to accept the consequences of a charge without admitting guilt or innocence; false otherwise.
PleaRecommendationText	<a href="#">TextType</a>	A recommended plea agreement for violent, most serious, or armed offenses.
PleaTypeCode	<a href="#">j-ut_offender:PleaTypeCodeType</a>	A code to indicate a type of plea.
PreviousSentence	<a href="#">SentenceType</a> <a href="#">extends ActivityType</a>	An old sentence term and conditions that have since been replaced by an amended sentence.
PrimaryContactInformation	<a href="#">ContactInformationType</a> <a href="#">extends SuperType</a>	Information on a preferred or primary contact mechanism.
Probation	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	A judicial requirement that a person fulfill certain conditions of behavior in lieu of jail time.
Program	<a href="#">ProgramType</a> <a href="#">extends SupervisionType</a>	Details about projects, programs, or services designed to reduce a person's likelihood for committing crimes or to improve their understanding of laws and consequences.
ProgramAction	<a href="#">EventType</a> <a href="#">extends SuperType</a>	An project or service of a program.

ProgramAdministrator.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization that runs a program.
ProgramAdministrator.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization that runs a program.
ProgramCapacityText	<a href="#">j-xsd:integer</a>	A maximum number of people that can be enrolled in a program at a time..
ProgramCondition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	A condition that must be met in order for a person to remain in a program.
ProgramFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	A place where a program is located.
ProgramPubliclyRunIndicator	<a href="#">j-xsd:boolean</a>	True if a program is run in the public sector; false if the program is run privately.
ProgramPurposeText	<a href="#">TextType</a>	A purpose or reason for a program.
ProgramReferral	<a href="#">ReferralType</a> <a href="#">extends ActivityType</a>	A direction from a person or organization to a subject to attend a program.
ProgramRelease	<a href="#">ReleaseType</a> <a href="#">extends ActivityType</a>	Details about how a subject left a program. Could describe program completion, removal.
ProgramResidentialIndicator	<a href="#">j-xsd:boolean</a>	True if a subject is to reside at a program's facility during the duration of a program; false otherwise.
ProgramSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who attends a program.
ProgramSupervisedIndicator	<a href="#">j-xsd:boolean</a>	True if a subject will be officially supervised during the duration of a program; false otherwise.
ProgramSupervisor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization that makes sure a program runs according to standards.
ProgramSupervisor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization that makes sure a program runs according to standards.
Progress	<a href="#">ProgressType</a> <a href="#">extends ActivityType</a>	Details about a tracking of progression or changes made in an assigned activity.
ProgressComplianceIndicator	<a href="#">j-xsd:boolean</a>	True if a reported progress is acceptable according to the terms set; false otherwise.
ProgressComplianceText	<a href="#">TextType</a>	A description of the compliance or non-compliance of a person with an activity.
ProgressPaymentAmountText	<a href="#">TextType</a>	A description of the amount of payment a person has made against a fee, fine, restitution, surcharge, etc.
ProgressTimeAmountText	<a href="#">TextType</a>	A description of the amount of time a person has spent making progress in an activity.

Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A tangible or intangible item that can be owned or used.
PropertyActionText	<a href="#">TextType</a>	An action that was taken against a property item.
PropertyAgeMeasure	<a href="#">AgeMeasureType</a> <a href="#">extends MeasureType</a>	An age of a property item.
PropertyAssignedIDDetails	<a href="#">PropertyAssignedIDDetailsType</a> <a href="#">extends SuperType</a>	Information about a set of identifiers assigned to a property item.
PropertyBarCodeID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A bar code assigned to a property item.
PropertyBinary	<a href="#">BinaryType</a> <a href="#">extends SuperType</a>	A binary representation of a property item, e.g., encoded video or audio file.
PropertyBrandName	<a href="#">TextType</a>	A trademark or distinctive name that identifies a manufacturer of a property item.
PropertyCategoryCode.nibrsPropertyCategory	<a href="#">j-nibrs:PropertyCategoryCodeType</a>	A code identifying a category or classification of a property item.
PropertyCategoryCode.ncicTYP	<a href="#">j-ncic:TYPArticleCategoryType</a>	A code identifying a category or classification of a property item.
PropertyCategoryText	<a href="#">TextType</a>	A category or classification of a property item.
PropertyColorDescriptionText	<a href="#">TextType</a>	A description of the overall color of a property item.
PropertyConditionText	<a href="#">TextType</a>	A state or appearance of a property item, e.g., new, used, damaged.
PropertyContainedInStructure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	The structure in which a property item is currently in or on.
PropertyCurrentResaleValue	<a href="#">PropertyValue</a> <a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	A current monetary value or worth of a property item for which it could be sold.
PropertyDealerID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to a property item by a dealer.
PropertyDescriptionText	<a href="#">TextType</a>	A description of a property item.
PropertyDetail	<a href="#">PropertyDetailType</a> <a href="#">extends SuperType</a>	Details about a feature or characteristic of a property item.
PropertyDetailCode	<a href="#">j-ncic:TYPAType</a>	A code identifying a feature or characteristic of a property item.
PropertyDetailDescription	<a href="#">TextType</a>	A description of a feature or characteristic of a property item.
PropertyDetailText	<a href="#">TextType</a>	A feature or characteristic of a property item.
PropertyDisposition	<a href="#">PropertyDispositionType</a> <a href="#">extends ActivityType</a>	Details about what has happened to a property item.

PropertyDispositionCode	<a href="#">j-nibrs:PropertyLossCodeType</a>	A code that identifies what happened to a property item, e.g., towed, released, seized, unrecoverable, missing, stolen.
PropertyDispositionLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location of a property item after it has been processed.
PropertyDispositionProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A description of the property item being processed.
PropertyFederalID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A federal identifying number assigned to a property item.
PropertyHeightMeasure	<a href="#">LengthMeasureType</a> <a href="#">extends MeasureType</a>	An overall height of a property item.
PropertyHoldingOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that currently is in possession of a property item.
PropertyImage	<a href="#">ImageType</a> <a href="#">extends BinaryType</a>	An encoding of a digital picture of a property item.
PropertyLengthMeasure	<a href="#">LengthMeasureType</a> <a href="#">extends MeasureType</a>	An overall length of a property item as measured from the front to the rear.
PropertyLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	Details about the location of a property item.
PropertyMakeName	<a href="#">TextType</a>	A name of the manufacturer that produced a property item.
PropertyMissingValue	<a href="#">PropertyValue</a> <a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	A monetary value or worth of a property item that is lost, stolen, being held, or is otherwise missing.
PropertyModelName	<a href="#">TextType</a>	A specific design or type of product made by a manufacturer.
PropertyMovingOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that moved a property item, e.g., a towing company.
PropertyNCICID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier assigned to a property item by the FBI National Crime Information Center.
PropertyOtherID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A miscellaneous identification number for a property item.
PropertyOtherValue	<a href="#">PropertyValue</a> <a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	An additional monetary value of a property item.
PropertyOwner.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Details about a person or organization which own a property item.
PropertyOwner.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Details about a person or organization which own a property item.

PropertyOwnerAppliedID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	Information about a name or number applied to a property item by the owner. This may be an engraving on the property item or may be used to identify a fleets equipment number.
PropertyOwnerPurchasedValue	<a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	An amount of money a current owner paid to purchase a property item.
PropertyPhysicalDetails	<a href="#">PropertyPhysicalDetailsType</a> <a href="#">extends SuperType</a>	Details about a property items physical structures such as make, model, length, and color.
PropertyPossessionDescriptionText	<a href="#">TextType</a>	A description of how or why a party other than the owner came to possess a property item.
PropertyPossessor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Details about a person or organization other than the owner that has possession of a property item. Can also refer to a towing company for a vehicle.
PropertyPossessor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Details about a person or organization other than the owner that has possession of a property item. Can also refer to a towing company for a vehicle.
PropertyQuantity	<a href="#">QuantityType</a> <a href="#">extends NumericType</a>	A count or number of similar pieces or units that make up a property item, e.g. to indicate three bags of drugs were found, set PropertyQuantity=3 and quantityUnitText=bags.
PropertyReceiptID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier issued to a property item when taken into custody by a justice official or organization.
PropertyRecoveredValue	<a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	A monetary value or worth of a property item that has been returned to an owner or possessor after having been missing.
PropertyRegistration	<a href="#">PropertyRegistrationType</a> <a href="#">extends SuperType</a>	Details about registering a property item with an authority.
PropertySeizedLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	The location where property was seized.
PropertySeizer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	The person or organization who seized a property item.
PropertySeizer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	The person or organization who seized a property item.
PropertySeizure	<a href="#">PropertySeizureType</a> <a href="#">extends ActivityType</a>	Details about a removal of property from the possession of a person or organization and placed in custody of the justice system.
PropertySeizureDisposition	<a href="#">DispositionType</a> <a href="#">extends SuperType</a>	Details about how a property item was processed or handled after being seized.

PropertySeizureMethodText	<a href="#">TextType</a>	A method by which a property item was removed from a person's possession and taken into custody.
PropertySeizureOwningPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who owns a property item that was seized.
PropertySeizurePossessingPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who had possession of a property item when it was seized.
PropertySeizureProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that was seized.
PropertySeizurePropertyHoldingOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that holds or stores a property item that has been seized.
PropertySeizureReleaseConditionText	<a href="#">TextType</a>	A condition that, if met, will allow a seized property item to be released back to its owner.
PropertySeizureSeizingEnforcementOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	A peace official that seized a property item.
PropertySeizureWarrant	<a href="#">WarrantType</a> <a href="#">extends CourtOrderType</a>	A warrant that was required to remove property from a person's possession.
PropertySerialID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifying number inscribed on or attached to a part, collection of parts, or complete unit by the manufacturer.
PropertySizeDescriptionText	<a href="#">TextType</a>	A description of the size or physical dimension of a property item.
PropertyStatelD	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A state-assigned identification to a property item.
PropertyStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a property item. Describes if the property is being held, is stolen, missing, recovered, damaged, no change.
PropertyStyleText	<a href="#">TextType</a>	A style of a property item.
PropertyTitle	<a href="#">PropertyTitleType</a> <a href="#">extends SuperType</a>	Details about property ownership and purchase.
PropertyTitleHolder.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization who holds the actual title on a property item, e.g., a bank may hold a vehicle title.
PropertyTitleHolder.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization who holds the actual title on a property item, e.g., a bank may hold a vehicle title.
PropertyTotalDamageValue	<a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	A monetary value or worth of damage that occurred to a property item.
PropertyTypeCode.nibrsArresteeWeapon	<a href="#">j-nibrs:ArresteeWeaponCodeType</a>	A code that identifies a type of property.
PropertyTypeCode	<a href="#">j-ncic:TYPAType</a>	A code that identifies a type of property.
PropertyTypeText	<a href="#">TextType</a>	A type of property.

PropertyUsageText	<a href="#">TextType</a>	A description of how a property item is used.
PropertyValue	<a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	Details about an estimation, account, or appraisal of a property item's actual monetary value.
PropertyValueAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A monetary value of a property item.
PropertyValueAssigningMethodText	<a href="#">TextType</a>	A method used in assigning a value to a property item, e.g., fair market value, estimate, reported, appraised value.
PropertyValueAssigningOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that assigns a value to a property item.
PropertyValueAssigningPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person that assigns a value to a property item.
PropertyValueDate	<a href="#">j-xsd:date</a>	A date a value of a property item was assigned or became effective.
PropertyValueDescriptionText	<a href="#">TextType</a>	A description of a monetary value of a property item.
PropertyValueDetails	<a href="#">PropertyValueDetailsType</a> <a href="#">extends SuperType</a>	Details about the value of a property item.
PropertyValueTaxIncludedIndicator	<a href="#">j-xsd:boolean</a>	True if taxes were included in the property value; false otherwise.
PropertyVisibleID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A license number or other visible identifier. For a vehicle, this is the plate number. For a boat, this is the registration number visible on the outside of the hull. For aircraft, this is the aircraft registration number visible on the tail or the rear of the fuselage.
PropertyWeaponIndicator	<a href="#">j-xsd:boolean</a>	True if a property item is a weapon, e.g., firearm or knife; false otherwise.
PropertyWeaponUsageIndicator	<a href="#">j-xsd:boolean</a>	True if a property item not traditionally thought of as a weapon was used as such, e.g., a vehicle used to hit a person; false otherwise.
PropertyWeaponUseText	<a href="#">TextType</a>	A way a property item was used as a weapon.
PropertyWeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	A measurement of the weight of a property item.
PropertyWidthMeasure	<a href="#">LengthMeasureType</a> <a href="#">extends MeasureType</a>	An overall width of a property item as measure from side to side.
PropertyYearDate	<a href="#">j-xsd:gYear</a>	The model year of a property item.
ProsecutionCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A charge filed by a prosecuting attorney. May be different from or the same as the original arrest charge.

ProtectionOrder	<a href="#">ProtectionOrderType</a> <a href="#">extends CourtOrderType</a>	A civil order, issued by a court, protecting one individual from another.
ProtectionOrderConditionCode	<a href="#">j-ncic:PCOType</a>	A code identifying a specific type of protection order.
ProtectionOrderRestrictedPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person that a subject is restricted from having any contact with as defined in a protection order.
Quantity	<a href="#">QuantityType</a> <a href="#">extends NumericType</a>	A representation of a quantity.
RangeMaximumMeasure	<a href="#">MeasureType</a> <a href="#">extends SuperType</a>	A maximum measure value on a range measure.
RangeMeasure	<a href="#">RangeMeasureType</a> <a href="#">extends SuperType</a>	A minimum - maximum range between two measured values.
RangeMinimumMeasure	<a href="#">MeasureType</a> <a href="#">extends SuperType</a>	A minimum measure value on a range measure.
Rate	<a href="#">RateType</a> <a href="#">extends MeasureType</a>	A representation of the measurement of a rate.
RealEstate	<a href="#">RealEstateType</a> <a href="#">extends PropertyType</a>	Details about a piece of real estate.
RealEstateAcreageText	<a href="#">TextType</a>	An amount of land measured in acres.
RealEstateAttachedStructure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	A structure attached or affixed to real estate.
RealEstateBoundaryDescriptionText	<a href="#">TextType</a>	A description of the boundary or real property limits.
RecurringObligation	<a href="#">RecurringObligationType</a> <a href="#">extends ObligationType</a>	A recurring payment obligation that must be met on a periodical basis.
Referral	<a href="#">ReferralType</a> <a href="#">extends ActivityType</a>	Details about a directing of a person to a relevant service or product.
ReferralActivity	<a href="#">ActivityType</a> <a href="#">extends SuperType</a>	An activity or service a person is directed to attend or perform.
ReferralCourtOrder	<a href="#">CourtOrderType</a> <a href="#">extends ActivityType</a>	A court order that issues a referral for a person.
ReferralDesignation.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or agency to which a person has been referred.
ReferralDesignation.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or agency to which a person has been referred.
ReferralIssuer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization who directs a person to a relevant service or product.
ReferralIssuer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization who directs a person to a relevant service or product.

ReferralMandatoryIndicator	<a href="#">j-xsd:boolean</a>	True if a referral is required; false if a referral is optional.
ReferralProperty	<a href="#">PropertyType</a>	A product or property item to which a person has been directed.
ReferralSubject	<a href="#">extends SuperType</a> <a href="#">SubjectType</a>	A person who is being directed to a relevant service or product.
ReferralSupervisor.Organization	<a href="#">extends PersonType</a> <a href="#">OrganizationType</a>	A person or organization who is responsible for ensuring that a person follows a referral.
ReferralSupervisor.Person	<a href="#">extends SuperType</a> <a href="#">PersonType</a>	A person or organization who is responsible for ensuring that a person follows a referral.
RegisterAction	<a href="#">extends SuperType</a> <a href="#">RegisterActionType</a>	A history of action for a case.
RegisterActionDate	<a href="#">extends SuperType</a> <a href="#">TextType</a>	
RegisterActionDescriptionText	<a href="#">j-xsd:date</a>	A date an action took place in a register of actions.
RegisterActionJudge	<a href="#">TextType</a>	A description of something that happened in a case in a register of actions entry.
RegisterActionTime	<a href="#">CaseOfficialType</a>	An associated judge in a register of actions.
RegisterActionTitle	<a href="#">extends JudicialOfficialType</a>	
RegisteredOffender	<a href="#">j-xsd:time</a>	A time an action took place in a register of actions.
	<a href="#">TextType</a>	A title or type of register of actions entry.
	<a href="#">RegisteredOffenderType</a>	Details about a person that is required to register their residential information with a local law enforcement agency due to having been convicted of a certain type of crime.
	<a href="#">extends PersonType</a>	
RegisteredOffenderConviction	<a href="#">ConvictionType</a>	A conviction that led to a person's status as a registered offender.
RegisteredOffenderCourtOrder	<a href="#">extends ActivityType</a> <a href="#">CourtOrderType</a>	A court order mandating a person register as an offender.
RegisteredOffenderDescription	<a href="#">extends ActivityType</a> <a href="#">TextType</a>	A description of a registered offense for which a person must register.
RegisteredOffenderEndDate	<a href="#">TextType</a>	A date a person no longer must register as an offender.
RegisteredOffenderEntryDate	<a href="#">j-xsd:date</a>	A date a person initially registered as an offender.
RegisteredOffenderID	<a href="#">j-xsd:date</a>	Identification information identifying a person as a certain kind of registered offender.
RegisteredOffenderReportingCriteriaText	<a href="#">IDType</a>	Requirements placed on a registered offender to report to a supervising agency.
RegisteredOffenderReportingProfessionName	<a href="#">extends SuperType</a> <a href="#">TextType</a>	The name of the profession a registered offender must report, e.g., doctor.
RegisteredOffenderStartDate	<a href="#">TextType</a>	A date a person must be registering as an offender.
	<a href="#">j-xsd:date</a>	

RegisteredOffenderTypeText	<a href="#">TextType</a>	An offense for which a person must register as being an offender, e.g. sex. felon.
RegisteredSexOffender	<a href="#">RegisteredOffenderType</a> <a href="#">extends PersonType</a>	A person who is required to register as a sexual offender.
RegisterOfActions	<a href="#">RegisterOfActionsType</a> <a href="#">extends SuperType</a>	A history of actions for a case. May include things such as information about filings, hearings, manually entered notes, and any historical changes in the case. Also known as a case docket sheet, ROA.
RegistrationAuthorityName	<a href="#">TextType</a>	A name of an authority, person, or organization which issued a property registration.
RegistrationDuplicateQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of times proof of property registration is issued with no change in information by the issuing authority. This number may be more than one because a proof may have been lost. This can be used to track duplicates or replacements.
RegistrationEffectiveDate	<a href="#">j-xsd:date</a>	A date the current registration becomes effective. This may or may not be the original registration date.
RegistrationExpirationDate	<a href="#">j-xsd:date</a>	A date the current registration expires.
RegistrationFee	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	An amount of money required to register a property item.
RegistrationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number or text used to uniquely identify a registration certificate or document. Sometimes referred to as a Registration Serial Number.
RegistrationJurisdictionCode.CanadianProvince	<a href="#">j-can:CanadianProvinceCodeType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionCode.fips10-4International	<a href="#">j-fips_10-4:InternationalStateCodeType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionCode.ANSID20Jurisdiction	<a href="#">j-ansi_d20:JurisdictionAuthorityCodeType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionCode.ncicLIS	<a href="#">j-ncic:LISType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionCode.ncicLSTA	<a href="#">j-ncic:LSTAType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionCode.ncicRES	<a href="#">j-ncic:RESType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionCode.USPostalService	<a href="#">j-usps:USStateCodeType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.

RegistrationJurisdictionCode.fips5-2Alpha	<a href="#">j-fips_5-2:USStateCodeType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionCode.fips5-2Numeric	<a href="#">j-fips_5-2:USStateNumericCodeType</a>	A code identifying a state or other jurisdictional unit where a property registration was issued.
RegistrationJurisdictionName	<a href="#">TextType</a>	A name of a state or other jurisdictional area from which a property registration was issued.
RegistrationOutsideJurisdictionIndicator	<a href="#">j-xsd:boolean</a>	True if a property item is found to be registered outside of an agency's immediate jurisdiction when processed, e.g., out-of-state driver's license; false otherwise.
RegistrationParty.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization to whom a registration is issued.
RegistrationParty.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization to whom a registration is issued.
RegistrationProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that is registered, such as a vehicle.
RegistrationStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a registration.
RehabilitationProgram	<a href="#">ProgramType</a> <a href="#">extends SupervisionType</a>	A program designed to improve a person physically. This may include drug rehabilitation, physical rehabilitation, or occupational rehabilitation.
RelativeLocation	<a href="#">RelativeLocationType</a> <a href="#">extends SuperType</a>	Details about how to reach a location relative to a starting point.
RelativeLocationDescriptionText	<a href="#">TextType</a>	A complete description of how to reach a location from a starting point, e.g., "Drive 1 mile north of the Big Chicken"
RelativeLocationDirectionCode	<a href="#">DirectionCodeType</a> <a href="#">extends SuperType</a>	A code identifying a compass direction of the location from a reference point.
RelativeLocationDirectionText	<a href="#">TextType</a>	A relative compass direction of a location or movement from a reference point, e.g., north, north-north-east, S, SW, WNW.
RelativeLocationDistanceText	<a href="#">TextType</a>	A description of the distance of a location from a starting point, e.g., 1 mile.
RelativeLocationHeadingValue	<a href="#">RelativeLocationHeadingType</a> <a href="#">extends SuperType</a>	The compass heading of a direction from a reference location. The range is from 0 (inclusive) to 360 (exclusive).
RelativeLocationReferencePoint	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	Details about a starting point used to reach a location. Can include details about the name, address, contact information, type, and other information.

Release	<a href="#">ReleaseType</a> <a href="#">extends ActivityType</a>	Details about a release or freeing of a person or property item from confinement, holding, or an obligation.
ReleaseFromLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location from which a person is released.
ReleaseIssuer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A justice official or organization which authorizes a release.
ReleaseIssuer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A justice official or organization which authorizes a release.
ReleaseProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item which is released from holding.
ReleaseRecipient.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person, justice official, or organization that receives custody or supervisory authority of a released person or object, e.g., a probation official, half-way house.
ReleaseRecipient.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person, justice official, or organization that receives custody or supervisory authority of a released person or object, e.g., a probation official, half-way house.
ReleaseSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is released from confinement or an obligation.
ReleaseSupervisor.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A justice official or organization which currently has custody over a subject or property item.
ReleaseSupervisor.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A justice official or organization which currently has custody over a subject or property item.
ReleaseToLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location to which a person is released.
Residence	<a href="#">ResidenceType</a> <a href="#">extends LocationType</a>	Details about the place in which a person lives.
ResidenceDescriptionText	<a href="#">TextType</a>	A general description of a place in which a person lives.
ResidenceEndDate	<a href="#">j-xsd:date</a>	A date a person stopped living at a residence.
ResidenceOccupancyTypeText	<a href="#">TextType</a>	A person's type of occupancy of a residence, e.g., owns, rents.
ResidencePaymentAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	An amount of money a person pays each payment period to live at a place of residence. This may include a mortgage payment amount or a rent amount.
ResidencePaymentPeriodText	<a href="#">TextType</a>	An interval or period for which a person is required to make regular residence payments.
ResidenceStartDate	<a href="#">j-xsd:date</a>	A date a person began living at a residence.

ResidenceTypeText	<a href="#">TextType</a>	A type of place at which a person lives, e.g., house, apartment, homeless.
ResidentialStructure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	A structure in which a person or persons live.
RiskReductionFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	A facility other than a detention or correctional facility a subject may be remanded to as part of a condition set by a court or supervising agency. For example, Boot Camp, Halfway House, etc.
RiskReductionProgram	<a href="#">ProgramType</a> <a href="#">extends SupervisionType</a>	A program designed to lower the chance that a person does something illegal or unhealthy or is exposed to situations that may tempt illegal or unhealthy behavior.
SameAs	<a href="#">SuperType</a>	A general equivalence between two object instances (they refer to the same thing).
Sanction	<a href="#">SanctionType</a> <a href="#">extends ActivityType</a>	Details about a sanction or penalty ordered for a subject by a judge or a supervising agency as a result of a disposition of a charge.
SanctionAdultSentenceIndicator	<a href="#">j-xsd:boolean</a>	True if a sanction for an extended jurisdiction juvenile is part of an adult or a juvenile sentence; false otherwise.
SanctionCreditedObligation	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	An amount of money or time requirement of a sanction already paid.
SanctionCreditedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	An amount of time of a sanction already completed.
SanctionDisciplinaryAction	<a href="#">DisciplinaryActionType</a> <a href="#">extends ActivityType</a>	A correction action that is assigned as part of a sanction. This may be enrolling in a risk reduction facility or program, for example.
SanctionFrequencyText	<a href="#">TextType</a>	A frequency with which a sanction is to be met.
SanctionGroupingText	<a href="#">TextType</a>	A way of grouping multiple sanctions. For example, consecutive, concurrent, combined, merged, etc.
SanctionIssuingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A court that sets a sanction.
SanctionJurisdictionalAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A court that has jurisdiction over a sanction.
SanctionProgress	<a href="#">ProgressType</a> <a href="#">extends ActivityType</a>	A tracking of changes in a subject's progress toward fulfillment of the terms of a sanction.
SanctionRelatedChargeDispositionText	<a href="#">TextType</a>	A final version of a disposed Charge. This may be the same or another Charge as the one to which the related Sanction applies.

SanctionRelatedSanctionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A sanction identifier from related court case.
SanctionSentenceDefinitionIndicator	<a href="#">j-xsd:boolean</a>	True if a sanction "defines" a sentence; false otherwise. For adults, any sanction of type fine, incarceration or restitution defines a sentence. For juveniles, any sanction may define a sentence.
SanctionSetDate	<a href="#">j-xsd:date</a>	A date a sanction was set or ordered.
SanctionSetObligation	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	An amount of money or time requirement of a sanction that has been set.
SanctionSetTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	An amount of time of a sanction that has been set.
SanctionStayedObligation	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	An amount of money or time requirement of a sanction that is temporarily suspended.
SanctionStayedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	An amount of time of a sanction that is temporarily suspended.
SanctionSuspendedObligation	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	An amount of money or time requirement of a sanction that is no longer required to be paid.
SanctionSuspendedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	An amount of time of a sanction that is no longer required to be completed.
SanctionTypeText	<a href="#">TextType</a>	A type of sanction, e.g., incarceration, fine, restitution, probation, community service, etc.
ScheduleActivityText	<a href="#">TextType</a>	An activity scheduled for a day or time.
ScheduleDate	<a href="#">j-xsd:date</a>	A date that is scheduled.
ScheduleDay	<a href="#">ScheduleDayType</a> <a href="#">extends ActivityType</a>	Details about a schedule on a day.
ScheduleDayEndTime	<a href="#">j-xsd:time</a>	An ending time of a day on a schedule.
ScheduleDayStartTime	<a href="#">j-xsd:time</a>	A start time of a day on a schedule.
SchedulePerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person with the given schedule.
SearchWarrant	<a href="#">WarrantType</a> <a href="#">extends CourtOrderType</a>	An order signed by a judge authorizing a search of a place or a vehicle. The search warrant is issued for an address where things which may be evidence are to be found.
Security	<a href="#">SecurityType</a> <a href="#">extends PropertyType</a>	Details about a financial instrument such as cash, stock(s) or bond(s).
SecurityClassificationCurrent	<a href="#">ClassificationType</a> <a href="#">extends SuperType</a>	Details about the current classification of information.

SecurityClassificationDowngrade	<a href="#">ClassificationType</a> <a href="#">extends SuperType</a>	Details about downgrading the level of classification of information.
SecurityClassificationInitial	<a href="#">ClassificationType</a> <a href="#">extends SuperType</a>	Details about the original classification of information.
SecurityClassificationUpgrade	<a href="#">ClassificationType</a> <a href="#">extends SuperType</a>	Details about upgrading the level of classification of information.
SecurityCollectionEndDate	<a href="#">j-xsd:date</a>	A date when the ability for a security owner to collect returns from a security expires.
SecurityCollectionStartDate	<a href="#">j-xsd:date</a>	A date when a security owner may collect returns from a security.
SecurityControlText	<a href="#">TextType</a>	A SCI control system or systems that may be applicable to a document, e.g., SI, TK, NONE.
SecurityDateSeriesCode	<a href="#">j-ncic:SDTType</a>	A code identifying a security date or series year.
SecurityDateSeriesText	<a href="#">TextType</a>	A security date or series year.
SecurityDeclassification	<a href="#">ClassificationType</a> <a href="#">extends SuperType</a>	Details about the declassification of information.
SecurityDenominationCode	<a href="#">j-ncic:DENType</a>	A code identifying a value within a series of values reflecting the worth of a security note.
SecurityDenominationText	<a href="#">TextType</a>	A value within a series of values reflecting the worth of a security note.
SecurityDisseminationText	<a href="#">TextType</a>	Dissemination control markings as designated by CAPCO Classification Markings Register, e.g., NOFORN, ORCON, FOUO, SETTEE.
SecurityFGICode	<a href="#">j-iso_3166:CountryAlpha3CodeType</a>	A code that identifies foreign government distribution information included in a United States controlled document.
SecurityFGIText	<a href="#">TextType</a>	Foreign government distribution information or country codes included in a United States controlled document, e.g., "FGI, AUS, DEU", "FGI, DEU, GBR, NATO", "FGI".
SecurityForeignReleasabilityText	<a href="#">TextType</a>	The foreign releasability of information.
SecurityIssuer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A bank, agency, or other authority which issued a security to a person.
SecurityIssuer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A bank, agency, or other authority which issued a security to a person.
SecurityLevelCode	<a href="#">j-dod:SecurityLevelCodeType</a>	A code identifying a level of security of information, e.g., personal, supplier proprietary.

SecurityLevelText	<a href="#">TextType</a>	A level of security of information, e.g., personal, supplier proprietary.
SecurityMetadata	<a href="#">SecurityMetadataType</a> <a href="#">extends SuperType</a>	Describes security information and classification on information.
SecurityNonICMarkingsText	<a href="#">TextType</a>	Non-Intelligence Community markings authorized for use by entities outside of the Intelligence Community as designated by CAPCO Classification Markings Register., e.g., SPECAT, SIOP-ESI, SENSITIVE INFORMATION, LIMDIS.
SecurityTypeCode	<a href="#">j-ncic:TYPSType</a>	A code identifying a type of security.
Sentence	<a href="#">SentenceType</a> <a href="#">extends ActivityType</a>	Details about a punishment resulting from conviction of charges in a court case.
SentenceAggravatedIndicator	<a href="#">j-xsd:boolean</a>	True if aggravating factors were considered during sentencing.
SentenceCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A specific charge in a court case resulting in a sentence.
SentenceCondition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	A description and duration of a sentence component.
SentenceConfinementCreditDayQuantity	<a href="#">QuantityType</a> <a href="#">extends NumericType</a>	Total presentencing days served credited towards sentence term.
SentenceConfinementCreditIndicator	<a href="#">j-xsd:boolean</a>	True if any days served preceding the sentence will be applied to the sentence duration.
SentenceDeferredIndicator	<a href="#">j-xsd:boolean</a>	True if the sentence has been deferred.
SentenceDeferredTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	Details about the deferred term.
SentenceDescriptionText	<a href="#">TextType</a>	A description of the sentence being imposed, e.g., probation, incarceration, public service.
SentenceDetails	<a href="#">SentenceDetailsType</a> <a href="#">extends SuperType</a>	A specific description of the requirements of a sentence.
SentenceGroupingText	<a href="#">TextType</a>	An order to how a sentence must be served, e.g., consecutively, concurrently, or both.
SentenceIssuer.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person, court or other organization which issued a sentence.
SentenceIssuer.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person, court or other organization which issued a sentence.
SentenceModification	<a href="#">SentenceModificationType</a> <a href="#">extends ActivityType</a>	Details about a change made to a sentence.

SentenceModificationAggravatedIndicator	<a href="#">j-xsd:boolean</a>	True if a sentence modification results in a harsher sentence than the original one; false otherwise.
SentenceModificationCharge	<a href="#">ChargeType</a> <a href="#">extends SuperType</a>	A charge for which the sentence was originally set.
SentenceModificationConfinementCreditDayText	<a href="#">j-xsd:integer</a>	An amount of time a person is credited with spending in confinement.
SentenceModificationConfinementCreditIndicator	<a href="#">j-xsd:boolean</a>	True if an offender has credit for already being confined; false otherwise.
SentenceModificationDismissalIndicator	<a href="#">j-xsd:boolean</a>	True if a modification made to a sentence results in the charges being dismissed; false otherwise.
SentenceModificationDismissalRemainingCase	<a href="#">CaseType</a> <a href="#">extends ActivityType</a>	A case that a person is being tried for that is dismissed by a sentence modification.
SentenceModificationDismissalRemainingQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of times a person charged with the same crime has been dismissed by a sentence modification.
SentenceModificationMitigatedIndicator	<a href="#">j-xsd:boolean</a>	True if a sentence modification results in a lesser sentence than the original one; false otherwise.
SentenceModificationOriginalTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	An original length of a sentence.
SentenceModificationParoleIndicator	<a href="#">j-xsd:boolean</a>	True if a modification made to a sentence results in the parole of the offender; false otherwise.
SentenceModificationParoleTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	A portion of a sentence that an offender is to spend on parole.
SentenceModificationProbation	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	A modification made to a sentence that results in the probation of the offender.
SentenceModificationProbationIndicator	<a href="#">j-xsd:boolean</a>	True if a modification made to a sentence results in the probation of the offender; false otherwise.
SentenceModificationRestitutionIndicator	<a href="#">j-xsd:boolean</a>	True if a modification made to a sentence results in the offender being assigned a restitution; false otherwise.
SentenceModificationSuspendedIndicator	<a href="#">j-xsd:boolean</a>	True if a sentence modification results in a portion of a sentence being suspended; false otherwise.
SentenceModificationSuspendedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	A portion of a sentence that is being suspended.
SentenceRegisterSexOffenderIndicator	<a href="#">j-xsd:boolean</a>	True if sex offender registration is required.
SentenceSeverityLevel	<a href="#">SeverityLevelType</a> <a href="#">extends SuperType</a>	A severity level of a sentence.
SentenceSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is being sentenced. Sometimes referred to as an offender.

SentenceSuspendedIndicator	<a href="#">j-xsd:boolean</a>	True if the sentence has been suspended.
SentenceSuspendedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	Details about the suspended term.
SentenceTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	A duration of a sentence. Specified as either a specific term in days-months-years or as a minimum - maximum range.
SentencingGuideline	<a href="#">SentencingGuidelineType</a> <a href="#">extends SuperType</a>	A sentencing guideline used for determining a sanction.
SentencingGuidelineChargeSeverityLevelText	<a href="#">TextType</a>	A sentencing guideline severity level assigned to a charge by a judge or supervising agency.
SentencingGuidelineDepartureReasonText	<a href="#">TextType</a>	A reason a judge departs from a sentencing guideline.
SentencingGuidelineDepartureTypeText	<a href="#">TextType</a>	A type of departure from sentencing guidelines represented by a sentence for a charge. For example, disposition, duration.
SentencingGuidelineMonthsMaximumText	<a href="#">TextType</a>	A maximum sentence, in months, called for by sentencing guidelines.
SentencingGuidelineMonthsMinimumText	<a href="#">TextType</a>	A minimum sentence in months, outlined by sentencing guidelines, which can be imposed by a judge without indicating a reason for departure.
SentencingGuidelineRecommendationMonthsText	<a href="#">TextType</a>	A recommended sentence, in months, called for by sentencing guidelines.
ServiceCall	<a href="#">ServiceCallType</a> <a href="#">extends ActivityType</a>	Details about a call for service received from a person alerting an authority of a situation.
ServiceCallArrivedDate	<a href="#">j-xsd:date</a>	A date a response unit arrived at the scene designated by a call for service.
ServiceCallArrivedTime	<a href="#">j-xsd:time</a>	A time a response unit arrived at the scene designated by a call for service.
ServiceCallAssignedUnit	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A response unit responsible for handling a call for service.
ServiceCallAssistingUnit	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A unit that assists the assigned response unit in handling a call for service.
ServiceCallClearanceText	<a href="#">TextType</a>	A description that identifies the incident conditions or status when a response unit cleared or left the scene designated by a call for service.
ServiceCallClearedDate	<a href="#">j-xsd:date</a>	A date when a response unit cleared or left the scene designated by a call for service.

ServiceCallClearedTime	<a href="#">j-xsd:time</a>	A time when a response unit cleared or left the scene designated by a call for service.
ServiceCallDispatchedDate	<a href="#">j-xsd:date</a>	A date a service call was received by a dispatcher.
ServiceCallDispatchedOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official assigned specifically to handle a call for service.
ServiceCallDispatchedTime	<a href="#">j-xsd:time</a>	A time a service call was received by a dispatcher.
ServiceCallDispatcher	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who determines the course of action to be taken in response to a call for service and sends out appropriate response units as necessary.
ServiceCallMechanismText	<a href="#">TextType</a>	A way in which a call for service is received, e.g., 911, regular phone line, in person, mail, radio, visual, teletype.
ServiceCallOperator	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who receives a call for service.
ServiceCallOriginator	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who places a call for service.
ServiceCallResponseLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where a response unit should be sent to handle a call for service.
ServiceCallResponsePerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who needs the assistance of a response unit from a call for service.
SeverityLevel	<a href="#">SeverityLevelType</a> <a href="#">extends SuperType</a>	Details about a sentencing guideline severity level assigned to a charge by a judge or supervising agency.
SeverityLevelAssignedDate	<a href="#">j-xsd:date</a>	A date on which the severity level was assigned.
SeverityLevelAssignedJudge	<a href="#">JudicialOfficialType</a>	A higher court judge assigned the severity level to the referenced charge.
SeverityLevelCriminalHistoryScoreText	<a href="#">TextType</a>	A criminal history score that is assigned.
SeverityLevelDescriptionText	<a href="#">TextType</a>	A narrative account of a severity level assigned to a charge.
SeverityLevelID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier of a Severity Level. Valid values are: I, II, III, IV, V, VI, VII, VIII, IX, and X.
SeverityLevelIssuingAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A supervising agency that assigned a severity level to a referenced charge.
Status	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A set of details about the condition or status of a person, activity, or object.
StatusDate	<a href="#">j-xsd:date</a>	A date a status was set, effective, or reported.
StatusDescriptionText	<a href="#">TextType</a>	A description of a condition or state of something or someone.

StatusIssuerID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a person or organization which assigns a status.
StatusIssuerText	<a href="#">TextType</a>	A name or code of a person or organization which assigns a status.
StatusText	<a href="#">TextType</a>	A condition or state of something or someone.
StatusTime	<a href="#">j-xsd:time</a>	A time a status was set, effective, or reported.
Statute	<a href="#">StatuteType</a> <a href="#">extends SuperType</a>	Details about a unique identifier of a law, rule, or ordinance within a jurisdiction.
StatuteCodeID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a set of laws for a particular jurisdiction. Sometimes referred to as a code book, legal code, native state code, or law.
StatuteCodeSectionID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier of a section or category within a code book.
StatuteCommentText	<a href="#">TextType</a>	An additional note or comment about a statute.
StatuteDescriptionText	<a href="#">TextType</a>	A description of a statute.
StatuteEnactmentDate	<a href="#">j-xsd:date</a>	A date a statute was enacted and came into effect.
StatuteJurisdiction	<a href="#">JurisdictionType</a>	Details about an area in which a statute applies, e.g., city, state, country.
StatuteKeywordText	<a href="#">TextType</a>	A brief description of a Statute which makes use of "catchwords." This can be used as an aid in finding a correct Statute.
StatuteLevelText	<a href="#">TextType</a>	A level of crime a statute applies to, e.g., Misdemeanor, Gross Misdemeanor, Felony.
StatuteOffenseCode	<a href="#">j-ucr:OffenseCodeType</a>	A code that identifies a criminal offense within a code book. Sometimes referred to as offense code, ordinance number.
StatuteOffenseCode.Minnesota	<a href="#">j-mn_off:OffenseCodeType</a>	A code that identifies a criminal offense within a code book. Sometimes referred to as offense code, ordinance number.
StatuteOffenseEnhancibleIndicator	<a href="#">j-xsd:boolean</a>	True if a statute refers to an offense that may be made more serious due to circumstances related to the incident; false otherwise.
StatuteOffenseID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number or code that identifies a criminal offense within a code book. Sometimes referred to as offense code, ordinance number.
StatuteRepealDate	<a href="#">j-xsd:date</a>	A date a statute was repealed and no longer applied.

StatuteStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A current status of a statute. Includes Repealed, Renumbered, Redefined, etc.
StatuteText	<a href="#">TextType</a>	The full text of a statute or law.
StatuteTypeCode	<a href="#">j-mn_off:StatuteTypeCodeType</a>	A code identifying a type of statute, e.g., Criminal, Procedure.
StatuteTypeText	<a href="#">TextType</a>	A type of statute, e.g., Criminal, Procedure.
Street	<a href="#">StreetType</a> <a href="#">extends SuperType</a>	Details about an intersecting street.
StreetExtensionText	<a href="#">TextType</a>	Any additional parts of a street name that follows the street type and post directional.
StreetFullText	<a href="#">TextType</a>	A complete street reference, e.g., "123 Main Street NW".
StreetName	<a href="#">TextType</a>	A name of a street.
StreetNumberText	<a href="#">TextType</a>	A number that identifies a particular unit or location within a street.
StreetPostdirectionalText	<a href="#">TextType</a>	A direction that appears after a street name.
StreetPredirectionalText	<a href="#">TextType</a>	A direction that appears before a street name.
StreetTypeText	<a href="#">TextType</a>	A type of street, e.g., Street, Boulevard, Avenue, Highway, etc.
Structure	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	Details about a building or construction.
StructureCommercialIndicator	<a href="#">j-xsd:boolean</a>	True if structure is commercial; false is a structure is residential.
StructureContainsProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	The structure currently has the indicated property item in or on it.
StructureGarageForVehicle	<a href="#">VehicleType</a> <a href="#">extends VehicleBasicsType</a>	Indicates that the vehicle is currently or routinely garaged in the structure.
StructureLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A specific location of a structure.
StructureOccupant.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Indicates that the structure is occupied, at least in part, by the indicated organization or person.
StructureOccupant.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Indicates that the structure is occupied, at least in part, by the indicated organization or person.
StructureOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that uses a structure.
StructureResident	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Indicates that the person is one of the residents of the indicated structure.

StructureWorker	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Indicates that the person works in the indicated structure.
SubExhibit	<a href="#">ExhibitType</a> <a href="#">extends SuperType</a>	A part or portion of an exhibit.
Subject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is involved or suspected of being involved in an incident or criminal activity. This person may be the focus of an investigation or legal process, but is not necessarily the sole or primary focus. A weapon a subject is carrying.
SubjectArmedWeapon	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	
SubjectCautionInformationCaveat	<a href="#">TextType</a>	Details regarding cautionary messages about an individual.
SubjectCautionInformationCode	<a href="#">j-ncic:CMCType</a>	A code identifying cautionary information about a subject.
SubjectCriminalOrganizationInvolvementCode	<a href="#">j-ncic:ECRTType</a>	A code identifying a subject's involvement in a criminal organization such as a gang or terrorist group.
SubjectCriminalTraitDetails	<a href="#">CriminalTraitDetailsType</a> <a href="#">extends SuperType</a>	A set of identifying characteristics a subject has with regard to illegal activity.
SubjectDetainmentLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	The specific address of the facility associated with the incarceration. This association is used when there is a specific address for the facility.
SubjectDisciplinaryAction	<a href="#">DisciplinaryActionType</a> <a href="#">extends ActivityType</a>	A disciplinary action which a subject is undergoing.
SubjectID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An assigned number or string that identifies a subject.
SubjectInvolvementCriminalOrganization	<a href="#">CriminalOrganizationType</a> <a href="#">extends OrganizationType</a>	A criminal organization with which a subject is known or suspected of being involved.
SubjectInvolvementPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person with whom a subject is known or suspected of being involved.
SubjectOffenderNoticeCaveat	<a href="#">TextType</a>	Details about other cautions/caveats/notices related to an offender.
SubjectStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A general status of a subject, e.g., arrested, charged, paroled.
SubjectSupervision	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	An incarceration, detention, or other form of supervision a subject is currently undergoing.
SubjectWarrantTypeDescriptionText	<a href="#">TextType</a>	A description of a warrant out for a subject's arrest.
Submission	<a href="#">SubmissionType</a> <a href="#">extends ActivityType</a>	Details about a submission of a document to a recipient.

SubmissionDocument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A document that is submitted.
SubmissionFee	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	A fee or price required to submit a document.
SubmissionReceivedDate	<a href="#">j-xsd:date</a>	A date the receiving party received the document.
SubmissionReceivedTime	<a href="#">j-xsd:time</a>	A time the receiving party received the document.
SubmissionReceiver.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization which receives a document.
SubmissionReceiver.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization which receives a document.
SubmissionSubmittedDate	<a href="#">j-xsd:date</a>	A date a document left the control of the submitting party.
SubmissionSubmittedTime	<a href="#">j-xsd:time</a>	A time a document left the control of the submitting party.
SubmissionSubmitter.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization which submits a document.
SubmissionSubmitter.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization which submits a document.
Summons	<a href="#">CourtOrderType</a> <a href="#">extends ActivityType</a>	A written notification warning a person to appear in court at a specific date and time.
SuperObject	<a href="#">SuperType</a>	The root object in the inheritance hierarchy.
Supervision	<a href="#">SupervisionType</a> <a href="#">extends ActivityType</a>	Details about an act of officially overseeing, supervising, or keeping track in some capacity of a person. Supervision may or may not involve incarceration, conditions, and treatment.
SupervisionAgency	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An agency responsible for supervising a subject.
SupervisionAreaID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identification of an area or block within a supervision facility a subject is assigned.
SupervisionAssessment	<a href="#">AssessmentType</a> <a href="#">extends ActivityType</a>	An assessment of a person in or entering supervision.
SupervisionAssignedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	Details about the duration of time a person has been assigned to be under supervision.
SupervisionBedID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identification of a bed within a supervision facility cell a subject is assigned.
SupervisionBoardActionDocument	<a href="#">DocumentType</a> <a href="#">extends SuperType</a>	A form specifying an action to take that is filed by the board of a supervisory agency. Sometimes referred to as board action form, baf.

SupervisionCautionText	<a href="#">TextType</a>	A warning, caution, or risk associated with supervising a person.
SupervisionCellID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identification of a cell housing within a supervision facility a subject is assigned.
SupervisionClassificationDate	<a href="#">j-xsd:date</a>	A date a person under supervision is classified.
SupervisionCondition	<a href="#">ConditionType</a> <a href="#">extends ActivityType</a>	A condition that must be met for a person to remain in supervision.
SupervisionConditionalRelease	<a href="#">ConditionalReleaseType</a> <a href="#">extends ReleaseType</a>	A provisional release of a subject that requires defined conditions to be met to prevent the supervision from being reinstated.
SupervisionCurrentIndicator	<a href="#">j-xsd:boolean</a>	True if a subject is currently under supervision; false otherwise.
SupervisionCustodyStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of the custody of a person under supervision.
SupervisionCustodyTransfer	<a href="#">CustodyTransferType</a> <a href="#">extends ActivityType</a>	A transfer of a subject from the supervision of one facility, agency, or official to the supervision of another.
SupervisionDisciplinaryAction	<a href="#">DisciplinaryActionType</a> <a href="#">extends ActivityType</a>	A self-improving or restitutorial activity that must or may be performed by a person under supervision.
SupervisionFacility	<a href="#">FacilityType</a> <a href="#">extends OrganizationType</a>	A facility at which a subject is being supervised.
SupervisionFee	<a href="#">ObligationType</a> <a href="#">extends SuperType</a>	A description of a charge assigned to a person under supervision.
SupervisionFelonyOffenseIndicator	<a href="#">j-xsd:boolean</a>	True if a subject is incarcerated for a felony offense; false if a person is incarcerated for a misdemeanor.
SupervisionGoodDaysCreditText	<a href="#">TextType</a>	A number a days a subject is credited spending with good behavior under supervision.
SupervisionIntensiveIndicator	<a href="#">j-xsd:boolean</a>	True if a subject requires more effort in supervising than normal; false otherwise.
SupervisionIsolationIndicator	<a href="#">j-xsd:boolean</a>	True if a subject should be kept apart from other members being supervised; false otherwise.
SupervisionJurisdiction	<a href="#">JurisdictionType</a>	An area or location within which a person must remain in while under supervision.
SupervisionLevelCode	<a href="#">j-ut_offender:SupervisionLevelCodeT</a>	A code that identifies the basic level of supervision required by a person: intensive, normal, minimal, none.
SupervisionLevelText	<a href="#">TextType</a>	A level of supervision required by a person.
SupervisionMandatoryIndicator	<a href="#">j-xsd:boolean</a>	True if a supervision of a person is required; false if a supervision is optional.

SupervisionModifiedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	Modified or changed details about the duration of time a person is assigned to spend under supervision.
SupervisionOfficial	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official who is responsible for supervising a subject.
SupervisionOtherLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location other than a facility at which a person under supervision is located.
SupervisionReinstatementDate	<a href="#">j-xsd:date</a>	A date that a supervision is reinstated.
SupervisionRelease	<a href="#">ReleaseType</a> <a href="#">extends ActivityType</a>	A complete and unrestricted release of a subject from a supervision.
SupervisionRestriction	<a href="#">SupervisionRestrictionType</a> <a href="#">extends ActivityType</a>	Details about a restriction on a supervised person.
SupervisionRestrictionBehaviorText	<a href="#">TextType</a>	A behavior a supervised person is restricted from doing, e.g., no drugs or alcohol.
SupervisionRestrictionCode	<a href="#">j-ut_offender:SupervisionRestrictionC</a>	A code identifying a supervision restriction.
SupervisionRestrictionLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location a supervised person is restricted from going to, e.g., a restricted address.
SupervisionRestrictionPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person a supervised person is restricted from involvement, e.g., a no-contact person.
SupervisionSelfImposedIndicator	<a href="#">j-xsd:boolean</a>	True if a person voluntarily agreed to supervision; false otherwise.
SupervisionServedTerm	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	Details about the duration of time a person has actually spent under supervision.
SupervisionSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who is being supervised.
SupervisionSubjectResponsibilityText	<a href="#">TextType</a>	A job or responsibility a subject holds within a supervision facility.
SupervisionSubjectStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a person under supervision.
SupervisionViolationText	<a href="#">TextType</a>	A violation of a condition or rule of a person while under supervision.
SupervisionVisitation	<a href="#">VisitationType</a> <a href="#">extends ActivityType</a>	A visit from a person to a subject.
Suspect	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person suspected of illegal activity.
Target	<a href="#">TargetType</a> <a href="#">extends SuperType</a>	Details about a target or object against which an action is taken.

TargetDescriptionText	<a href="#">TextType</a>	A description of a target or object for which an action taken.
TargetLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location that is a target of an action.
TargetName	<a href="#">TextType</a>	A name or a target or object for which an action is taken.
TargetOrganization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization that is a target of an action.
TargetPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person that is a target of an action.
TargetProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item that is a target of an action.
TargetReasonText	<a href="#">TextType</a>	An explanation of why a target was chosen for action.
TargetTypeText	<a href="#">TextType</a>	A type of target or object for which an action is taken.
TelephoneAreaCodeID	<a href="#">j-xsd:string</a>	A dialing code for a state or province for phone numbers in the USA, Canada, Mexico, and the Caribbean.
TelephoneCityCodeID	<a href="#">j-xsd:string</a>	A dialing code for a city.
TelephoneCountryCodeID	<a href="#">j-xsd:string</a>	An international dialing code for a country.
TelephoneExchangeID	<a href="#">j-xsd:string</a>	The first three digits of a base telephone number. Usually represents a central telephone switch.
TelephoneNumber	<a href="#">TelephoneNumberType</a> <a href="#">extends SuperType</a>	Details about a number to be dialed to reach a contact.
TelephoneNumberCommentText	<a href="#">TextType</a>	An additional comment about a telephone number.
TelephoneNumberFullID	<a href="#">j-xsd:string</a>	A full length telephone identifier to be used when a number cannot be broken down into its subcomponents.
TelephoneSubscriberID	<a href="#">j-xsd:string</a>	The last four digits of a base telephone number. Identifies the individual circuit within an exchange.
TelephoneSuffixID	<a href="#">j-xsd:string</a>	Additional numbers to be entered to direct a call to the appropriate place. Includes extensions, answering system navigation codes, and PINs.
Term	<a href="#">TermType</a> <a href="#">extends ActivityType</a>	Details about a duration length specified as either a specific term in days-months-years or as a minimum - maximum range.
TermDuration	<a href="#">j-xsd:duration</a>	A specific range or duration of a term.
TermMaximumDuration	<a href="#">j-xsd:duration</a>	A maximum range or duration for a term.
TermMinimumDuration	<a href="#">j-xsd:duration</a>	A minimum range or duration for a term.
Text	<a href="#">TextType</a>	A representation of a string value.

TimeMeasure	<a href="#">TimeMeasureType</a> <a href="#">extends MeasureType</a>	A representation of the measurement of an amount of time.
TimeObligation	<a href="#">TimeObligationType</a> <a href="#">extends ObligationType</a>	An obligation or requirement on a person's time, which may be associated with a disciplinary action, e.g., community service.
TimeObligationDueDuration	<a href="#">j-xsd:duration</a>	An amount of time of a time obligation that has not been spent.
TimeObligationPaidDuration	<a href="#">j-xsd:duration</a>	An amount of time that has been spent to fulfill a time obligation.
TimeObligationTotalDuration	<a href="#">j-xsd:duration</a>	A total amount of time that must be spend in order to meet an obligation, e.g., community service.
TitleDuplicateQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A total number of title documents issued where the titling information is unchanged (may be called duplicate or replacement, depending on the state) by the current titling jurisdiction (e.g., because a title was lost).
TitleID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number used to uniquely identify a certificate of title to a property item. Assigned by a titling jurisdiction authority.
TitleIssueDate	<a href="#">j-xsd:date</a>	A date on which a jurisdictions titling authority issued a title to the owner of the property item.
TitleIssuingAuthorityName	<a href="#">TextType</a>	An authority which issued a title.
TitleLienIndicator	<a href="#">j-xsd:boolean</a>	True if a lien exists on the titled property or vehicle. A value of true indicates the property item can be used as a payment to the owners debtors.
TitleParty.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A person or organization to whom a title is issued.
TitleParty.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person or organization to whom a title is issued.
TitleProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	A property item such as a vehicle for which a title is issued.
TitleReplacesTitle	<a href="#">PropertyTitleType</a> <a href="#">extends SuperType</a>	A title issued as a replacement to another title.
TitleStatusCode	<a href="#">j-ansi_d20:TitleStatusCodeType</a>	A code identifying a most recent known status recorded for a title.
TitleStatusText	<a href="#">TextType</a>	A most recent known status recorded for a title.
TitleTypeText	<a href="#">TextType</a>	A type of title issued.
TowingCompany	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	A company that tows vehicles. Sometimes referred to as wreckers.

UpperBound	<a href="#">TextType</a>	An allowable upper bound on a numeric point estimate.
UTMCoordinate	<a href="#">UTMCoordinateType</a> <a href="#">extends SuperType</a>	A coordinate from the Universal Transverse Mercator (UTM) Coordinate System, which is a projected rectangular coordinate system that divides the world into 60 north and south zones, each zone six degrees wide.
UTMCoordinateID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A complete Universal Transverse Mercator coordinate value. The value is specified as the concatenation of UTMGridZoneID, UTMGridZoneSquareID, UTMEastingValue, and UTMNorthingValue.
UTMDatumID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	Identifies a datum standard for the coordinates. The datum standard identifies the spatial reference system - the set of numbers that represent the size and shape of the Earth.
UTMEastingValue	<a href="#">j-xsd:integer</a>	A distance east within a UTM zone. The precision of the value is based on the number of digits. Has the same number of digits as UTMNorthingValue.
UTMGridZoneID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique alphanumeric identifier of a UTM grid zone. Also known as Grid Zone Designator, GZD.
UTMGridZoneSquareID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A two-letter pair that identifies a specific 100,000 meter squared region within a UTM grid zone.
UTMNorthingValue	<a href="#">j-xsd:integer</a>	A distance north within a UTM zone. The precision of the value is based on the number of digits. Has the same number of digits as UTMEastingValue.
Vehicle	<a href="#">VehicleType</a> <a href="#">extends VehicleBasicsType</a>	Details about a motor-driven conveyance designed to carry its operator, passengers, and cargo, including trailers, and excepting boats.
VehicleAxleQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A count of common axles of rotation of one or more wheels of a vehicle, whether power driven or freely rotating.
VehicleBasics	<a href="#">VehicleBasicsType</a> <a href="#">extends PropertyType</a>	Details about a vehicle, boat, aircraft, or other object used to provide a physical mode of transportation
VehicleBrand	<a href="#">VehicleBrandType</a> <a href="#">extends SuperType</a>	A brand issued to a vehicle.
VehicleBrandCode	<a href="#">j-ansi_d20:BrandCodeType</a>	A code providing information about the brand applied to the title or odometer.
VehicleBrandDamagePercentageTypeCode	<a href="#">j-ansi_d20:BrandDamagePercentage</a>	An indicator of whether the Percentage of Damage is the actual value applied to a specific vehicle or is the threshold level applied by a state.

VehicleBrandDamagePercentageTypeText	<a href="#">TextType</a>	An indicator of whether the Percentage of Damage is the actual value applied to a specific vehicle or is the threshold level applied by a state.
VehicleBrandDate	<a href="#">j-xsd:date</a>	A date a brand was applied or obtained. If the brander applying the brand is a titling jurisdiction, this field represents the date the brand was applied. Otherwise (the brander is either an insurance carrier, junk yard, or salvage yard), this field represents the date obtained.
VehicleBrander	<a href="#">VehicleBranderType</a> <a href="#">extends OrganizationType</a>	An organization that brands a vehicle.
VehicleBrandSalvagePercentage	<a href="#">PercentageType</a> <a href="#">extends SuperType</a>	A percentage of damage (in terms of the extent that the fair salvage value plus the cost of repairing the vehicle for legal operation exceeds the fair market value of the vehicle prior to the incident causing the damage) a vehicle must sustain to be branded as 'Salvage'.
VehicleBrandText	<a href="#">TextType</a>	A brand applied to the vehicle title or odometer.
VehicleBrandVehicleDispositionCode	<a href="#">j-ansi_d20:BrandVehicleDispositionCode</a>	A code identifying the disposition of the vehicle as documented by the junk yard or salvage yard.
VehicleBrandVehicleDispositionText	<a href="#">TextType</a>	A disposition of the vehicle as documented by the junk yard or salvage yard.
VehicleBrandVehicleSourceName	<a href="#">TextType</a>	A name of the individual or organization from whom the (insurance carrier, junk yard or salvage yard) brander obtained the vehicle.
VehicleCargoText	<a href="#">TextType</a>	Goods or cargo that is transported by a vehicle.
VehicleColorInteriorText	<a href="#">TextType</a>	A color of the interior of a vehicle.
VehicleColorPrimaryCode	<a href="#">j-ncic:VCOType</a>	A code identifying a single, upper-most, front-most, or majority color of a vehicle.
VehicleColorPrimaryText	<a href="#">TextType</a>	A single, upper-most, front-most, or majority color of a vehicle.
VehicleColorSecondaryCode	<a href="#">j-ncic:VCOType</a>	A code identifying the lower-most or rear-most color of a two-tone vehicle or the lesser color of a multi-colored vehicle.
VehicleColorSecondaryText	<a href="#">TextType</a>	A lower-most or rear-most color of a two-tone vehicle or a lesser color of a multi-colored vehicle.
VehicleCurrentWeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	An observed, estimated, or measured weight of the conveyance.
VehicleDoorQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of doors of a vehicle.

VehicleEmissionInspection	<a href="#">VehicleEmissionInspectionType</a> <a href="#">extends VehicleInspectionType</a>	Details about an inspection of a vehicle that tests if the emissions exceed the legal limit.
VehicleEmissionInspectionQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of times a vehicle goes through an emissions inspection.
VehicleEngineCylinderQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A count of the cylinders contained in the engine of a vehicle. If the vehicle has a rotary engine, a value of '99' is used.
VehicleEngineDisplacementMeasure	<a href="#">VehicleEngineDisplacementMeasureType</a> <a href="#">extends MeasureType</a>	The engine displacement of a vehicle.
VehicleEngineHorsepowerQuantity	<a href="#">j-xsd:integer</a>	The engine horsepower of a vehicle.
VehicleEngineID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier stamped on an engine by a manufacturer.
VehicleEnginePowerDisplacementText	<a href="#">EnginePowerDisplacementType</a> <a href="#">extends SuperType</a>	An engine power or displacement of a vehicle.
VehicleEngineQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of engines on a vehicle.
VehicleFirstSoldYearDate	<a href="#">j-xsd:gYear</a>	A calendar year in which a vehicle was first sold.
VehicleFuelTypeCode	<a href="#">j-ansi_d20:VehicleFuelTypeCodeType</a>	A code that identifies a type of fuel or motive power used to propel a vehicle.
VehicleFuelTypeText	<a href="#">TextType</a>	A type of fuel or motive power used to propel a vehicle.
VehicleGarage	<a href="#">StructureType</a> <a href="#">extends PropertyType</a>	Indicates that the vehicle is currently or routinely garaged in the indicated structure.
VehicleGarageIndicator	<a href="#">j-xsd:boolean</a>	True if a vehicle is normally stored in a garage; false otherwise.
VehicleGrossLadenSumWeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	A sum of values specified by the manufacturer(s) for a truck tractor or trailer for the units that make up a combination. In the absence of a value specified by the manufacturer, an estimate of the gross vehicle weight of a fully loaded unit may be submitted.
VehicleGrossLadenUnitWeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	A value specified by the manufacturer for a single unit truck, truck tractor, or trailer. In the absence of a value specified by the manufacturer, an estimate of the gross vehicle weight of a fully loaded unit may be submitted.

VehicleID	<a href="#">DrivingJurisdictionAuthorityIDType</a> <a href="#">extends IDType</a>	A unique combination of alphanumeric characters that identifies a specific vehicle. A vehicle identification number is normally imprinted by the manufacturer and attached to the vehicle in specific locations, but is occasionally assigned by titling or registration agencies. Sometimes referred to as a VIN, VIN number.
VehicleInspection	<a href="#">VehicleInspectionType</a> <a href="#">extends ActivityType</a>	Details about an Inspection refers to a safety, emissions, or type of inspection which may be required by a DMV prerequisite to vehicle registration. Inspection data is recorded by a DMV.
VehicleInspectionAddress	<a href="#">AddressType</a> <a href="#">extends SuperType</a>	Address details for an inspection facility.
VehicleInspectionEmissionCertificationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A unique identifier that appears on an emissions certificate, e.g., inspection smog certificate.
VehicleInspectionEmissionPassIndicator	<a href="#">j-xsd:boolean</a>	True if the emission readings of a vehicle passed an emission inspection; false if the readings failed the inspection.
VehicleInspectionInspectorID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A jurisdiction-assigned code identifying the person or station that performed the emissions inspection.
VehicleInspectionJurisdictionAuthorityCode	<a href="#">j-ansi_d20:JurisdictionAuthorityCode1</a>	A code of the authority which has jurisdiction over the location where the inspection is performed.
VehicleInspectionJurisdictionAuthorityText	<a href="#">TextType</a>	A name of the authority which has jurisdiction over the location where the inspection is performed.
VehicleInspectionSafetyPassIndicator	<a href="#">j-xsd:boolean</a>	True if a vehicle passed a safety inspection; false if the vehicle failed the safety inspection.
VehicleInspectionSmogCertificateCode	<a href="#">j-ansi_d20:SmogCertificateCodeType</a>	A code that specifies whether or not the vehicle has a current smog certificate
VehicleInspectionStationID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A station number performing the inspection.
VehicleInspectionTestTypeText	<a href="#">TextType</a>	A type of test used to conduct an inspection.
VehicleInvoiceDate	<a href="#">j-xsd:date</a>	A date on which the vehicle was invoiced by the manufacturer to the purchaser.
VehicleInvoiceID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A manufacturer-assigned number affixed to the paperwork when the manufacturer ships the vehicle.
VehicleLeaseIndicator	<a href="#">j-xsd:boolean</a>	True if a vehicle is leased; false otherwise.
VehicleLicensePlateID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	License plate associated with a vehicle

VehicleMakeCode	<a href="#">j-ncic:VMAType</a>	A code identifying the manufacturer of a vehicle.
VehicleMaximumLoadWeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	A maximum load weight intended for the vehicle to transport, assigned at the point of manufacture. It is normally known as the Gross Vehicle Weight Rating (GVWR). It is applied to pickups, single unit trucks and trailers.
VehicleModelCode	<a href="#">j-ncic:VMOType</a>	A code identifying the specific design or type of vehicle made by a manufacturer. Sometimes referred to as the series model.
VehicleModelCodeText	<a href="#">TextType</a>	A code denoting a family of vehicles within a vehicle make which has a degree of similarity in construction, such as body, chassis, etc. The field does not necessarily contain a standard code; it may contain a value provided by the originator (the manufacturer) of the field.
VehicleModelYearDate	<a href="#">j-xsd:gYear</a>	A year which is assigned to a vehicle by the manufacturer.
VehicleMSRPAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A manufacturer's suggested retail price of a vehicle. Includes the manufacturer-installed standard equipment and suggested delivery and handling, excluding transportation, state, and local taxes.
VehicleOdometerReadingMeasure	<a href="#">OdometerReadingMeasureType</a> <a href="#">extends MeasureType</a>	A reading of a vehicle odometer to the nearest mile or kilometer.
VehicleOwnershipTypeText	<a href="#">TextType</a>	A type of ownership of a vehicle, e.g., owned, rented, financed.
VehiclePaperMCOIssuedIndicator	<a href="#">j-xsd:boolean</a>	True if a paper copy of the manufacturers certificate of origin was sent from the manufacturer to the purchaser of the vehicle; false otherwise.
VehiclePart	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	Details about a part or component of a vehicle.
VehiclePartBrandCode	<a href="#">j-ncic:BRAType</a>	A code identifying a brand name or manufacturer name of a vehicle part.
VehiclePartBrandName	<a href="#">TextType</a>	A brand name or manufacturer name of a vehicle part.
VehiclePartCategoryCode	<a href="#">j-ncic:CATTType</a>	A code identifying a category of a vehicle part.
VehiclePartCategoryText	<a href="#">TextType</a>	A category of a vehicle part.
VehiclePartDescriptionText	<a href="#">TextType</a>	A description of a vehicle part.
VehiclePartID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	An identifier assigned to a vehicle part.

VehiclePassengerSafeQuantity	<a href="#">j-xsd:integer</a>	The total safe passenger capacity in a vehicle, accounting for both number of seats and standing room.
VehicleRegistration	<a href="#">VehicleRegistrationType</a> <a href="#">extends PropertyRegistrationType</a>	Details about a registration of a vehicle.
VehicleRegistrationDecal	<a href="#">DecalType</a> <a href="#">extends SuperType</a>	Details about a sticker attached to a permanent registration plate on a vehicle when it is renewed for the current year.
VehicleRegistrationGrossWeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	An unladen weight of a vehicle (e.g., single-unit truck, truck combination) plus the weight of the maximum load for which vehicle registration fees have been paid within a particular jurisdiction.
VehicleRegistrationLocation	<a href="#">LocationType</a> <a href="#">extends SuperType</a>	A location where a vehicle is registered.
VehicleRegistrationPermenantIndicator	<a href="#">j-xsd:boolean</a>	True if a registration for a vehicle is permanent; false if a registration is temporary.
VehicleRegistrationPlateBackgroundText	<a href="#">TextType</a>	A background image and/or colors of a vehicle license plate.
VehicleRegistrationPlateColorCode	<a href="#">j-ansi_d20:RegistrationPlateColorCode</a>	A code identifying a color of a vehicle registration plate or license plate.
VehicleRegistrationPlateColorText	<a href="#">TextType</a>	A color of a vehicle registration plate or license plate.
VehicleRegistrationPlateID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number on a metal plate fixed to a vehicle. The purpose of a license plate number is to identify uniquely each vehicle in a state.
VehicleRegistrationPlateTypeCode	<a href="#">j-ncic:LITType</a>	A code identifying a type of registration plate or license plate of a vehicle.
VehicleRegistrationPlateTypeText	<a href="#">TextType</a>	A type of registration plate or license plate of a vehicle.
VehicleRegistrationStatus	<a href="#">StatusType</a> <a href="#">extends SuperType</a>	A status of a vehicle registration.
VehicleRegistrationStatusCode	<a href="#">j-ansi_d20:RegistrationStatusCodeType</a>	A code identifying the most recent activity recorded for a registration.
VehicleRegistrationStatusDetailCode	<a href="#">j-ansi_d20:RegistrationStatusDetailCode</a>	A code describing additional details about a registration status.
VehicleRegistrationStatusDetailText	<a href="#">TextType</a>	Additional details about a registration status.
VehicleRentalIndicator	<a href="#">j-xsd:boolean</a>	True if a vehicle is rented; false otherwise.
VehicleSafetyInspection	<a href="#">VehicleSafetyInspectionType</a> <a href="#">extends VehicleInspectionType</a>	Details about an inspection of the safety of a vehicle.

VehicleSalesTaxPercentage	<a href="#">PercentageType</a> <a href="#">extends SuperType</a>	A tax rate as a percentage used for computing the sales tax on the purchase of a vehicle or vessel.
VehicleSeatingQuantity	<a href="#">j-xsd:nonNegativeInteger</a>	A number of seats available for passengers (including the operator) in a vehicle.
VehicleShipDate	<a href="#">j-xsd:date</a>	A date on which the vehicle was shipped by the manufacturer to the purchaser.
VehicleStyleCode	<a href="#">j-ncic:VSTType</a>	A code identifying the style of a vehicle.
VehicleTaxableAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A monetary amount used as the tax basis for a vehicle
VehicleTitle	<a href="#">VehicleTitleType</a> <a href="#">extends PropertyTitleType</a>	Details about the ownership and purchase of a vehicle.
VehicleTitleDocumentTypeCode	<a href="#">j-ansi_d20:VehicleTitleDocumentType</a>	A code that identifies the type or kind of an individual title document.
VehicleTitlePurchaseDate	<a href="#">j-xsd:date</a>	A date a current owner purchased a vehicle.
VehicleTitlePurchasePriceAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A price a current owner paid to purchase a vehicle.
VehicleTitleSalesTaxAmount	<a href="#">AmountType</a> <a href="#">extends decimal</a>	A sales tax charged on a purchase of a vehicle.
VehicleTitleSalesTaxPercentage	<a href="#">PercentageType</a> <a href="#">extends SuperType</a>	A tax rate used for computing sales tax on a vehicle.
VehicleTitleTaxableValue	<a href="#">PropertyValueType</a> <a href="#">extends SuperType</a>	A dollar value used to compute the taxes on a vehicle.
VehicleTowedIndicator	<a href="#">j-xsd:boolean</a>	True if vehicle is towed; false otherwise.
VehicleTower	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	An organization (towing company) that tows a vehicle.
VehicleTransmissionTypeCode	<a href="#">j-ansi_d20:VehicleTransmissionType</a>	A code identifying a type of transmission unit in a vehicle.
VehicleTransmissionTypeText	<a href="#">TextType</a>	A type of transmission unit in a vehicle
VehicleUnladenWeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	A weight of the vehicle fully equipped for service, not including the weight of the payload (e.g., empty weight). The unladen weight is Sometimes referred to as the scale weight.
VehicleUseCode	<a href="#">j-ansi_d20:VehicleUseCodeType</a>	A code identifying a way a vehicle is used.
VehicleUseText	<a href="#">TextType</a>	A way a vehicle is used.
VehicleVINAText	<a href="#">TextType</a>	A combination of vehicle make and model, derived from Polk's VINA software.
VehicleWantedIndicator	<a href="#">j-xsd:boolean</a>	True if a vehicle is being searched for by law enforcement; false otherwise.

Verdict	<a href="#">VerdictType</a> <a href="#">extends ActivityType</a>	Details about a finding related to a charge. For example, Guilty, Not Guilty, or Not Guilty By Reason Of Insanity Or Mental Illness for adults or Proven Delinquent or Not Proven Delinquent for juveniles. A date a verdict was given.
VerdictDate	<a href="#">j-xsd:date</a>	A date a verdict was given.
VerdictDescriptionText	<a href="#">TextType</a>	A description of a verdict. For example, Guilty, Not Guilty, Proven Delinquent, Not Proven Delinquent, etc.
VerdictDispositionDate	<a href="#">j-xsd:date</a>	A date of a verdict disposition.
VerdictDispositionName	<a href="#">TextType</a>	A name of a disposition of a verdict. For example, Judgement, Pardon, Expunge, etc.
VerdictIssuingCourt	<a href="#">CourtType</a> <a href="#">extends OrganizationType</a>	A court which issued a verdict.
VerdictIssuingJudge	<a href="#">JudicialOfficialType</a>	A judge which issued a verdict.
VerdictIssuingJudgeIndicator	<a href="#">j-xsd:boolean</a>	True if a verdict was issued by a judge or a jury; false otherwise.
VerdictSubject	<a href="#">SubjectType</a> <a href="#">extends PersonType</a>	A person who received a verdict.
Victim.Organization	<a href="#">OrganizationType</a> <a href="#">extends SuperType</a>	Details about a person, organization, or other entity who suffers injury, loss, or death as a result of an incident. This is the object of a crime or tort.
Victim.Person	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	Details about a person, organization, or other entity who suffers injury, loss, or death as a result of an incident. This is the object of a crime or tort.
Victim.Property	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	Details about a person, organization, or other entity who suffers injury, loss, or death as a result of an incident. This is the object of a crime or tort.
VictimAffectedProperty	<a href="#">PropertyType</a> <a href="#">extends SuperType</a>	Details about a victims property that was stolen or damaged.
VictimDispositionText	<a href="#">TextType</a>	Describes what happens to the victim after the incident, e.g., went home, went to the hospital.
VictimEntity	<a href="#">VictimType</a> <a href="#">extends SuperType</a>	Details about a person, organization, or other entity who suffers injury, loss, or death as a result of an incident. This is the object of a crime or tort.
VictimID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number or string identifying a victim.
VictimInjury	<a href="#">InjuryType</a> <a href="#">extends SuperType</a>	Details about an injury received by a victim due to an incident.

VictimMedicalTreatmentRequiredIndicator	<a href="#">j-xsd:boolean</a>	True if a victim needed medical treatment after an incident.
VictimOffenseChargeCode	<a href="#">j-ucr:OffenseCodeType</a>	A code identifying a charge representing an offense committed against a person.
VictimOffenseChargeText	<a href="#">TextType</a>	A charge representing an offense committed against a person.
VictimSeeksProsecutionIndicator	<a href="#">j-xsd:boolean</a>	True if a victim wants the alleged suspect prosecuted in a court of law.
VictimTypeCode	<a href="#">j-nibrs:VictimTypeCodeType</a>	A code identifying a type of victim an offense was committed against.
VictimTypeText	<a href="#">TextType</a>	A type of victim an offense was committed against.
Violation	<a href="#">IncidentType</a> <a href="#">extends ActivityType</a>	A non-conformance with a rule, law, or condition.
Visitation	<a href="#">VisitationType</a> <a href="#">extends ActivityType</a>	Details about a record of a person visiting a person under restricted access. This could be a family member visiting an incarcerated person, a non-custodial parent visiting a child.
VisitationPurposeText	<a href="#">TextType</a>	A purpose or reason for a visit.
VisitationRestrictedAccessPerson	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person under restricted access who receives a visit.
VisitationRestrictedAccessReasonText	<a href="#">TextType</a>	A reason why a person is under restricted access to a visitor.
VisitationSupervisingOfficial.Enforcement	<a href="#">EnforcementOfficialType</a> <a href="#">extends PersonType</a>	An official who supervised a visit.
VisitationSupervisingOfficial.Judicial	<a href="#">JudicialOfficialType</a>	An official who supervised a visit.
VisitationVisitor	<a href="#">PersonType</a> <a href="#">extends SuperType</a>	A person who visits a person under restricted access.
VisitationVisitorRelationshipText	<a href="#">TextType</a>	A relationship of a visitor to a restricted access person.
Warrant	<a href="#">WarrantType</a> <a href="#">extends CourtOrderType</a>	An authorization for an enforcement official to perform a specified action such as arresting a person or searching a residence.
WarrantAppearanceBail	<a href="#">BailType</a> <a href="#">extends ActivityType</a>	Details about a monetary condition placed on a person to ensure appearance in court.
WarrantAppearanceBailForfeitText	<a href="#">TextType</a>	A reason an appearance bond was forfeited in connection to a warrant.
WarrantExtraditionLimitationCode	<a href="#">j-ncic:EXLType</a>	A code identifying the type of limitation placed on the extradition of a subject from an area outside the immediate jurisdiction of the issuing court.

WarrantExtraditionLimitationText	<a href="#">TextType</a>	Limitations place on the extradition of a subject from an area outside the immediate jurisdiction of the issuing court.
WarrantExtraditionStateName	<a href="#">TextType</a>	A state an arrest warrant specifies that a subject is to be extradited from.
WarrantFurtherProcessingText	<a href="#">TextType</a>	An area a warrant went to for further processing or service, e.g., marshal, federal.
WarrantLevelText	<a href="#">TextType</a>	An offense level associated with a warrant to be served, e.g., Felony or Misdemeanor.
WarrantProbableCauseText	<a href="#">TextType</a>	A justification for securing a warrant.
WeightMeasure	<a href="#">WeightMeasureType</a> <a href="#">extends MeasureType</a>	A representation of the measurement of a weight.
Witness	<a href="#">WitnessType</a> <a href="#">extends PersonType</a>	Details about a person who has observed an incident. A person whose declaration under oath or affirmation is received or designated to be offered as evidence for any purpose.
WitnessAccountDescriptionText	<a href="#">TextType</a>	A description or narrative of an incident as reported by the witness.
WitnessDate	<a href="#">j-xsd:date</a>	A date a witness observed an incident.
WitnessID	<a href="#">IDType</a> <a href="#">extends SuperType</a>	A number or string identifying a witness.
WitnessLocationDescriptionText	<a href="#">TextType</a>	A description of a location from which the witness observed an incident.
WitnessReportVerifiedIndicator	<a href="#">j-xsd:boolean</a>	True if a witness's story has been corroborated or validated; false otherwise.
WitnessSpecialConditionText	<a href="#">TextType</a>	A special condition a witness requires to testify.
WitnessTime	<a href="#">j-xsd:time</a>	A time a witness observed an incident.
WitnessWillTestifyIndicator	<a href="#">j-xsd:boolean</a>	True if a witness is willing to testify; false otherwise.
